Stones Settlement.

From Our Own Corresdonpent.

The gentle showers of the past few days have greatly benefited the crops, which in many instances were suffering badly from the parched condition of the ground, and many bare spots were to be seen in the grain fields, especially on high land, and farmers were beginning to entertain fears that crops would be to a great extent a failure, but now the grain has covered the ground and prospects of a fair crop are more promising.

A few weeks ago it was rumoured that one or two legal partnerships were likely to be consumated in this vicinity in the near future, however, the contracts, if ever formed, must have fallen through as there is not the least whimper now that the new firms will ever come into existence.

We are sorry to announce that Miss Beattie has resigned her position as teacher in our public school. During the eighteen months which she has been engaged, we firmly believe that it has been her aim to rule the schools with patient kindness. If amiability and affection are the factors which bind teacher and pupils together, then Miss Beattie has displayed enough of those qualities to render the bonds inseperable. We have had some excellent teachers in our school, but we know of none who evinced a greater affection for her pupils, or less inclination to exercise her authority by punishing refractory ones. Her lenity has been her greatest fault, and we are inclined to think that, had her true worth been duly appreciated, it would have been something very urgent which would have been induced her to tender her resignation at this season of the year. As it is we trust that a useful and remunerative future awaits her.

On Sunday last, Alfred, youngest son of Henry Stone, arrived home from New Ontario, where he has been located for the last four years. We are sorry to state that Alfred, who is an energetic and promising young man, has for some months been incapacitated from labor by an abscess in the leg, which medical treatment has hitherto failed to cure, but we trust that a change of scene and climate will soon restore him to his former good health. In speaking of the country he says there is any amount of excellent farming lands awaiting settlers, that most of the older settlers are already in comfortable circumstances, and he thinks that when the railway (which is now building) is completed there will be a flood of immigration to the country. The mineral wealth of the country, he thinks, is incalculable; wages are good and employment steady. Men in the lumber camps get from thirty to thirty-five dollars with board per month. Of course men working in the mines exceed these figures. He says there is plenty of work with good wages the year round for good men. On asking him about the winters, he says, the winter weather is very much exaggerated. He admits it is very cold, but the dryness of the atmosphere compensates for the extra degrees of cold, which makes the snow dry and sand-like that a person can work out doors, or in the bush all day without getting wet; in fact, says he, the winters there are more pleasant than here. Both Alf. and his brother Harry have taken up land, and he intends returning as soon as his health will permit.

We were glad to hear that Mr. P. Holman of Flesherton had so far recovered as to be able to take a drive out to this neighborhood on Monday last.

Mr. Donald McLeod is busy framing the stable for his uncle John. The stonework is not yet built. Masons are busy this season.

Mr. Henry Stone is digging a cellar for an addition which will be built to his dwelling house. Next week we expect to see his lime kiln spitting and spluttering like a miniature volcano.

A number of our young people attended the English church service at the Station on Sunday evening last.

The Cause of Nervous Headache.

This most distressing and common malady doubtless has its origin in some unbalanced condition of the nervous system. Probably the simplest, safest and most efficient remedy is Polson's Nerviline. Twenty drops in sweetened water gives immediate relief, and this treatment should be supplemented by bathing the region of the pain with Nerviline. To say it acts quickly fails to express the result. Sold everywhere in large 25c. bottles.

Port Law

From our own Correspondent

Our citizens turned out in force to witness Fesherton's big celebration of our nations natal day.

Mr. J. A. Hutchinson, teacher, left for his parental home at Brechin to spend his holidays, intending to cover the distance per "bike."

Miss Paul, Miss Benson and Mr. W. Benson, Eugenia, visited lately with Mrs. Jamieson.

Miss Carrie Taylor, who has spent several months with friends in Winnipeg and Toronto, returned home last week.

Mrs Geo. Beecroft has been in a very delicate state of health for some weeks past, but her friends are pleased to see her going around again much better.

Miss Sarah Tucker, Flesherton, visited friends here recently.

Miss Kate McMaster left last week for an extended visit with her brother at Bruce Mines.

Mr. and Mrs. F. W. Nicholson have returned from their trip and report having spent a delightful time among the lakes of Muskoka.

Rev. Mr. Lamont of Flesherton and Mr. Gossling of Toronto Bible Training School attended the union prayer meeting at Mr. John Kerr's and delivered stirring gospel addresses which were much appreciated.

Saleside union Sabbath school (4th line) held their annual picnic in Mr. Atkinson's wood on Friday last, the pupils of the public school and other friends joining in response to kind invitations. There was a large gathering and all appeared to enjoy themselves thoroughly.

Eugenia

From Our Own Correspondent.

Dominion Day passed of very quietly at Eugenia as all our citizens went out with the Callithumpians to Flesherton.

Mr. John E. Williams had a very valuable horse killed by lightning during a thunder storm the past week.

Mr. and Mrs. Joseph Fenwich of Toronto spent Dominion Day with friends at Eugenia.

Mr. Moses Sherwood and family has gone to Collingwood to live.

Mr. Mears of Trenton has rented his house and moved his family up the past week. A Cordial welcome is extended to them.

The many friends of Miss Edith Carr are pleased to have her home from the city once more.

We are sorry to hear of the serious illness of Mr. James Jamieson of Salem.

Mr. John Jamieson has erected an addition to his house and he has now a very pretty residence.

Vaccination has been pretty general around here for the past few weeks. A good many thinks it about as severe as the smallpox.

At the beginning of June in each year about 300 organ grinders leave Italy for London. They return to their native land in October and live well for the eight months, when they again start on their pilgrimage.

Vicinity Chips

Characteristics of the Past Week Carefully Culled for the Curious

Fresh lime always on hand. J. H. Duckett's, Eugenia.

Wool wanted, also butter and eggs highest market price paid in cash. F. G. Karstedt.

FOUND—Near W. Duckett's, on Tuesday afternoon a blue serge coat. Owner call at this office.

A report of Euphrasia Sabbath school convention and some other matter is held over until next week.

Purse found, containing small sum of money, on Dominion Day. The loser can secure same at this office.

Private or company funds to loan at from 4½ to 5 per cent. Expense low. Apply to Geo. Rutherford, Shelburne.

Wanted at Priceville tannery—500 cords tan bark, highest price paid for summer or winter delivery. C. C. James.

FOR SALE—One good second hand 16 H. P. engine with locomotive boiler. Waterous manufacture. J. Hickling, Maxwell.

Divine service will be held in St. Mary's (English) church, Maxwell, on Sunday afternoon July 7th, inst, at 3.30—Preacher C. L. Millis—all welcome.

The evening train from Owen Sound was several hours late Tuesday owing to a smashup of a freight near Chatsworth. We could not get particulars.

Mr. Jos. Ferris of Kimberley recently sold a sow and litter of eight 2-weeks pigs for $45. There is certainly money in pigs now-a-days.

An old lady named Duff was found drowned in a cistern at her home in Markdale one morning last week. An inquest was held and the jury returned a verdict of accidental death.

The merchants close their respective places of business during July and Aug. at 6 p. m., with the exception of Wednesdays and Saturdays, when they will remain open until 9 o'clock.

500 cords tanbark wanted, delivered at any of the stations on the C.P.R. between Owen Sound and Orangeville inclusive, for which the highest price will be paid. John R. Baines, Markdale.

You are invited to call and see our full line of bicycles. Agents for over 100 different makes. Second hand bicycles from $10 up. Bicycle shop open all day July 1st. John H. Heard.

Under the auspices of the managers of the Eugenia Presbyterian church a good hot dinner will be prepared for the Orangemen on the 12th. Others all are cordially invited. Admission to dinner 25 cents.

The thermometer has been up in the nineties during most of the week. On Monday afternoon last it registered 92 in the shade. Tuesday was slightly cooler. Cool breezes made it bearable outside, however.

The award in the Graham versus Artemesia township arbitration case was handed to Reeve McTavish on Monday. It allows Mr. Graham the amount which the township offered, namely $35. This decision throws the cost of the arbitration upon Mr. Graham.

A monster garden party is to be given by the Ladies of Markdale Methodist church at the home of Mr. Andrew Beattie, Orange Valley, on the evening of Thursday July 4. Seasonable refreshments and Brass Band music. Admission 20 cents.

It has been intended by the Presbyterian Sabbath School to picnic at the beavermeadow on Friday next, 5th inst., but this arrangement has been changed and the school will picnic at Eugenia instead, where they will join the pupils of Mr. Reid's school.

Mr. John Sample has the contract for carrying the Feversham mail for the next term, and made his first trip on Monday. Mr. F. C. Bruce, who carried the mail for some years, gave very general satisfaction and his genial face is missed in town.

The Advance was favored with a call on Friday from Mr. Geo. Lamon, manager of the Carberry (Man.) Express, who is at present on a visit to his parents at Dundalk. Nine years ago he spent one winter on the Advance staff, since which time he has "staid by" the Carberry paper. Geo. will visit the Pan Am. before returning west. He says business and prospects in the west are good.

Mr. James Strachan, merchant, of Maxwell, who is about to leave for California, will hold a sale of household effects, farm implements and some stock, on Wednesday, July 10. Any store goods left at that date, will also be put up. See large bills. Sale at 1 p.m., sharp.

Anniversary services will be held in the Presbyterian church on Sabbath next, at 11 and 7. p. m. and in accordance with usual custom the evening service will be withdrawn in the Methodist church. Rev. John Little of Chatsworth will conduct the services for the third time during the last five years.

The Leaving examinations are being held this week. Principal Slaughter goes to Dundalk, Rowe of Markdale is presiding here and Speers of Dundalk looks after the problems of Markdale. There are nineteen pupils writing at Flesherton and only five at Dundalk, of the nineteen here eight belong to Flesherton school.

Warning—In future all animals that I find in my premises, the Flesher property, I will put in pound. The fences are deliberately torn down and I do not intend to either herd nor pasture the village cattle. It is the duty of every owner of stock to look after them and if they want to save trouble and expenses they had better do so.—W. G. Pickell.

The Osprey district L.O.L. met at Singhampton on June 15, when it was decided to celebrate the 12th in the village of Maxwell. The following resolution was adopted and ordered to be engrossed in the minutes and sent to the local papers: "Moved by Bro. S. Taylor, seconded by Bro. Elliott.—That we, the officers and members of District L.O.L., take this opportunity of expressing our sympathy with Bro. Thos. Scott in the recent loss he has sustained by the death of his wife, and pray that the God of all grace would sustain and comfort him and his family in their sad affliction."

About twenty of the young people of Flesherton picnicked at Eugenia on Thursday last. The Advance man was a guest of the party at tea, as also was several Eugenia citizens. We have to say for the ladies of the party that they laid out a spread, the excellence of which is seldom seen at a picnic. There were ice cream and strawberries, oranges and bananas. As for the tea and cooking-well, they will be fortunate fellows who get these young ladies for wives. That is our final decision based on the excellence of pies and cakes placed before us. After supper the young people engaged in tennis and other games, returning home in the cool of the evening refreshed and rejuvenated by their outing. It was an ideal day for a picnic and the best was certainly made of opportunities. There is a wedding in the wind.

Rev. J.S. I. Wilson, B.A., B.D., began his pastoral duties in the Methodist church, on Sunday last, preaching morning and evening to large and very appreciative audiences. The morning discourse was based on Hebrews 12-1: "Wherefore seeing we are also compassed about with so great a cloud of witnesses, let us lay aside every weight, and the sin which doth so easily beset us, and let us run with patience the race that is set before us." The sermon was more particularly aimed at the besetting sin—the one sin which we find the hardest to crucify. Both morning and evening sermons were eloquent and masterly appeals. Mr. Wilson has created a very favorable impression indeed, and we trust his pastorate will continue harmonious and pleasant, and that the relations between pastor and people will bear out in their fruition the auspicious beginning which they undoubtedly have had. We look for renewed life in Metholist circles from this time forward.
