Early Spraying.

A question of vital importance to every one possessed of an orchard or garden is that of spraying. Insect pests, parasites, vegetable or otherwise are likely to be with us for all time to come. Because of this fact, however, it is not necessary for the the fruit grower or gardener to give up in despair. He must meet these enemies to his growing crops by the only feasible weapon in power, that of spraying. The question to be considered now is not whether it is advisable to spray or not. This has been decided long ago, and the conclusion is that the fruit grower and the gardener must spray if he desires a crop. Spraying is no longer an experiment. It is an accepted practice, just as cultivation is, and the farmer should prepare himself to do a certain amount of spraying every year. A spray pump with spraying apparatus should prove a profitable investment for every farmer.

Spraying, to be effective, should be done at the proper time and in the proper way. The applecrop will, perhaps, demand more attention in this regard than anything else. The apple scab is a serious detriment to quality in the fruit. To prevent the growth of scab the trees should be sprayed with a copper sulphate solution (1 lb sulphate of copper to 15 gallons of water) before the buds break. When the leaf buds are open and before the flower buds expand, the trees should be sprayed with the Bordeaux mixture (the normal consists of copper sulphate 6 lbs, quicklime 4 lbs., and water 50 gallons.) For the codling moth apply paris green (paris green 1 lb., water 100-200 gallons) immediately after the blossoms have fallen, repeat 1 and seven to 10 days latter. Use burlap bands on the trunks of the trees and kill all insects under them every 10 days from July 1st to August 15th and once latter before winter. Paris green maybe added to the Bordeaux mixture, and the two applied together with good effect. For the San Jose Scale apply whale oil soap, 2 lbs. to a gallon of water, when trees are dormant. Apply the soap before the buds start.

For the currant worm use arsenite of lime or soda when the first larvae appears. If any worms appear after the fruit is half grown use hellebore (1 oz. fresh white hellebore to 3 gallons of water.) For the potato scab soak uncut seed potatoes for 1½ hours in a solution of sulphate of copper as above. The potato beetle is always a scourse of annoyance to the farmer. The old-time remedy of paris green applied when necessary is the best. These are a few instances that need the special attention of the farmer just now. We will note others from time to time as the season advances.—Farming World.

Lien Notes on Horses.

A decision of general interest to farmers was given recently by Judge Boyes at Barrie. In 1898 Richard Monteith, of Vespra, bought a horse from Maxwell M'f'g Co., and gave notes, each for $25, in payment. These notes were in the form called lien notes or conditional sale notes, in which it is provided that in case of default of payment the article may be retaken possession of by the vendor, and also provided that until payment in full the ownership of the goods should remain in the vendor. One of these notes was paid at maturity. Before the second note was paid Monteith mortgaged the horse to one Catcher to secure a loan. The lien notes had not been registered and Catcher had no knowledge of their existence when the mortgage was made. Afterwards Catcher took possession of the horse under the chattel mortgage and advertised it for sale Previous to the sale the Maxwell Co., obtained judgement against Monteith on the note, and their agent, Maley, with the unpaid note in his possession, and accompanied by J. Weaymouth, bailiff of the division court, who held an execution against the horse, and demanded possession from Drury, who was in possession of the horse for Catcher. A lively struggle ensued, but Drury remained in possession of the horse for Catcher. A lively struggle ensued, but Drury remained in position of the equine. Maley returned on the following day and found the stable locked and afterwards found that the horse had been spirited away. The Maxwell Co., then brought action against Catcher for the value of the horse, Catcher defended on the grounds 1st, that the lien notes had not been registered, and, 2nd, that the plaintiffs after obtaining judgement on the note could not retake the horse. On March 8th Judge Boys gave judgement holding that a lien note on a horse does not need to be registered but is a valid lien against the claim of any purchaser, but he also held that after obtaining judgement on the note the right to take possession under the note was lost. Judgement was given in favor of the defendant, Catcher, and costs.—Barrie Examiner.

Division Court

Judge Morrison held Division Court in the Town Hall on Wednesday of last week when a large amount of business was transacted, among which were the following cases:—

T. Quigg sued John Brown for $10. The facts are these: Quigg purchased a cow at Brown's sale, on the understanding, as he alleges, that she was in calf, afterwards finding out that she was not. Brown denied ever having said the cow was in calf, but judgement was given plaintiff for the ten dollars.

W. Pedlar sold a quantity of hay to S. Fisher. The latter paid for the hay all but $1 75 and refused to pay the rest owing to the fact that he found daisies in the hay. Evidence was produced showing that he knew what the hay was when he bought it. Notwithstanding this the judge non-suited plaintiff.

A young lad named Badgerow sued T. Hawkins for a balance of wages of $9 75. Hawkins swore that Badgerow had hired for six months and left before the time was up, and the judge believed him. Non-suit.

Beatty v. Stinson was a horse trading case in which the plaintiff got worsted and went to court to get even. The judge ordered the parties to trade back, each man paying his own costs.

The next court will be held in Dundalk on June 26.

Bronchitis is now Epidemic.

Bronchitis is becoming very prevalent, but is not now incurable for Catarrhozone cures even the worst cases. Catarrhozone Inhaler sends the healing medicated air into every air passage in head, bronchial tubes and lungs; it reaches the germs and destroys them. Catarrhozone soothes and cools the inflamed membranes, quickly cures the dry cough and feverishness, and the laborious breathing and soreness in the wind pipe are relieved at once. When Catarrhozone is inhaled, Bronchitis is cured in one to five days. It has been extensively used, and never once failed. Even cases of 5, 10 and 20 years standing that have baffled the skill of the best physicians, have been cured by Catarrhozone. Your doctor can tell you that Catarrhozone is one of the greatest discoveries of the century, and that he prescribes it for Bronchitis, Asthma and Catarrh. Get it to-day, and be cured. Price $1.00; small size 25 cents, at druggists or Polson & Co., Kingston, Ont.

The troubles of North Bruce are not yet over, for the riding is to have a further election trial. On Saturday a petition against the return of Mr. Halliday, who was elected by a small majority at the recent bye election, was filed at Osgoode Hall, the petitioner being Jas. McAlphie, a resident of Wiarton. The petition follows the usual tenor of such documents, and lays the customery charges of bribery, payment of travelling expenses, voting by persons entitled to vote, etc. Mr. Halliday himself is included in these charges, as well as his agents, and his disqualifications, as well as unseating, is demanded. The date of the trial has not been fixed, and the particulars have not yet been filed.

John Boyd of Creemore, has a flock of hens that set out to make a record for themselves recently in the matter of laying. In 31 days the 25 hens laid 41 doz. and seven eggs.

When the Baby Cries at Night

There is a cause for it. Perhaps it has gas on the stomach, may be cramps or diarrhoea. Don't lose sleep, anticipate such contingencies by always keeping handy a bottle of Polson's Nerviline. Just a few drops given inwardly, then rub the little one's stomach with a small quantity of Nerviline, and perfect rest is assured for the night for both mother and baby. You may not need Nerviline often, but when you do need it you need it badly. Get a 25c. bottle to-day.

Cook's Cotton Root Compound
Is successfully used monthly by over 10,000 ladies. Safe, effectual. Ladies ask your druggist for Cook's Cotton Root Compound. Take no other, as all Mixtures, pills and imitations are dangerous. Price, No. 1, $1 per box; No. 2, 10 degrees stronger, $3 per box. No. 1 or 2, mailed on receipt of price and two 2-cent stamps. The Cook Company Windsor, Ont.
Nos. 1 and 2 sold and recommended by all responsible Druggists in Canada.
No. 1 and No. 2 is sold in Flesherton by W E. Richardson and W. S. Christoe, Druggists.

Don't Make a Serious Mistake
and buy a United States History of "Queen Victoria: Her Life and Reign." We have the only Canadian book by Lord Dufferin and Castell Hopkins. Marquis of Lorne says "the best popular history published," and Sir Arthur Bigge, the Queen's Private Secretary, Hon. Joseph Chamberlain, Lord Salisbury, Sir Oliver Mowat, Lord Tennyson, Earl of Jersey, Dr. Carman, Sir Chas. Tupper, Sir Wm. Van Horne, W. T. Stead, His Royal Highness, the Duke of York, and all leading papers write in similar strains. Is larger, contains more words, better illustrated, better paper, better binding, and only $1.75. Agents don't waste time handling American and inferior books when you can get the authentic, British-Canadian book on better terms. Hundreds of agents throwing away opposition prospectuses. If you promise to canvass we will send you an outfit free.
THE BRADLEY-GARRETSON CO., Limited
Mention this paper. BRANTFORD, ONT.

The Alliston Herald says that the public school board there is in a dilemma. By statute the auditors of the accounts of the board are instructed to prepare annually an abstract statement of receipts and expenditures and have the sum published in a newspaper or otherwise. For some years the board neglected to publish any financial statement, which is neither satisfactory to some of the members of the board, nor to the town council. The school board handles almost one half the uncontrollable tax raised by the council and the people have a right to know how it is spent. The board is now getting into trouble because of the neglect to publish the abstract. This is a pointer for the other school boards.

LANGUID

Many a schoolgirl is said to be lazy and shiftless when she doesn't deserve the least bit of it. She can't study, easily falls asleep, is nervous and tired all the time. And what can you expect? Her brain is being fed with impure blood and her whole system is suffering from poisoning.
Such girls are wonderfully helped and greatly changed, by taking
Ayer's Sarsaparilla
Hundreds of thousands of schoolgirls have taken it during the past 50 years. Many of these girls now have homes of their own. They remember what cured them, and now they give the same medicine to their own children. You can afford to trust a Sarsaparilla that has been tested for half a century.
$1.00 a bottle. All druggists.
If your bowels are constipated, take Ayer's Pills. You can't have good health unless you have daily action of the bowels. 25 cts. a box.
"One box of Ayer's Pills cured my dyspepsia." L. D. CARDWELL, Jan. 12, 1899. Bath, N. Y.
Write the Doctor.
If you have any complaint whatever and desire the best medical advice you can possibly receive, write the doctor freely. You will receive a prompt reply, without charge. Address

We want 50,000 lbs. wool for manufacturing purposes in our Toronto warehouse. We want all the Butter, Eggs and Farm Produce you have to sell. Come and see us. "Your money will be refunded if not satisfied."
McFarland, Stafford & Co.

Kimberley

From Our Own Correspondent

The farmers are busy seeding at present, the villagers are preparing their gardens and boys are spending their spare time trout fishing.

Mr. Boyajian, a native of Armenia, gave a very interesting lecture in the Hall last Thursday evening. He varied the lecture by giving songs in different eastern languages, outlining some Mohammedan forms of prayer and representing some oriental marriage ceremonies. He is a very clever young man when we consider the short time he has been in Canada.

Last evening (Monday) the Rev. Mr. Thom of Flesherton preached in the Union church to a fair sized assembly.

Mr. G. Cruickshank of Heathcote is painting the interior and exterior of the Methodist church. In the meantime the regular meetings are held in the Union church.

Mr. Albert Ellis has finished burning his lime kiln and is ready to meet the demands of builders.

Mr. J. Plewes and part of his family have come up from Kirkville to look after his bees, fruit and garden.

Mr. D. Wallace is having his house bricked this week. Mr. G. Proctor has the contract.

Squire Stuart has engaged Mr. S. S. Burritt to paint his new house on the inside and outside.

Mr. Irwin Stafford has been spending a couple of weeks at his parental home. For a number of years he has been in the region of Parry Sound.

Mr. W. Fawcett of Detroit has visited his parental home, having come to see his father.

Priceville

From Our Own Correspondent

A very distressing accident befel one of our Priceville boys, Mr. John Cameron of the Durham furniture factory, last Monday afternoon. He was running a machine for cutting grooves in bedposts, when in some way his left hand came in contact with the saw or knives which so mangled the first three fingers that they had to be amputated. John has only been working in the factory about 4 weeks but in that time he had proved himself to be a good workman and was on the way to promotion. In fact we believe that his wages had been raised on the day that the accident occurred. It is needless to say that he has the sincere sympathy of the community in his sad misfortune.

The beautiful weather during the past week has been a great boon to farmers, who are rushing in their crops at a 2.40 rate. If the grass continues growing for the next 8 weeks as it is doing at present, hay will be plentiful next winter. Among the agricultural implements the disc harrow is evidently finding the most favor, as there have been very many sales on that line this spring. It is in fact an exceedingly useful article if the work it does is any criterion. Speaking of harrows, it reminds us that implement agents are as ubiquitous (not inquitous of course) as ever. In fact they are so numerous that every man who stops at a farmer's gate is taken for an agent of some kind.

The fishermen are on deck again but the finny tribes are evidently very wary this season as the anglers are meeting with poor success. However our veteran disciple of Isaac Walton in the person of Mr. Dougal McLean landed a speckled beauty on the first morning of the season which, he informs us, tipped the scales at 2 lbs. 4 oz.

Arbor day was duly observed at our P. S. A goodly number of boys and girls were out and soon made a great change in the appearance of the yard and surroundings. Our 3 acre play ground is now a picture of neatness and freshness. When the work was completed the boys and girls were treated to taffy.

Mr Joseph Aussum has purchased Mrs. H. Watson's house and lot on Kincardine street.

Mr. M. Scott has rented his farm on the T.L. to Mr. J. McKinnon and intends moving into our burg in the future. Mr. Scott has invested in considerable real estate on the west side of this village.

Mr. George Watson of Walters Falls spent a day or so of this week with friends in the village. We are glad to learn that business is brisk with Geo. at the Falls.

Messrs. Hugh McRae and Percy Lawrence of Dornoch spent part of Saturday and Sunday with W. J. Blakeston. The Methodist choir felt grateful on Sunday.

Misses L. Copeland and L. Campbell of Hopeville were the guests of Mrs. W. J. Blakeston last Saturday and Sunday.

Miss Polly McIntyre of Toronto is visiting her parents at present.

Rocklyn.

From Our Own Correspondent

Mr. Boyajian, a native Armenian, gave a very amusing and instructive lecture in Victoria Methodist church recently.

Miss Ada Graham of Beaverdale is clerking in Mr. N. L. Curry's general store at present.

Temple Hill Sunday School opened last Sunday for the summer.

Quite a number of our citizens have invested in new buggies this summer.

Miss Kate Neely has gone to Toronto for a few months.

Miss Edith Boyd spent a week ago Sunday in Meaford, the guest of Miss Lyde Marshall.

Mr. and Mrs. W. Curry of Walters Falls spent Sunday at Rev. Mr. McLaren's.

Mr. William Neely of Toronto is renewing old acquaintances here.

Mr. Jas. Trickey has moved into the house occupied by Mr. Brown.

Mr. Jas. Berchill of Markdale, formerly of this place, was united in matrimony to Miss Sophia Reid of St. Vincent, last Wednesday. Congratulations Jim.

Lady Bank

From Our Own Correspondent.

The fine weather we have had of late has been a great help to the farmers with their seeding.

Miss Bruce of Feversham visited Mr. and Mrs. F. Whewell on Friday last

We are glad to see our neighbors taking an interest in the old Rock Hill church again. This time it will be used for a Sunday school. The first meeting was held on Sunday afternoon last and was superintended by Mr. F. Whewell, Sr. There was a good attendance.

Miss E. Osborne has left for Flesherton, where she will spend the summer.

W. thought he would stay home and attend his seeding instead of going to Owen Sound on that great day. There is nothing like studying economy.

Mr. T. Osborne has purchased a new Dale roller from Mr. S. Osborne, agent, and is doing fine work.

We are glad to see our neighbors getting along so well and prospects appear to be good for them.

John is engaged for Toronto exhibition already.

Ceylon.

From Our Own Correspondent.

Dr. A. Little of Owen Sound was in our village on Saturday.

Mrs. McDonald of Corbetton spent Sunday with Mrs. W. Lawrence.

Mr. and Mrs. George Mitchell of Rochester who have been visiting at Mr. F. Cairn's for the past week, returned home on Monday.

Misses Millie and Clara Cook spent Sunday at Zion.

Mr. Isaac Sargeant left for Collingwood on Sunday.

Several young men from Markdale entered the Queen's hotel on Sunday night and relieved the tables of their contents.

Clark, Nicholson & Co., of Flesherton and M. K. Beaton of Flesherton shipped the last of their poles and timber last week.

A little daughter arrived at the home of Mr. and Mrs. A. Gilchrist on Sunday morning.

A wheel on a freight train going north on Sunday afternoon broke in two about half a mile from the depot and after running about two miles three cars got off the track. We understand considerable damage was done. An auxiliary was sent for, which arrived about nine o'clock, and removed the disabled cars.

Vandeleur.

From Our Own Correspondent.

Seeding is being rushed forward rapidly.

Mrs. Carson and son Alex. from Priceville, spent Sunday with friends here.

Mr. John Allen of Glenelg wheeled to Mr. Geo. Warling's Sunday week and returned the following day.

Mr. Henry Somers, who has been ill for some time, is able to be around again.

Mr. James Waring has been on the sick list for a couple of weeks but is improving nicely.

Evangelist Goff took charge of the services here last sabbath.

Eugenia

From Our Own Correspondent.

Mr. Bow of Orillia has taken the position of principal in the Eugenia school. He seems to be a young man devoted to his work and has created a very favorable impression on his scholars and the people here, who all hope his work will be pleasant and that he will long be able to wield the birch at Eugenia.

The old Beaver is doing more than turning factory wheels at presents by all accounts. She is turning out the speckled beauties by the hundred.

Mr. Munshaw is adding a number of rooms more to his already extensive hotel, as he finds it impossible to accommodate such large numbers of visitors as patronize his place every summer.

The Eugenia falls at present is something grand. Niagara has no more beautiful scenery than can be seen here at present. All we want is a railroad to make this one of the most famous summer resorts in Ontario.

Farmers are pretty well on with their seeding; by the 24th they will be finished and ready for a good picnic at Eugenia.

The tent caterpillar seems to be preparing for another campaign this summer. The maples suffer most from their depredation as they cannot be sprayed.

Died—May 2, at 51 West Ave., Toronto, Melvin Henry, aged nine months, dearly beloved and only child of Mr. and Mrs. Joseph Fenwick. The many friends of the parents at Eugenia tender them their sincere sympathy in the sad bereavement.

Wareham.

From Our Own Correspondent.

No visiting this week, as the ladies are busy house cleaning and have not time to talk. The good farmers are wooing the old earth and supplicating a beautiful harvest.

Mr. John Little has bought Mr. Watson's farm.

Mr. H. McMillen has purchased one of Mr. McClure's farms. It is hard work farming alone, boys; better get some help.

Mr. William Taylor is making preparations for a new house this summer.

Miss Louie Robinson, who is now in the hospital, Toronto, is recovering and will soon be home again.

Mrs. James Johnston, who has been very seriously ill, is now recovering. Her recovery is ascribed to a skillful operation performed by Dr. Sweetman of St. Michael's hospital, Toronto, assisted by Drs. Scott and Softley. The skillful and judicious way Dr. Scott played his part in this case has won for him a very high place in our estimation.

Tuesday evening a large number of ladies and gentlemen of our burg and vicinity met as a social surprise at the residence of Mr. Samuel Arnott and presented Miss Jessie with a very expensive teacher's Bible and hymn book and the following address:

Miss Jessie Arnott:

DEAR FRIEND,—We, the members of the congregation of the Methodist church, Wareham, desire to express to you the great esteem we entertain toward you personally and our hearty appreciation of your valuable services in the musical and other departments of the activities of the church. For the number of years we have known you until the present time we have enjoyed the pleasure of observing the kindly, cheerful and generous spirit you have ever shown toward all, as well as zeal and devotion to your musical and other studies, resulting, as they have, in the high attainments you have already reached. While, we gratefully acknowledge what you have done in the Epworth League and in other spheres of usefulness, yet it is as organist of the church that you have placed us under the greatest obligations. Your faithfulness in that position at, no doubt, the cost of many sacrifices, and the manifest ability you have shown in the discharge of your duties, have been a source of great gratification to the entire congregation. Not only in the regular work of the church, but in concerts and other entertainments you have been most ready and willing to do what you could to contribute to their success. We feel satisfied that the high status to which our choir has attained and the grand service they have rendered us is in no small degree due to you as organist. In a word we prize you very highly and trust you may long occupy the position you have so ably filled. Will you therefore please accept this Bible and hymn book, not as an adequate compensation for the services you have rendered, but as a slight expression of our appreciation and esteem. Wishing you a happy and successful future, we subscribe ourselves on behalf of the congregation.

Class II jr—John Muir, Alma Blakeston.

Pt. II sr.—Robbie McLean, Wilbert McLean.

Pt. II jr—Gladys Watson, Tena McLean.

Sr. I—Gordon McKinnon.

The Deaf Made to Hear.
St. Thomas May 2nd—A modern miracle was made known to-day when Mr. Riddle, of this city, announced that he had recovered his hearing. He has been almost entirely deaf, and it borders on the miraculous to find him able to hear anything with great distinctness. As his case is proving of such universal interest, we give Mr. Riddle's own statement. "My hearing was always poor, and for long ago I became almost deaf. It was the result of Catarrhal Inflammation, but nothing did me good until I used Catarrhozone. It cured my trouble and I strongly recommend it to the deaf." Fully nine tenths of the deafness is the result of Catarrh, and can be cured by Catarrhozone. The cures of deafness wrought by this remedy in cases of even twenty years standing are really astounding. Among many others, ministers of the gospel testify to the wonderful power of Catarrhozone, and your druggist can tell of some astonishing cases in his own experience. Better to give it a trial, if your hearing is impaired. Price $1.00, small size 25 cents, druggists or N. C. Polson & Co., Hartford, Conn., U. S.
