Experimental Union Field Tests For 1901.

The members of the Ontario Agricultural and Experimental Union are pleased to state that for 1901 they are again prepared to distribute into every township of Ontario material for experiments with fertilizers, fodder crops, roots, grains, grasses, and clovers. Upwards of three thousand Ontario farmers conducted the co-operation experiments upon their own farms last year.

LIST OF EXPERIMENTS FOR 1901.

Three varieties of oats.
Three varieties of six-rowed barley.
Two varieties of hulless barley.
Spelt and two varieties of spring wheat.
Two varieties of buckwheat.
Three varieties of field peas for Northern Ontario.
Two varieties of bug-proof peas.
Cow peas and two varieties of Soja or Japanese beans.
Three varieties of husking corn.
Three varieties of mangolds.
Two varieties of sugar beets for stock feeding.
Three varieties of Swedish turnips.
Parsnips and two varieties of carrots.
Three varieties of fodder or silage corn.
Three varieties of millet.
Three varieties of sorghum.
Grass peas and two varieties of vetches.
Dwarf Essex rape and two varieties of kale.
Three varieties of clover.
Sainfoin, lucerne, and burnet.
Five varieties of grasses.
Three varieties of field beans.
Three varieties of sweet corn.
Fertilizers with corn.
Fertilizers with mangolds.
Growing potatoes on the level and in hills.
Planting potatoes the same day and five days after being cut.
Planting cut potatoes which have and which have not been coated over with land plaster.
Planting corn in rows and in squares (an excellent variety of early corn will be used.)

Material for either number twenty-five or twenty-six experiment will be sent by express, and for each of the others it will be forwarded by mail.

Each person in Ontario who wishes to conduct an experiment and is willing to use great care and accuracy in the work and report the results of the test as soon as possible after harvest should select the exact experiment desired and apply for the same at an early date. The material will be forwarded in the order in which the applications are received until the limited supply is exhausted. It might be well for each applicant to make a second choice for fear the first could not be granted.
C. A. ZAVITZ,
Guelph Agricultural College,
March 16th, 1901.

Results Tell.

The proof of the pudding is in the eating, and the proof of the extraordinary power over pain of Polson's Nerviline is in using it. Polson's Nerviline never fails to perform wonders in every case of pain. It cannot fail, for it is composed of powerful pain subduing remedies. It goes right to the bottom, and pain is banished at once. Nerviline cures all kinds of pain, internal or external. Go to any drug store and get a bottle, and be delighted by its promptitude in doing its work.

What a Voter's List Shows.

The editor of the Hillsburg Beaver, in a recent issue of the paper, produces a very interesting article on the township voter's list. The following extract will give you some idea of its nature:—

Here also extremes meet—Near and Farr, Black and White, Long and Small, Rider and Walker, and even a Lane and a Longstreet. And what is very peculiar, there is not a single person who is Old, while thirteen of us will always be Young. Nor can it be cast up as a slur to the people of this township that they are colorless, for are not eight of us Gray, five of us White, two of us Black, and at least a dozen of us Brown. But here, let me whisper, there are likewise eight of us who are Green. In conclusion, let me give a word of advice to the township Fathers: when things are on the Teeter and likely to get out of Gear, put on the Brakes.

A Bad Case of Asthma.

Mrs. Samuel Ferndel, of Clementsport, N. S., writes: "It is with great pleasure I write you to tell of the good I have derived from the use of Catarrhozone. I am in my eightieth year and from my youth up I have been troubled with Asthma, and not until I used Catarrhozone did I get relief. It has cured my Asthma in an incredibly short time, and I heartily recommend it to all." Catarrhozone is sold by all druggists. Trial outfit sent for 10c in stamps by N. C. POLSON & CO., Kingston, Ont., Proprietors.

Inistioge

From Our Own Correspondent.

We regret to say that Mrs. Geo. Ludlow who has been in poor health for several months, died this (Tuesday) morning at the age of 47 years.

Mr. and Mrs. J. D. Howell of Dundalk visited the parental home recently.

Mr. Thomas Moore's sale on the thirteenth was poorly attended owing to the severe blizzard of that day.

The postponed missionary meeting was to have been held last Sabbath but was again laid over because of unfavorable weather.

We join a large number of friends in sympathy for Mrs. McQuay, who suffers bereavement by the death of her mother, Mrs. McGillivary of Flesherton.

Mr. James McQuay of Dauphin, Man. who has brightened his old home by the presence since Christmas, returned to Dauphin last week. Jim evidently intends making his home in the Prairie Province as he took with him a carload of farm implements, stock, grain etc. We wish him success in his distant home.

Most people being tired of the many storms are pleased to see the present indication of spring.

Strictly True.

In every respect and attested by the testimony of thousands that Putnam's Painless Corn Extractor is a sure and painless cure for corns. The claim that it is just as good made by those endeavoring to palm off imitations for the genuine only proves the superiority of "Putnam's." Use only Putnam's Painless Corn Extractor. Sure, safe, painless.

Badjeros

From Our Own Correspondent.
Delayed last week

La grippe is on the warpath all over the township. No surrender.

Revival services are being conducted in the Methodist church here.

R. A. McKee was in Dundalk on Saturday. Wonder if he got a sit?

THIS WEEK'S ITEMS.

Frank Dazell intends to start for British Columbia in about a week.

We understand that T. H. Yemen, formerly of the Robert Simpson & Co., Toronto, has opened a general store at Maple Valley. We wish him success.

Before this appears in print, one of our young ladies will be in the sea of matrimony. Particulars later.

Miss Huxtable, teacher of our centre line school, visited Miss Sinclair, teacher of our south line school, on Sunday.

The correspondent of the Dundalk paper is a little "off his dot."
