COUNTY AUDIT.—Messrs. Mailland Young & Son, of Toronto and Burlington, chartered accountants, audited the accounts of the county of Halton last year. HIGH WIND.—A great deal of damage was done in many places by last Saturday's high wind. At Buffalo, N.Y., two lives were lost and the damage, principally to shipping, amounted to $1,500,000. So much water was forced into the river from lake Erie that a long piece of the Gorge trolley route from Niagara Falls to Lewiston was washed away. In Milton the principal damage was to the roof of Grace Church. A strip of slates 2 feet wide and 25 feet long blew off and the woodwork underneath was loosened. The repairs will be expensive, as expert slaters will have to be engaged. The work cannot be done until the weather moderates, and it is likely that next Sunday's services will have to be held in the school house, as were those of last Sunday.

OAKVILLE MAN ROBBED—H. O. Schofield was a competitor in the trap shooting match at Hamilton last week and had his pocket picked while he was shooting. Charles Mooney took his wallet, which contained about $70. Mooney was arrested and the wallet found on him, but with only $11 in it. Mooney was committed for trial.

SMALLPOX—There is an epidemic of smallpox in the townships of Maryboro and Peel, county of Wellington. Between Alma and Drayton, in an area of ten miles, there were at least 50 cases up to last Friday. The disease is of a mild type, similar to that at Chatham, where 94 cases have been reported within three months. At Oil Springs, a town in the same vicinity, it is said that few, if any, families have escaped.

A LEAF OF ROMANCE.—Three years ago when the war between Russia and Japan was at its height, Morris Saxe, a strapping young Russian soldier of twenty-one, was among the troops sent from Odessa by the Russian military authorities to the front. After enduring the hardships of war for months, and being out of sympathy with Russia in her aggression upon Japan, Saxe with a number of comrades, deserted from Harbin. He crossed to China and from thence made his way to London, Eng. Realizing that death would be the penalty if he returned to Russia, he decided to come to Canada, and over two years ago he arrived in Acton, and has been doing well here since. When he left Russia he bade good-bye to his sweetheart, Miss Dora Gorsoy, never expecting to see her again, the fortunes of war being always so uncertain. However, after settling here he communicated with her and subsequently with her parents, and induced them to permit their daughter to come to Canada and enter into wedlock. They agreed, and Miss Gorsoy arrived in Brantford last week, and on Wednesday a Hebrew minister made them man and wife. Mr. and Mrs. Saxe are now in Acton and intend to make this their home permanently.—Free Press.

The Lakeview Club, of Toronto, will send four rinks to Milton on Saturday. They have amalgamated this year with Parkdale, which has no curling now, and are very strong. The game will be interesting.

Sixteen clubs met at Brampton yesterday to compete for the District cup, and play in the first draw was completed. Georgetown's two rinks lost to Toronto by 11 shots, score, 36 to 25, and Brampton defeated Aberdeen, 54 to 20.

Hockey.

Roy Field became a member of Hamilton's team in the Intermediate series of the O. H. A. when he removed to that city. He played in a match last week and made good. The city papers said he played a fast, tricky game.

Georgetown defeated Streetsville at the latter village on Tuesday night. Score 10 to 12.

The Guelph club has been disqualified by the O. H. A. for professionalism and is out of the competitions for this year. Its president threatens to make disclosures that will disqualify a number of other clubs at Toronto and elsewhere. If the truth were known about professionalism, few, if any clubs would escape. As a rule they are full of it.

OBITUARY.

MRS. JAS. COULSON.

There occurred at Pine Grove farm, Lowville, on Wednesday, 9th inst., after an illness of one week, the death of one of the best known residents of that place, Mrs. James Coulson. Deceased was much beloved by every one and her death will cause the keenest regret far and near, she having been a resident of that place for twenty-nine years. She leaves to deeply mourn the loss of a devoted wife and mother, a husband and three daughters, Mrs. W. D. Shields, Lowville; Mrs. Chas. King, Ash, and one brother and six sisters.

The funeral took place Friday, 11th, to Evergreen cemetery, Milton, and was very largely attended. The services at the house and grave were conducted by the Rev. Mover, of Lowville.

THE TREMBLE OF OLD AGE.

With the advance of years the vital functions of the body slow down. In consequence the organs of secretion suffer, the action of the bowels is lessened and there is no longer healthy circulation. The brain is congested with blood, giddiness, trembling and cold extremities are common. No assistance is so potent as Dr. Hamilton's Pills. By their direct action on the stomach, liver and kidneys they cause an immediate change. Mild, free from gripe, strengthening and cleansing the whole system, no medicine is so valuable in old age as Dr. Hamilton's Pills of Mandrake & Butternut. Try these Pills, 25c per box at all dealers.

NOVEL CURE FOR COLDS.

Healing Medication that is Breathed, giving quick relief.

It seems just as ridiculous to put medicine into the stomach to cure a cold in the head or lungs as it does to go out in the rain if we want to keep dry.

The fact that many people right in Milton cough and hawk and sniff for days and weeks after they treat a cold with the usual stomach dosing, shows how valueless are the ordinary cough and cold cures.

The right way to cure a cold in the head or a cough and irritation in the throat and lungs, is by breathing Hyomei's medicated air. Put a few drops of Hyomei in the neat pocket inhaler that comes with every outfit and breathe this healing air for a few times and immediate relief will be noted. The medication goes right to the spot where the disease germs are located and renders them harmless in the future.

At the same time the soothing and healing efforts of Hyomei on the irritated mucous membrane give quick relief, and the cough or cold is broken up.

A complete Hyomei outfit, consisting of a bottle of Hyomei, the inhaler and a medicine dropper, costs but $1, while an extra bottle of Hyomei, if needed, can be obtained for only 50c.

All druggists should be able to supply you with Hyomei, or we will send it by mail on receipt of price, and every package is sold with the distinct understanding that it costs nothing unless it cures. Write us to-day for a symptom blank, which we will send you free, together with treatise on Catarrh and how to cure it. When you fill in and return to us the symptom blank, our consulting physician will give your case the best care and attention, and write you a letter of advice without charge. Booth's Hyomei Company, Buffalo, N. Y.
