Farmers' Institutes

Mr. G. C. Creelman, Superintendent of Farmers' Institutes, has just completed arrangements for the holding of over 700 meetings during the coming months of December, January and February. All the delegates who have been appointed to address the various Institute meetings are practical men who have studied closely the subjects they are advertised to discuss.

Besides the regular topics there are three special subjects that will receive attention this winter and the following instructions have been issued to the delegates by the Superintendent:—

"Last winter, at the request of the Prov. Minister of Agriculture, the "Bacon Hog" was discussed in all of our meetings. The wisdom of this course is already manifesting itself. A better class of hogs are being offered for sale this fall than ever before. The Registrar of Live Stock for the Province states that for the first time the bacon breeds lead in the numbers of thoroughbreds registered and we are receiving enquiries from all parts of the Province in reference to the breeding, feeding and finishing of this class of animals. It is likely, therefore, that this subject will come up for discussion again at many of our meetings this winter. Our duty does not lie along the line of advising farmers to take up hog raising as a business, but rather to assist those who are already pork producers to raise and put on the market a better article than they have done heretofore. We have not a home market now for thick fat pork and we cannot successfuly compete with the Americans in their market so long as they have cheap corn to feed their hogs. Bacon, therefore, must be our principal pork product and the kindly reception which our Canadian "Wiltshire sides" have been accorded on the British market is sufficient to justify us in recommending the farmers to breed to the bacon type. Much has already been done by our progressive swine breeders to improve the bacon classes and it was a noticeable feature at our fall fairs this year that in all classes of hogs there were longer individual animals and the judges gave the highest premiums to those animals that showed the least indication of carrying superfluous fat

The subject of Cold Storage for farm products will be discussed this winter at our meetings. You must be prepared to discuss this question. New laws have been passed in Ontario relating to this subject and these you should familiarize yourself with. I have already sent you the latest published information on the subject and you will please study the principles involved and the method and cost of construction of such a plant as would be practicable for the average Canadian farmer. When we assemble in Guelph at the time of the Experimental Union and the Provincial Winter Fair, it is expected that an expert will be there to address you on this topic and we hope also to have a cold storage plant there at that time for practical demonstration.

Another industry that is deserving more attention than it receives, and which the Hon. Minister of Agriculture is anxious to promote, is that of Poultry Raising and Fattening for the Home and Foreign markets. I am arranging for a series of special poultry meetings in connection with regular and supplementary meetings, but the number of farmers who will attend the district meetings must of necessity be limited and I request that you acquaint yourself with what has been done and is being done in this country to promote this industry. Special instruction on poultry matters will also be furnished at the Winter Fair and you will there obtain practical hints and information that should be useful to you in your winter meetings."

A Thrilling Experience

The Clarksburg Reflector says:—

Messrs Herb Honey, Dave Rider and Fred Thom had an exciting and dangerous experience in the storm on Wednesday of last week. They were about a mile east of Meaford and about one and a half miles off the clay banks when the gale struck them. They were carrying four sails, and as they saw the storm approach they took in the jib, they then tried to lower the mainsail, but the ropes were wet and refused to work in the blocks. The wind struck the boat and she went over. Their small boat floated off and some lumber on the deck was also carried away, they then let the mainsail go and it was torn into ribbons. It was about noon when the gale came on and for some two hours they lay in the trough of the sea. There being no help in sight, and the storm showing no signs of abating, they headed the boat for the Christian Islands, passing through the gap, and going on to Penetang bay. As they neared the bay they hoisted a sail, but it was torn to shreds. They went out to Wait-a-Bit point and dropped anchor. The anchor was dragged about ½ of a mile and the boat was beached on the north west end of Snake Island. It was about two o'clock when they left the place where the gale struck them, and they were anchored forty-three miles from there at 6.30 p. m, the boat being driven with nothing but bare poles up. They remained at the end of the island all night, having gone ashore and tied the boat. In the morning Messrs. Honey and Riddell rowed over to Midland, about three miles away, in the small boat, and got the tug Beaver, but the task of taking the boat off the beach was too much for this tug, so they had to get the tug Minitagh to come to the rescue, and she, after breaking a four inch rope, had to wait until Friday morning to get the vessel floating again. The boat was towed into Midland harbor on Friday, and on Tuesday the Minitagh brought her home to Thornbury. The only damage done to Mr. Honey's staunch little vessel, "The L'Esperance En Marie," was the loss of the sails and the breaking of the rudder. The boys had an exciting experience and are to be congratulated for managing their boat so skilfully in such a terrific gale, and getting safe to land again.

Clubbing List

Nearly all the cheaper class of city newspapers have raised the price of their subscription very materially this fall. This is owing to two causes—the imposition of postage and increase in cost of white paper. Following is a list of the various clubbing prices so far as we have completed it:

Daily Star	2.55
Weekly Sun	1.80

Hacking

There is nothing so bad for a cough as coughing. It tears the tender membrane of the throat and lungs, and the wounds thus made attract the germs of consumption. Stop your cough by using the family remedy that has been curing coughs and colds of every kind for over sixty years. You can't afford to be without it.

Ayer's Cherry Pectoral

loosens the grasp of your cough. The congestion of the throat and lungs is removed; all inflammation is subdued; and the cough drops away.

Three sizes: the one dollar size is the cheapest to keep on hand; the 50c. size for coughs you have had for some time; the 25c. size for an ordinary cold.

"For 15 years I had a very bad cough. The doctors and everybody else thought I had a true case of consumption. Then I tried Ayer's Cherry Pectoral and it only took a bottle and a half to cure me."
F. MARION MILLER,
Oct. 28, 1898. Camden, N.Y.

Write the Doctor. If you have any complaint whatever and desire the best medical advice, write the Doctor freely. Address

You Make A Mistake

If you have Pale, Greenish, or Sallow Complexion, Cold Hands and Feet, Loss of Appetite, Dyspepsia, Lack of Energy or Stomach Troubles,

You Make A Mistake

When you do not use Dr. Ward's Blood and Nerve Pills to counteract these conditions. Why? Because they contain all the natural elements necessary to build up the human system. The way to a cure lies along the road from the stomach to the blood and nerves. All food is acted on by the stomach and prepared for absorption into the system.

Dr. Ward's Pills give just the proper help to a tired system, and diffuse a glow of health through the whole human frame.

You feel yourself getting well when you take Dr. Ward's Blood and Nerve Pills.

Stylish Fur Garments

First selection in Furs is always best. The best time to select furs is early in the spring when last season's "take" has cured and put on the market. Later on, when London and New York have declared the styles they are ordered to be made up. That's the way WE buy furs No store can have as stylish furs as we have unless their order was placed early. This year the styles are particularly fetching. Some makers have been prone to secure comfort alone. We have found one who combines artistic taste with ideas of comfort, the result is, our fur designs are beautiful to look upon and comfortable to wear. For Instance;

Astrachan Jackets
Ladies' Astrachan Jackets made of best German dyed skins, specially selected, large curl (or close even curl, if preferred) good storm collar, lined with best quality Italian or pure satin, quilted, every garment is fully guaranteed. Lengths 24, 26, 30, 34, 36 inches Sizes 34 to 44. Prices range from 22.50 all the way up to.....$40.00

Easy Priced Capes
Ladies' Capes made of Japanese bear, comfortable storm collar of black opposum, soft pliable skins, 27 inches long and extra wide sweep, fully guaranteed—a snap—net..... $7.60

Ladies' Capes, made of good quality Astrachan, beautifully made and thoroughly lined, good storm collar, 100 inch sweep, two prices $12.50 .....and.....$15 50

Caperines and Ruffs
(Exclusive Styles.) Caperines—We show an almost unlimited assortment of Caperines in Astrachan, Black Opposum, Persian Lamb, Thibet, Alaska Sable, Electric Seal, Grey Lamb, and also pretty combinations of these furs. These are made up beautifully in the newest and best styles. A full description of these garments would be impossible in the space at our disposal. We invite you to come and see for yourself, no such display outside of City stores. Prices range from 4.50, all the way up to. $35.00

Ruffs—Our showing of Ruffs is almost, if not quite as extensive as of Caperines, our stocks represent all that is new and good in Ruffs and are just what fashion has decreed shall be worn.
Prices range from 75c to ...$12.00

Attractive Fall Goods at Special Prices
The store is filled to overflowing with new goods for fall and winter, all now arranged for easy seeing and buying. Style and beauty greet the visitor on every side; elegance and riches at every turn. Good, honest worth and merit in every article, no matter how small the price, and representing the best efforts we have ever made.

Flannelettes
Extra heavy Flannelettes, best quality English goods, 32 inches wide. Big range of colors to choose from, special. 10c

Grey Flannels
6 pieces good union flannels, plain or twill, 27 inches wide, worth 18c special.....12c

White Wool Blankets
50 pairs all-wool blankets, large size and heavy weight, pink or blue borders, special.....$2.65

Men's wool Sox
10 doz. pairs Men's wool sox, ribbed tops, white toes and heels, special 15c pr., 2 pr.....25c

The Store is full of such values, while other stores are forever shouting about "cheapness," we're combining good quality with low prices, and insisting that you shall never buy an unworthy dollars' worth here. Your interests are our interests therefore the business grows and grows continually.

Lady Bank

From Our Own Correspondent

Wedding bells are ringing.

Mr. Hickling has been confined to his bed for three weeks. We hope he will soon be around again. Dr. Carter has been in attendance.

Mr. Hickling's sons have succeeded in replacing their burnt saw mill by a much larger structure, solidly put up. They are to be congratulated on their successful wood craft, willing hands helping. They will soon be in shape for turning out shingles and lumber Fred's amateur and first effort is not perfect, but a decided success, being a new illustration of the saying, where there's a will there's a way.

Proton Station

From Our Own Correspondent

It is with deep regret we note that Mrs. Hunter, our esteemed school teacher has resigned her school. Mrs. Hunter will be greatly missed in the Sabbath school as well as the day school.

Mr. Christie Johnston, jr., and Miss Maud Johnston were the guests of Mr. Howell on Sunday.

Miss Lizzie Little has returned from a visit to Owen Sound.

Don't forget the public school entertainment at this place on Wed., Dec. 19. Free admission. Come one, come all, come great, come small.

Mr. David Stinson has bought the neatly built brick residence from Mr. John Lyons and intends moving into town this week.

We were glad to see our old friend, Mr. Geo. Allen of Wroxter, last week.

Glad to hear that Mrs. Neil McLean is recovering.

Mr R. M. Carlyle paid a flying visit to Proton last week.

Miss Ruby Trelford has been very ill and we are glad to hear that she is on the way to recovery.

Eugenia

From Our Own Correspondent

The prospects are good for Eugenia to boom the coming summer. The veneer factory is going to start again with a large force of hands. Mr. Carr is laying in his mill yard a larger stock than formerly. Mr. Wilson is doing a rushing business at his factory. He has also purchased the store and residence of the late Mr. Purdy and is going to fix it up into a fine dwelling house. Mr. Sloan is also putting in two new water wheels and other improvements into his planing mill. So the prospects for a busy summer's work at Eugenia was never better than at present.

Mr. Jack Britton has returned from Mulmur, where he spent the summer.

Mrs. Thompson and her brother, Mr. R. Thistel, of Mulmur, paid a visit to friends in St. Vincent last week.

Messrs. H. Williams and Geo. Gordon have their handsome new residences finished and find them cosy and comfortable.

Mr. R Purves has also had several new improvements added to his house, making it very cosy for the cold weather

There has been more building done the past summer in this locality than ever before.

Mr. Duckett has turned eight kilns of lime with over 600 bush. in each. That was pretty good.

Eugenia Orangemen have elected the following officers for the ensuing year: W M, R. Parks; D M, H. Weber; Treas, H. Cairns; Chap., F. T. Carr; Sec., G. Meldrum; Rec. Sec., Jas. Casson; Lec., Jake Williams; D of C., W. Pedlar; 1st Com., A. Carruthers, H. M. Bowerman, R. Campbell, R. McMullen and P. Munshaw.

Maxwell

From Our Own Correspondent.

Maxwell L.O.L has elected the following officers for the ensuing year: W.M, R. Kinner; D. M., W. T. Wright; Chap. Jas. Buckingham; Sec, W. H. Guy; Fin. Sec., L. Scutt; Treas., L. Kerton; Lec., Bro. Ferguson; D of C., Marshall Morrison; Com., Bros. Little, Radley, Warling, McDonald. Bro. Griffin, W. M of Feversham lodge, conducted the election in such a manner as was a credit to himself. Several visitors were present. Afterwards a luncheon was partaken of, provided by Mrs. Guy and Mrs. Wright, which was highly appreciated.

We understand that Mr. Sam Taylor will again contest the receveship.

Miss Ellie Phillips is home from Toronto, where she has been engaged in the Isolation hospital.

Mr. Thos Benrose, who has been home for the past two months, has returned to his position in Dollarville. He will be very much missed by the young people of this town.

Mr. Geo. Ross, who has been out West since last spring, has returned home.

Capt. W. H. Benrose of the steamer Pittsburg of the Windsor and Soo Line, has returned home for the winter. He is looking hale and hearty.

Miss Waring of Vandeleur is visiting her brother, Mr. Geo. Warling.

Miss Robinson has returned to her home after an extended visit here.

Mrs. J. Speers has been visiting with her friend, Mrs. Bemrose, for the last few days.

Miss Arnie Harrison of Corbetton is staying with her aunt, Mrs. W. Brownridge, for the winter.

We are sorry to hear that Miss Lavinia Brownridge is very poorly at time of writing, but hope to hear of her improvement.

Miss Lizzie Sterling has been laid up with inflammation of the eye, but we are glad to hear it is getting better.

Dr. Scott has been attending Mr. M. Phillip's two youngest boys for scarlet fever and diphtheria, and we are pleased to hear that he has brought them around again and we hope that it will not spread any further.

Mr. Chas. Fenwick is home from Bourgvone, where he has been running the cheese factory.

The Road Question

Re the Editor of The Advance.

DEAR SIR,—I have read with great interest the communication of Councillor Boyd. It certainly placed him beyond the ordinary ability of an ordinary councillor. He gives the idea of no ordinary reader. Who besides, in the township, would have taken notice of President McKinley's remark or the action of the Germans in translating the report of Road Instructor Campbell? It should have corresponding weight with the inhabitants of Artemesia. It would have been thoroughly complete had we a word from the Governor-General of Canada. But as this Mr. Campbell is expected here before this will appear in print; we will await his coming. The condescension of Councillor Boyd to abide by the decision of the electorate is magnanimous and would be fine if he were elected! But that will depend very much upon his past record. Some people are always too premature, you know. As to his statute labor scheme, it is not so bad, and if discussion is to be had it constitutes not an inferior factor and is worthy of consideration. Here is another scheme to the front: Statute labor to be commuted at 75 cents per diem. All road divisions to remain as they are. The farmers to pay their several sums by drawing stone from their farms at so much per toise or cord, and to be placed on a spot selected by the overseer. The overseer to measure and return accounts to the council. The township to buy a steam stone crusher, to be paid for in a term of years and to be operated by the township, moving it from place to place to the piles of accumulated stone and crush them. The stone so broken to be drawn where needed by the direction of overseer or commissioner. The job of drawing such stone to be let to the lowest bidder, if possible to any person within the division or divisions where stone is required. The whole duty of crushing the stone and making the road to rest with the council. By the above scheme it will be noticed that the farmer has an advantage of removing stone from his farm, which renders to him a double benefit, a cleared farm and good roads. Under any scheme, however, having a forward movement, an increased expenditure must take place, and difficulties occur until it be thoroughly understood. In taking a vote as proposed it will be undoubtedly understood that the villages which have commuted labor will not vote yes or no on the question. Let the township decide for itself. It may be seen, too, that if the township decide to move out of the old ruts there need be but a simple change as far as statute labor is concerned. It would be merely changing the ordinary road work to drawing stone—a change easily acceded to. Hoping there may be many more to give their views, I am yours,
ANOTHER RATEPAYER.

Priceville

From Our Own Correspondent

On Wednesday of last week the Rev. F. W. Varley, M. A., pastor of the Methodist church of this place, was united in marriage to Miss M. J. McMaster of Sarnia. Mr. and Mrs. Varley arrived home last Friday and in the evening a very pleasant and largely attended reception was held in the parsonage. Just before the guests departed Mrs. Varley was presented with a purse and an address of good wishes and hearty welcome to our community.

On Tuesday evening, the 4th inst., the C. E. of the Presbyterian church invited the members of the E.L. to spend a social evening with them. Although the weather was unfavorable a large number of leaguers responded to the generous invitation and a very pleasant time was the result. After the usual exercises a splendid supper was served by the ladies and this was followed by an excellent program of readings, vocal and instrumental music. The artistic violin playing of Messrs. Hugh McRae and Archibald McDonald accompanied by Miss Anna James on the organ, deserves especial mention.

Mr. Hugh McRae left for Dunoch last Wednesday to set up the machinery in Mr. P. Lawrence's new saw mill. Mr. McRae will likely remain with Mr. Lawrence during the winter as head sawyer. We are extremely sorry to lose him as he was one of Priceville's best citizens. Not only was he an energetic business man, but also an enthusiastic worker in every good cause. He will be sadly missed in the E. L. and the Methodist church choir, of which he was the efficient leader.

We are pleased to see the jolly and pleasant countenance of Mr. Alex Cameron in our midst again. Alex. has been working in the vicinity of Brampton during the summer.

Mr Richard Parslow of Swinton Park spent a few days of last week with his son-in-law, Mr W J Blakeston.

Jack Frost may now reign supreme as the last turnip on the O D R was safely (?) pitted a week ago last Monday. A week later that would have been a grower.

A 10 x 12 smile adorns the visages of all who procured the high prices paid for peas last week at Flesherton Station.

Average attendance—37.
J. A. HUTCHINSON, Teacher.

A non-advertising merchant contributes nothing to the growth of the town because he does no thing to bring business into it. It may be that he gets his share of the business that comes to town, just as the old drone gets his full share of honey the bees bring in. But it is the advertiser who brings people from the country to trade.

"Please Ring The Belle"

So every belle says, in her heart, to the absent beau, on looking on our matchless collection of beautiful
Rings, Diamonds, Rubies, Pearls, Sapphires, Emeralds,
And all manner of precious and semi-precious stones are here shown in exquisite conceptions. The beauty of the settings is very striking, and the prices make the lovely pieces all the more attractive—for we have marked the goods at only a very reasonable profit.
If you are thinking of Ringing the Belle, visit our store for your profit, and hers.
