Columbia Grafonolas

Records, Needles, Catalogues

The Columbia is the perfect talking machine. Compare all others, then hear this and we are not afraid of the result. We can sell machines on easy terms to responsible people.

All the best appointed city homes have their parlor machines and there is no reason why the farmer should not have the best music of the day in his home, including band music, vocal artists, and performers on all kinds of instruments. You can have it on a Columbia Grafonola, as perfect as the original, and for much less than you would pay for a Common Organ. They range from $20 up.

The Perfect Columbia

Is a marvel of recording instruments and the Columbia records, made in Canada, embrace thousands of selections from which to choose.

SWP means Sherwin-Williams Paint (Prepared). This is the best paint for you to use because it is made of pure materials—pure lead, pure zinc, pure Linseed Oil, and pure coloring pigments which are thoroughly mixed and ground in scientific proportions by powerful machinery.

It is better than the old fashioned hand-mixed paint because the materials are put together according to correct chemical formulae which have been tested out in a practical way. • Its fine grinding makes it cover nearly 50% more surface than hand-mixed paint.

SWP is an economical paint because it will cover the greatest amount of surface, wear longest, and look best.—Ask us for color cards.

C. Murphy, District Passenger Agent, Toronto.

Our Duty To The Blind

From Vienna, from Paris and from Montreal come reports of arrangements that have been made for the assistance and instruction of soldiers blinded in the war. The French report states that a larger proportion of the combatants have been, and will be, made blind in this war than in any previous war, on account of the difference in weapons and in the character of the fighting, Ontario has provided amply for the instruction of blind children, but has not been a leader in provision for ameliorating the condition of the adult blind. With the added claims of the soldiers who will come home from Europe sightless, action in this matter cannot be long delayed. Our blind soldiers and fellow citizens must not be left to wear out their lives in idleness and sorrow, when timely aid and proper instruction can enable them to resume their places as useful members of the community. The Ontario School for the Blind at Brantford is maintained for the education of children whose sight is so defective that they cannot be taught in the regular public schools. This School is not intended for adults, and it cannot do what is required for the class above referred to, without reducing, if not destroying, its efficiency as an instructor of the young. Bona fide residents of Ontario, between the ages of 7 and 21, who cannot see to read ordinary type without injury, are admitted to the school without charge for board, tuition or books. Applications should be made to the principal, H. F. Gardiner, Brantford, in time to have all arrangements completed before the opening of the session in September.

Roy Watson, son of Mr. A. W. Watson, Shelburne, has enlisted with the active service detachment of the 48th Highlanders.

The chief geologist of the Ontario Mines Department has visited the District around Meaford on the hunt for oil indications. He says that both oil and gas may be found.

A Missouri editor said he was solicited to join a lodge and the application blank was printed at a cheap jobbing house in another town. He got a dun from a merchant in a government printed envelope, and written on a patent medicine statement. He made a purchase at a store and got a duplicate bill printed in another city, and a check to pay for it, the check being printed at a Denver printing house. And yet all the business men concerned expected and repeatedly asked him to boost for trading at home.

This week we received a neat little red pamphlet giving us information about what we should not print in regard to the war, says the Chesley Enterprise. As the fine for contravening the order prohibiting the disclosure of the movement of forces or military operations is $5000 or imprisonment for a term not exceeding five years, our war correspondents must be very careful about information about the troops that would help the enemies of our country. A fine of $5000 in the month of August when business is slack would run away with our loose change and leave a bank overdraft. We would prefer to take the five years and as it would be easy to prove us as sane as Harry Thaw we would likely have our term shortened to five months, and if we made 1 00 a month by going to jail we would be in Hon. Ikey Lucas' class. He gets nearly $1000 a month for filling his two jobs.
