Watches.

We are showing watches now, and claim to have the largest stock west of Toronto, the best stock to select from, and the Cheapest stock, taking quality and everything into consideration. We are getting in new stock every few days and selling watches every day. Prospective buyers should remember the old maxim: "Make hay while the sun shines." The sun is shining now for such purchasers; all you have to do is to come in and buy and your hay is made. Come in and look at the stock whether you wish to buy or not.

From Our Own Correspondent

The following took in Owen Sound fair last week; Miss A. James, Miss E. Robertson, Miss M. A. Watson, Mrs. W. J. Blakeston, Mr. W. G. Watson and Mr. W. Quinn.

Mrs. (Rev.) Mattheson took in Dundalk fair and visited Mrs. Buchanan.

Mr. Hermie and Miss Mamie McLean attended the wedding of their cousin at Glenedin on Wednesday last.

P. Bolger was in Dundalk for the fair.

Mr. T. J. Patton arrived home from Scotland on Friday last, looking well after his trip.

Mr. Herman McLean left on Saturday for Merlin, Kent Co., where he has got a good situation in a blacksmith shop. Herman will be very much missed by his many friends here as he was a general favorite, especially so among the fair sex. We wish him success in his new place of abode.

Messrs. Angus McPhail, Jas. Burnett, Fred McArthur and John Livingston started for Duluth on Saturday.

Mrs. Amos Doupe and Eddie and Mabel of Brooke visited her friends and old neighbors on the D. R. last week.

Miss Maud Watson, who has been visiting here, started for her home in Cheboygan on Friday.

Stones Settlement.

From Our Own Correspondent.

The Toronto News says it is time to decorate; our trees, lawns, house tops, window-sills, etc., were on Friday morning, for the first time this season, decorated with the beautiful.

With one or two exceptions the threshing has been completed in this section. Although the yield of grain is below the average of former years, yet the turn out is generally considered good for the quantity of straw, and the present price of grain to some extent, compensates the farmer for the shortage. The root crop yet remains to be harvested, and the usual cry of lots of fine weather yet, prevails. We hope so.

The beautiful weather existing during the Flesherton show fair induced many of our neighbors to take in the sights and this line appeared deserted on the last day of the fair. We wonder how many of them will go to the city to see the Dook? It is time to decorate.

Mr. Thos. Fletcher of Drayton visited relations on this line last week.

Miss Rachel Lyness is spending a few weeks with friends in Albion.

Miss Mead Whittaker visited friends in Owen Sound last week. She was accompanied by her sister, Miss Laura, who remains to take a course in short hand and typewriting at the business college there. We hope she will return an effective typiest and stenographer.

Mr. Harry Spicer visited friends in Melancthon last week

We are sorry to state that very little improvement has taken place in Mr. A. Stone's condition since he entered Grace hospital, Toronto, five weeks ago. It was at first thought that an operation would be unnecessary, but further developement has we understand, necessitated his removal to another hospital for treatment under a specialist for hip and bone disease. An operation will be necessary but it is hoped his ultimate recovery will be the result Many thanks are due to Dr. E. K. Richardson for the kindly interest he has taken in Alfred's case.

Osprey Fall Fair.

Friday morning last, when the people of Osprey awakened from their slumber, they found the ground covered with snow. As a consequence things looked blue for the fair at Feversham, and the directors were correspondingly disheartened. The storms came at intervals throughout the day, but the surprise of the directors a crowd came also and in nearly every respect the fair could be compared favorable with last year, gate receipts being about $130, while the concert netted $80. As is usual with this show, some very fine horses were shown, with sheep and pigs up to the average, while in cattle there was a falling off. In the hall the roots were very fine and averything was a good average. Mr. Noble of Dundalk made a special exhibit of furnaces and was very busy booking orders and explaining the qualities of his goods. Mr. Noble is enterprising as few special exhibitors had the hardihood to face the elements that day. Cameron and Kelly were the concert attraction and the pair gave an entertainment which was thoughly enjoyed. Mr. Kelly's guitar solo, "The Spanish Retreat" was especially appreciated. Following is the prize list in full.

From Our Own Correspondent

Mr. P. Harris happened with an exciting experience a short time ago. While working in the field he went to lift a stone, when a spider bit him on the finger and hung on so that he had to knock it off. Soon his finger and hand began to swell and later his arm. He nursed the member carefully for a day and after applying many remedies, he got the poison under control but not before he suffered considerable pain. He thought for a while that the trouble would prove serious but it is now under recovery.

Some one of spiteful nature came to the premises of Mr. Albert McConnell and deliberatly cut and scored his buggy so as to make a general repairing necessary. The seat, top and dashboard were cut in many places, the box scored with a knife and the wheels badly cut. People that do such acts deserve the full penalty of the law.

Mr. Samuel Martin passed away at his home on the east mountain last Friday. The remains were laid to rest the following day in their burying plot on the farm

Mr. and Mrs. Alex Fawcett visited friends in Acton last week.

Mrs. P. Walton of Holland Centre has been visiting at Mr. H. Walton's this week.

Miss Bella Duggan of Schomburg is the guest of Mrs. Jas. Stewart.

Mr. W. Ellis has gone to Parry Sound with a number of horses which he intends to sell there.
