"Farewell mother, sad and lonely,
Rest thee on thy bed of clay;
Kindred spirits, angels holy,
Rove thy homeward soul away.

Laid in yonder icy halls;
And above thy peaceful slumber
Many a shower of sorrow falls."

PLANER AND KAYSER'S NOISLESS SEWING MACHINES!

Manufactured under 12 different Patents.

GENERAL AGENTS FOR CANADA:

L. C. MENDON, 8 King-st., East.

These Sewing Machines are the most ingenious and complete piece of mechanism ever invented or offered to the public, at prices within the reach of all, ranging from $40 to $80 each, and guaranteed twelve months to purchasers.

The following are a few reasons why the Planer and Kayser Sewing Machines should become universally known and appreciated:—

1st. They are easier to learn than any other machine.
2nd. The work, when done, is strong, durable and handsome.
3rd. Heavy leather work can be sewed with the Manufacturing Machine; also, light and heavy tailoring in beautiful style.
4th. All varieties of work done on the Family Machine, from the finest Muslins to the coarsest Pilot Cloth, elegantly, and with despatch
5th. Running, Tucking, Felling, Hemming, Braiding, and gathering can be worked on these machines very quick and neat.
6th. The tables are so arranged that no oil can fall on the dress of the operator.
7th. There are no Cog or Gear Wheels to make the unpleasant noise and rattle when working these machines. In fact, they are the most durable and perfect in their action, making the least noise of any Shuttle Machine ever brought before the public.

We invite all to call and examine the Machines, whether they intend buying or not.

N. B.—We have a few Patterson & Irwin Shuttle machines left, which are the same designs, and manufactured at the same place as the Irwin & White's machines, Belleville, which we will sell cheap in lots of one or more, at $30 00 each.
