Durham lacrosse boys came over on Monday and played a lacrosse match with the club here, which resulted 2 to 1 in favor of Durham. The play on either side was not brilliant. It was described by an onlooker as a chopping match.

License Commissioners Campbell, Pye, McGill and McCullough met at Munshaw's hotel on Tuesday to take into consideration the transfer of a license at Holland Centre. The transfer was not completed but the request will no doubt be granted.

A barn belonging to D. and R. Roberts, 12th con., Osprey, was burned to the ground on Monday evening, together with fifteen acres of wheat, sett of sleighs and 8,000 feet of lumber. The fire was caused by a spark from a threshing engine. There was some insurance but we have not learned how much.

A picnic party from Egremont, Edge Hill, Hayward's Falls and Durham, came to grief while driving through town on Thursday last on their way to Eugenia. A young man named Allan attempted to pass another member of the party when the wheels came into collision and the horses bolted. One of the horses ran into a third rig standing in front of Mr. Wilson's butcher shop and the buggy came to a sudden stop against a lamp post. Allan's rig veered to the right and got mixed up with a road grader standing on the side of the street. Allan was pulled out from under the debris pretty badly bruised and with buttonhole bouquet drooping. Two of the young ladies were thrown out, one having her arm considerably peeled. The three rigs were sadly demoralized with broken shafts, dished wheels, broken and bent ironwork, and torn tops. D. McTavish's staff of men went to work and from 10.30 o'clock until 7 p.m. were busy putting the rigs in shape to draw the unfortunates home. The three young ladies belonging to the damaged vehicles doubled up with others and went on to the picnic at Eugenia but their young men stayed in town all day and looked after repairs. There is a moral somewhere in this tale and probably Mr. Allan could explain wherein it lies.

Mr. John Galbraith, who lived about two miles northwest of Flesherton on the Toronto and Sydenham road, was found dead beside the road in front of the late George Stewart's farm, about 10.30 o'clock on Friday night last. Mr. C. C. James of Priceville was driving through from Markdale and about half a mile from the village met a horse walking leisurely along drawing a light wagon, without a driver. A little further on he discovered a body lying beside the road. Mr. W. Sinclair came along a minute after and the body was identified as that of Mr. Galbraith. Dr. Carter was hastily summoned but found life extinct. Deceased had a cut on top of his head but this was not considered sufficient to cause death, and it is thought heart failure was responsible and that deceased was probably dead before he fell from the rig. It was not thought necessary to hold an inquest. Deceased had been out at the Station with his horse and light wagon, and after stopping in this village for some time left for home. This was the last seen of him alive. The body was conveyed to his home and the interment took place to Flesherton cemetery on Sunday afternoon under the auspices of the Orange body, of which deceased was an old member, being connected with the Orange Valley lodge. The funeral cortege was one of the largest ever seen in Flesherton. Deceased was 69 years of age and leaves a widow and a grown up family of six sons and one daughter to mourn his terribly sudden death. The deceased was born in Londonderry, Ireland, in 1831, and came to Canada with his parents at the age of 14 years. His children are, James, William, Joseph, Thomas and Bessie, in the state of Michigan; Burney of Owen Sound, and Charley of Flesherton. Mr. Galbraith had been for 45 years a member of the Orange Valley L.O.L.

A special freight train which left Owen Sound at 9 o'clock Tuesday evening, with E. McConnell as engineer, fireman Wallace, conductor German and brakesman Grimes, met with a serious mishap near Arnott, caused by running over a cow, which was lying on the track. The engine ran off the track, as well as two cars of cattle, sheep and hogs, which were attached to the coal tender. The other cars did not leave the track. Fireman Wallace was badly injured. In his attempt to jump clear of the engine he was caught and fell beneath the wreck. The conductor, brakesman and engineer escaped with slight injury. Quite a number of cattle and hogs were killed, and others badly injured. Assistance was immediately sent for to Owen Sound and an auxiliary was despatched to the scene of the accident with Dr. Cameron, the company's surgeon, and Mr. A. B. Rutherford, the resident house surgeon at the general hospital. Fireman Wallace was removed to Chatsworth, where he will receive every possible attention, but it is feared he cannot recover as he has several bones broken and is badly injured internally.—O.
