Grey County's Biggest Store

We Lead

BARGAINS IN CLOTHING

It isn't the easiest thing in the world to make clothing perfect. The inclination is to cheapen cost wherever possible, especially where things are made in quantities. We do better than the average because we want to. The kind of clothing we handle is the Superb Merchant-Tailor Sort.

FINE as Wit and Skill can Make Them

Occasionally a manufacturer wants some ready money and comes to us with a line of clothing to clear at a big reduction. Knowing we can handle large quantities and have the spot cash to pay for them we usually get the first chance. Two Weeks Ago we put on sale 35 men's suits at $3.90 or 4.50 each. They all sold in about three days. We immediately wired for 50 more, also for samples of lines they could offer at Half Price. The consequence is we purchased largely and will put on sale Thursday morning.

The People Sizzled

It was a Hot Day on Monday but the Crowd Came.

Flesherton made a reputation last year for getting up a good day of fun on Dominion Day and his year she has emphasized it. At 6 o'clock a. m. on Monday people began coming in and by 10 o'clock there was a respectably large crowd in town. Early morning threatened rain, but this passed away and old Sol got in his most vigorous work. As a result the crowd got possession of as many cool spots as it could find, and chairs and seats were put out in shady corners for village guests. The trades procession was fully better than that of last year and that is saying a great deal. For those who think of Flesherton as a back a number in manufactures and trades no doubt the exhibition was an eye opener. Every business man vied with his neighbor in his display, and the sum of these efforts was something that is not often seen. In passing we might say that it is not likely that the people will in the near future undertake a similar display. The tax on time and pocketbook is too severe to stand it. Therefore those who were present were doubly fortunate in witnessing the turnout this year. Following is the order of procession :—

Policeman, Dr. E. Henderson.
President in carriage.
Representation of elephant.
Committee 10 on horseback.
Artemesia Council in carriage.
M. Richardson & Co., van.
F. G. Karsted, wagon.
Flesherton Band in carriage.
P. Loucks, flour decorated wagon.
John Hales, carpenter, house on wheels.
Thompson's bakery wagon.
Heard & Sons, 3 wagons, shoeing a horse.
Lloyd and Scully, egg and butter wagon.
W. Moore, harness.
W. Clayton, boots and shoes.
D. McTavish, flat with vehicles.
M. K. Beaton hewing timber.
Vandeleur String Band as callithumpian outfit.
F. A. Baker, tailor shop on wheels.
John Nuhn, woollen mills in operation.
T. Bulmer, photo display.
Chas. Stewart, dairy, with dog churn.
A. Wilson, barber and laundry, 2 wagons.
W. A. Armstrong, jewellery display.
T. J. Sheppard, dry goods.
Dr. Murray, dental room.
J. P. Ottewell, Massey implements.
W. H. Bunt, furniture.
W. H. Thurston, printing office.
Eugenia Calilthumpians.
Collingwood band arrived a little late and came in at the end.

NOTES OF THE PROCESSION

The policeman, Dr. Emerson Henderson, was the cynosure of all eyes, with the president and his footman an easy second.

Some of the displays were exceedingly fine, among the best being those of J. Nuhn, Heard & Sons, M. Richardson & Co., A. Wilson, D. McTavish. We understand the judges awarded the prize to Heard & Sons.

Early in the day the redoubtable Eugenia warriors came in with war paint, feathers and guns, creating much diversion, and led by the also redoubtable F. T. Carr carrying an old cradle scythe by way of armor. They took the town, [illegible] and the prize of ten dollars for best turnout. They are a jolly lot of fellows, anyway, and can get up a "jam up fine" turnout.

The Advance had a badly damaged Gordon press as a result of the trip.

THE AFTERNOON GAMES.

There was but one thing that marred the day's fun and that was the failure of an open trot to fill. A hundred dollar purse was offered but this did not prove a sufficent inducement, as it seems there were better things offered elsewhere. The other events, however, proved of much interest to the audience of one thousand people who assembled on the grounds. Markdale and Orangeville put up a good exhibition game of lacrosse, the latter winning eight to four goals. Following is a list of the other events :

2.40 trot or pace-Antillor by Antillo, 1 Minnie Gibson 2

Farmers green trot—S. Egerton 1. Jas. Best 2, W. Freeke 3.

Fat man's race—F. McDougall.

Men's bicycle race—H. Child 1, G. Alton 2, A. Alton 3.

Boy's race—M. McLean 1, S. Orr 2, R. Speers 3.

Running hop-step and jump—Thos. Blakely 1, T. McDougall 2, M. Wilson 3.

The concert in the evening was not largely attended, owing to the prevailing heat, but numbers stayed in town until after the concert in order to see the fireworks of which there was a nice little display. Altogether the committee and citizens are to be congratulated upon a successful day. The gate receipts amounted to $269.80, and the total receipts, including a citizens subscription of $63.25, amounting to over $400. Doubtless the committee will have a detailed statement of receipts and expenditure prepared for next week's issue.

Lady Bank

From a special correspondent.

The crops around here are looking well, even to the mustard. White and John D. pull their mustard regularly. Some think the mustard was sown, others that it was those long billed birds that carried it.

Mr. D. Roberts raised his barn on Friday week. Everything went well and all had a pleasant time after the raising. Dave is a jolly good fellow and is well liked by everybody.

How is it that Siah looks so strong since the raising ?

We see by your regular correspondent that new buggies are plentiful and money scarce. I wonder if he could lend a man who was in a pinch any money.

White is in the background. We have great sympathy for him as he is bothered with chattering tongues.

We would advise Billy not to get so chatty when coming from Eugenia.

We are glad to hear that the Hickling boys have their mill running well.

Mr. A. White is putting a hundred dollars worth of improvements on his threshing machine. We hope he willt have good fortune the coming seaosn.

Mr. J. Gardener spent the first in Dundalk.

Miss Ella Wilcock is visiting friends in Toronto.

The Western Fair.

London, September 5th to 14, 1901.

The first Western Fair of the twentieth century promises to be a record-breaker in all the essential features that go to make up a varied exhibition of the products of the soil, the skill of dairymen, the judgement and knowledge o our breeders of thoroughbred stock, the skill of artisan, and the general perfection to which agrarian operations and all that pertains thereto may be brought. It is only when such are concentrated and brought within the compass of a day or two of pleasurable sight seeing that one is enabled to realize at a glance the richness of the section from which the Western draws its patronage and the vast possibilities of the land we inherit.

At the Fair grounds all conveniences have been improved, and exhibitors will be pleased to know of such additions and alterations in the Prize List as are calculated to give the greatest amount of satisfaction to the exhibitors. The speeding in the ring, always a feature of the Western Fair, will this year, with enlarged purses, be more attractive than ever, while the incidental attractions are the highest priced that could be secured. The gymnasts are all the first-class in the vandeville world to-day, and not the least interesting feature is a full troupe of performing elephants.

Prize Lists may be had on application to Mr. J. A. Nelles, Secretary.
