Senator Landerkin

Dr. Landerkin has been appointed to a senatorship. This is all his worst enemies wished for him. The genial doctor has hosts of friends among all shades of politics who rejoice that he was rewarded in this manner. Toronto Saturrday Night has this to say of the appointment. "The appointment to the Senate of Dr. Landerkin, the witty and companionable ex-Member of Parliament for South Grey, will be generally acceptable amongst party men, and outside of these I do not think much interest is taken in Senate appointments. Dr. Landerkin's recognition means the recognition of long party service, the honoring of a clean hearted gentleman, and is a proof that Government do not always forget a supporter in the day of his adversity. For a decade Dr. Landerkin was known almost personally throughout the length and breadth of Canada through his wittiisms in the House of Commons. His merry tongue often served to turn the edge of some acrimonious debate or to raise a laugh when laughter meant to return to sane and wholesome points of view. Honever had a safeconstituency. In cultivating his party organization at home and attending the sessions at Ottawa, his time and resources, as well as his hope of amassing anything like a competence, were frittered away. Finally beaten by a younger man in a riding where he had always to fight for very life, he found himself poor, without a practice to fall back on, and practically without an occupation for his declining years—for political life had been a profession to him and the very breath of his nostrils. In the Senate he will still be able to keep in touch with events in the inner circle of politics, but it is doubtful if he will find a congenial atmosphere for the exercise of that charming and ready wit which made hin one of the characters of the House of Commons.

Heat and Cold

Are never failing causes diseases. At this season of the year neuralgia, toothache, and a host of similar diseases are rampant. The great question, then, is to find the quickest, surest, and most economical remedy. Polson,s Nerviline exactly fills these requirements. It is prompt, efficient, and most economical, for it exceeds in power every known remedy, and is as cheap as inferior articles. A 10 cent sample bottle will give every person a chance to test it. Large bottles only 25 cents.

Last Friday afternoon Mr. John Abernethy died very suddenly at his residence on Wellington street, Shelburne. He was apparently in usual health up to about three o'clock in the afternoon, when he went out to the yard to cut some ice. In a few minutes he returned to the house, seated himself in a chair and remarked to his wife that he was not feeling well and told her to send for assistance. Mrs. Abernethy ran to a neighbor's place and returned in two or three minutes to find her husband dead. Heart failure is supposed to have been the cause of death. Deceased was a resident of Amaranth for nearly forty years, and moved to Shelburne last fall.—Economist

Last Friday night Wm. Bridge's stream saw mill at Hornings Mills was destroyed by fire, together with a quantity of lumber, logs, etc. We understand there was no insurance. The fire is supposed to have started from the engine.—Economist.

Any one who believes that troubles do not come singly, should have a talk with William Atkins, of Puslinch, Tp., County of Wellington. William bought a new cutter the other day and drove home. It was dark when he got there. While leading his horse into the stable another animal kicked him on the thigh. Mr. Aikens was scarcely able to walk, and omitted to put the cutter in the driving house. Before he was abroad next morning a ram came along, saw another ram mirrored in the shining back of the vehicle, and went in for a fight. The cutter was bunted all over the yard and the back of it smashed into kindling wood.—Chesley Enterprise.

Mr. Will Holley, son of Jacob Holley of this township, returned home on Monday from Dawson City. Here are a few of the prices he says rule at Dawson: Hay $175 per ton, oats 12c per lb., eggs $2 per dozen. Board is $4 per day. On Christmas day he went out to buy a chicken in order to celebrate and was taxed $4 for the fowl. Coming home he tramped it for four hundred miles, taking eighteen days to cover the ground. He does not think that he will go back.

Mr. and Mrs. W. J. Blakeston of Priceville paid The Advance a short visit on Saturday. We are sorry to announce that Mr. Blakeson has decided to sever his connection with Priceville school, over which he has presided with much success for so many years. The severance will take place at midsummer. Priceville will miss W. J.

The Tennysonian club concert on Wednesday night of last week was not so well patronized as was hoped for, but still a nice, and appreciative audience assembled to hear Carnahan, who did not disappoint. He has a wonderful voice and was generous with his encores. Messrs. Tucker, Wardrobe and Murray gave some choice guitar and violin music, and a quartet by Miss Christoe, Miss Joy, Mrs Blackburne and Dr Murray was much appreciated. A tableau which, however, owing to an accident, was somewhat marred, still was very nice. The proceeds would not leave much for the public library after expenses were paid.

An exceptionally pleasant afternoon was spent in the public school on Friday when four sleigh loads of pupils from Markdale school drove over and paid the return visit to our school. The notification was short, but a nice program was prepared on the spur of the moment. Trustee W. J. Bellamy occupied the chair, and short addresses were given by Revs. Ward, Thom and Lamont and Mr. Rowe. Other numbers on the program were: Address of Welcome, May Hales; recitation, Arne Thurston; instrumental, Messrs. Wardrobe, Tucker and Murray; recitation, Ella Barnhouse; song by the school; recitation, Clarence Defoe; solo, Mabel Boyd; recitation, Harold Karstedt; song by Markdale school, "Men of the North;" and Auld Long Syne. The day was an ideal one for a sleighride and no doubt the visitors enjoyed it thoroughly. In any event the young folks here enjoyed the fraternal visit of these little women and "men of the north." Principal Rowe of Markdale was a little late in arriving, but we understand his Rowing machine gave out and he had to capture another craft on the way, which, of course, took some extra time.

MONTREAL, Dec. 1900.

To the public:—Your druggist is hereby authorized to refund the purchase price on a twenty-five or fifty cent bottle of Green's Warranted Syrup of Tar, if it fails to cure your cough or cold.

Sudden Death

Mr. Henry Meldrum, postmaster at Eugenia, died very suddenly while sitting in his chair at his home on Sunday evening at the age of 79 years. He had attended church the same day. Deceased was born in Dunfermline, Fifeshire, Scotland, and came to Canada in 1856, settling in Artemesia in February, 1859. He was twice married, both times in Scotland, and leaves a widow and thirteen children to mourn his departure. He was always a zealous and respected member of the Presbyterian church. After the narrow gauge railway was built through this county Mr. Meldrum acted for ten years in the capacity of agent at Flesherton station, later removing to Eugenia. Nine years ago, upon the retirement of the late R. McLean Purdy, he was appointed to the position of postmaster, which he has since held. There are seven sons and six daughters living. Five of the sons are out in Colorado. George lives at Eugenia and Robert at Feversham. The funeral took place on Tuesday afternoon to Salem burial ground

Personals

Of suffering relieved in as many days. Corns cause in the aggregate as much suffering as any single disease. It is the magic solvent power of Putnam,s Corn Extractor that makes it speedily successful in removing corns. Take no substitute, however highly recommended. Putnam's Painless Corn Extractor is the best. Sure, safe, and painless.

The county of Grey is fast forging upward in the financial scale. Capitalists and manufacturers are coming in and developing our resources. Two cement companies are being floated with a capital of one million each, one to operate in Durham and the other in Owen Sound. Many smaller enterprises are also under way, and altogether the prospects are bright for a steady increase of prosperity. When the Durham concern gets under way, then will be the time to push for this cross country railway which has been talked of for years and for which two or three charters have been granted.
