

Fortunately Lindsay and district has not been singled out regarding the contamination of lake and river waters. However, a former well known Lindsay resident did "hit the news". He is Mayor Jerry Simmons of Gravenhurst who agrees with Muskoka resort owners that the Muskoka Lakes of Fairy and Muskoka should not be singled out for particular mention. Mayor Simmons says that these lakes are almost entirely used for fishing and not for bathing. Mayor Simmons will be remembered locally as a former member of the staff of Gregory's Drug Store.
