He says that out of about 1100 men on duty there last winter only about a dozen of the original troops remain, the balance having been drafted as reserves, and replaced by new men. Sergt. Bellamy has received notice that he is about to be promoted to Sergt.-Major.

On Thursday evening last Miss Florence Thurston was the guest of her primary Sabbath school class at the home of Miss Agnes Henderson, superintendent of the Cradle Roll, and presented by them with a valuablo easy chair and urn stand. The animal's shoulder was badly injured.

250 Stories

And every story a good one. They are entertaining, but that is not all you can say about them. You know there is hardly a periodical published that is not full of timewasting stories, but not a single story in the Youth's Companion is a time-waster. Take the stories of C. A. Stephens. It would be hard to pick out one from which you cannot learn something useful and yet entertaining.

Some of the Companion stories refresh your knowledge of geography; some tell you the mysteries of chemistry, some reveal the secrets of forestry and of general farming. They cover a wide range. They are chosen with an eye to the possible likings of every member of a Companion family—stories of vigorous action and stirring adventure for boys, stories of college life and domestic vicissitudes for girls, stories that range all the way from sheer drollery to deep seriousness for men and women. There are no stories quite like those in The Companion.

If you are not familiar with the Companion as it is to-day, let us send you sample copies and the Forecast for 1916.

New subscribers who send $2.25 for 1916 will receive free a copy of The Companion Home Calender for 1916, in addition to all the remaining 1915 issues from the time the subscription is received.
