Corn Temper

Just as trying to the nerves as temper excited by other causes. Haven't you heard of Putnam's Painless Corn and Wart Extractor? Cures quickly and painlessly; others pain—make men swear—the ladies complain—not so with Putnam's. All druggists sell Putnam's or it can be sent by N. C. Polson & Co. Kingston, Ont., to any address in Canada or United States, on receipt of 25 cents.

The latest message from Parry Sound hospital states that Mr. Richard Olmsted of Walrtes Falls, who was shot in the left arm recently in a deer hunting accident, is making satisfactory progress toward recovery. The bone of the arm has been spliced and rivetted, and the arm will be as useful as the other, though about one inch shorter. It is gratifying to learn that nothing more serious will result from the unfortunate accident.

"Why don't you run a newspaper like that?" said a merchant to a publisher, throwing down a blanket-sheet city daily. "Why don't you run a store like that?" said the editor of a country sheet as he turned the paper over and pointed to a full page of advertisement that brought the city publisher $250 an issue. Just then the country editor presented a monthly bill for $5, and the merchant began to talk of economizing by cutting down his advertisment and stopping his paper. He did both, and the sheriff is now doing his advertising for him.

On Nov. 13 Judge Meredith delivered judgement in the suit brought by Mrs. Madill of Alton against the township of Caledon for damages for injuries sustained through falling on a dilapidated side walk in Alton. The judge held that the sidewalk was out of repair and that the Caledon council was bound to keep it in proper condition. He awarded Mrs. Madill $600, $475 for damages and $125 for costs. Caledon has also its own costs to pay and the little bill will run up to at least $1,000. This snag sum would give Alton bran new sidewalks from its centre to its circumference.

Not long ago the wife of a Middlesex politician asked him to lay aside politics long enough one day to dig the potatoes in the garden. He agreed to do it. After digging a few minutes he went into the house and said that he had found a coin. He washed it off and it proved to be a silver quarter. He put it in his pocket and went back to work. Presently he went to the house again and said he had found another coin. He washed the dirt off of it. It was a silver half dollar. He put it in his pocket. I have worked pretty hard said he to his wife. I guess I'll take a short nap. When he woke he found that his wife had dug all the potatoes. But she found no coins. It had dawned upon her that she had been "worked."

Many a farmer loses money by failing to promply market his stock before the profit is eaten up, and more particularly is this so with poultry. In this respect the experiments carried out by the Department of Agriculture result in figures which are distinctly valuable to poultry raisers, and all the more so as this branch of industry is coming more to the fore as the market widens. According to the recent experiments, the cost of feed for one pound of gain in live weight for a chicken three months old is four and one-half cents. If the same chicken it kept until twenty weeks old the cost of feed per pound of gain live weight is six and three-quarter cents. A saving of two and one-half cents per pound can thus be made by selling a chicken when it is three months old instead of waiting until it reaches the age of five months. The experiments also show that a chicken fed in a crate makes more gain than a bird that is left running around. This denotes that greater profit is made by feeding a chicken in a crate when young than by allowing it to run outside.

VARICOCELE & STRICTURE
No other disease is so prevalent among men as Varicocele. As it interferes with the nutrition of the sexual organs it produces emissions, loss of semen through the urine, decay of the organs, pains in the loins, aching in the back, nervousness, despondency, bashfulness, palpitation of the heart, constipation, and a comb nation of these results in complete **Loss of Manhood.** Thousands of young and middle aged men are troubled with **Stricture.** If you have reason to believe you are afflicted with it, don't neglect it. It will ruin you. Don't let doctors experiment on you by cutting, stretching or tearing it. Our **New Method Treatment** dissolves the stricture tissue hence it disappears and can never return. Write Varicocele and Stricture without operation or loss of time. The treatment may be taken at home privately. Send for our Free Illustrated Book on **Varicocele, Stricture and Cleet. We guarantee to Cure or No Pay.**

Kidneys & Bladder
All sexual complaints affect these organs, hence the kidneys are a great source of disease. Have you aching or weakness over the small of the back, tendency to urinate frequently, deposit in urine, coldness of hands or feet, a drowsy feeling in the morning. Don't neglect your kidneys. Our **New Method Treatment** is guaranteed to cure any disease of these organs or so pay.

No Names Used Without Written Consent.
O. W. Rowe, of Jackson, Mich., says:—I had varicocele in the secondary stage and two structures of 8 years standing. I was operated on twice, undergoing great suffering, but only got temporary relief. I was finally advised to try the **New Method Treatment** of Drs. K. & K. The enlarged veins disappeared in 4 weeks, the stricture tissue was removed in eight weeks and my sexual energy and vitality returned so I was a man in every respect. I recommend you doctors with my whole heart."

Stones Settlement.

From Our Own Correspondent.

Our public school concert will take place in the school house on Thursday evening, the 19 inst. Refreshments will be served from 7 to 8 o'clock; an admission fee of 15 cents for adults, and 10 cents for children (not pupils of the school) will be charged, the proceeds to be expended for the benefit of the school in such a manner as decided by majority of votes by the pupils. Our popular and affable teacher, Mr. J. L. Wood, assisted by his amiable lady, are sparing neither time or energy in preparing the children to give the best entertainment of the kind ever witnessed in this section. The children have been carefully trained in singing by Mrs. Wood, and will render some select pieces. A very interesting and amusing program will be given, consisting of songs, recitations, dialogues, etc., and we understand that two wee sma' lasses are billed for a Gaelic song. We are also informed that some noted talent from a distance are expected to give valuable assistance. We hope that we shall have favorable weather and a full house. Please don't forget the date.

Since last writing, Mr. Gervis Hazzard has returned from the Parry Sound district, of which he was not favorably impressed.

Mrs. R. Whittaker was suddenly taken ill a few days ago, and for a time was considered dangerously so, however, we are glad to say she is recovering. Edgerly Hazzard has also been very low with inflammation of the lungs. Dr. Carter is attending him, and he is fast improving.

An evening singing class in connection with our Sabbath school has recently been organized. This has been a long felt want in this neighborhood as we have always been to the rear in musical matters, not from a lack of talent, but from the want of some one to make a start, and now that a start has been made, we hope it will be continued in the same spirit it commenced, as it will tend to make our Sabbath school both pleasant and attractive.

Remember the date of our P.S. concert.

Mrs. J. Fletcher is spending a few weeks with her son, Mr. James Fletcher of Markdale.

Mrs. L. Wood was under the weather a couple of days, but his interest in the pupils prevented him staying there any longer.

Let everybody and one more, come to our P. S. concert on the 19th inst.

From Our Own Correspondent

Messrs. Dan Whyte and Duncan McPhail left on Wednesday last for new Ontario. We wish them success in the new country.

Mr. William Reiley met with a serious accident while cutting wood last week in G. Patterson's bush. He slipped and struck his wrist on the teeth of the cross cut saw, putting a nasty cut in it. One tooth jabbed the artery and made Wm. think he was done for. However, under the skillful treatment of Dr. Dixon, he will soon be around again.

Miss Myrtle Conkey of Dundalk, visited her uncle, R. Conkey of this place, last week.

Commissioner McArthur, was in Durham last week

Mr. T. J. Patton is now in the implement agency business, and is making things interesting for the other fellows

Miss M. Mead, O. D. R., returned from Toronto last week.

Miss Mary McAulay returned from Rockford Saturday.

Mr. Hugh Cameron has engaged with D. A. Brown, of Bunessan, for the winter.

Kimberley

From Our Own Correspondent

The concert of last Friday was well attended, and an enjoyable evening was spent by all. The program was chiefly musical, interspersed with some recitations and short speeches. The proceeds, we understand, were sufficently large to pay off the balance due on the sidewalk.

Mr. Albert Ellis is engaged in moving his stables from his lot nearest the village lot and renting his farm if possible.

Mr. Thos. Reid has been busy getting new sleighs made to supply demands of his many customers.

Mr. and Mrs. H. Down of Flesherton, visited the latter's parents on Sunday.

Some of the local hunters have succeeded in shooting two or three foxes recently. Mr. Geo. Stuart shot two inside of a week.

Mr. J. Weber had a shooting match last week, when he disposed of a large number of his turkeys. Some of the crack shots from here did some good shooting in competition with other famous shots.

Mr. W. S. Bishop has been dividing his bush farm along the river into lots. He is letting the contract for cutting the timber on them to different persons here.

Mr. T. Sowell is helping our blacksmith to complete his work in sleigh building.

Eugenia

From Our Own Correspondent.

The school concert came off last Friday night and was a complete success. It was intended to hold it in the Orange hall, but when the pupils went over there on Thursday afternoon to have a rehersal it was found to be altogether too small and inconvenient. No time was lost at the eleventh hour to move back to the school where a large platform was built and the room beautifully decorated with balsam and bunting. It was a beautiful winter night, which permitted a bumper house, and for two hours and a half attention was given to readings, recitations, solos, choruses, instrumentals, speeches, dialogues, marches, drills, club swinging, etc., ending up with a laughable pantomime sketch in which six small boys excelled themselves. A silver collection at the door realized $8.89 cents.

Mr. Moses Sherwood and son, Dick, formerly of this place, were here on a visit last week. They have been doing well since they left last June for Collingwood.

Now that the school concert is over the children are getting down to solid work practising for the Sunday school entertainments on the 20th and 27th inst.

Hugh Fiddis left for his new home on Monday, leaving many around Eugenia to mourn his departure, trusting that they will see him again.

Rev. Mr. White, preached in Markdale, morning and evening on Sunday last. Mr. Carr took Mr. White's work in this circuit.

Mr. John Britton is recovering from a recent illness.

Mr. John Fisher returned last week from Parry Sound.

Wareham.

From Our Own Correspondent.

Last Thursday evening a number of our young people attended the fowl supper in Maxwell Methodist church and report a good supper and entertainment.

We are glad to hear that Mr. Samuel Arnott is recovering and will soon be around again

Mr. John Johnston, of Dundalk, formerly of this place, has purchased what known as the Miles property and has brick and sand on the ground for a new house. We welcome Mr. and Mrs. Johnston back to Wareham.

Mr. Thos. Ross was unfortunate enough to have three head of cattle crushed to death under a capsized straw stack.

Mr. Room was driving along the road last week when his horse frightened and and became unmanageable, smashing the cutter past redemption.

Mr. F. Irish has got a new forty dollar cutter and a new ten pound boy.

The correspondent wishes Mr. Editor and Advance readers a merry Christmas.

County Council

WEDNESDAY

Members all present except Mr. McKinnon. Several communications and accounts were presented, including several commissioners' accounts in connection wim road work.

Mr. Preston presented report of Finance recommending that A. Irvine, of Hanover, be County student at the Agricultural College; that $15 be granted to the Children's Aid Society for conviction of a sale of tobacco; that with reference to the purchase of a seal, that the arms of Earl Grey be adopted as the seal of the county, as suggested by Mr. Parker County Treasurer, and a supply of stationary be purchased with the seal thereon. The report was adopted.

Report of County Property was presented by Mr. Gordon, recommending that accounts amounting to $161 78 be passed; that the Jail Surgeon's report be adopted and published; that the chairman be empowered to get a supply of wood for the county building, and have cleaning done; that a desk be purchased for Judge Morrison's office.

Mr. Harness moved the council into committee and Mr. Preston took the chair. Mr. Harness questioned the item of $10 rent of storehouse near jail, which Mr. Gordon explained was used for storing ice and straw for prisoners' beds.

Mr. Agnew followed Mr. Harness in a criticism of the item for storage. He had seen an account for storage of coal oil, but saw no lamps about the county buildings.

Mr. McDonald said this matter had to be explained nearly every time a new member took a seat in the council. He believed that things were arranged in the best way possible to have them at present.

Another matter which caused a long talk, was the report of Dr. Middlebro', Jail Surgeon. Mr. Harness professed to see in it that luxuries in the shape of tobacco and liquor were being supplied to the prisoners. He believed vagrants would be anxious to get sent to jail so as to get the luxuries, and urged that the supplies be cut off altogether.

Mr. McDonald and Mr. Gordon upheld the present system. The former pointed out that these items were supplied in all jails, and even in the central prison and penitentiary. The latter argued that if the county council were to stop the supply the inspector of Prisons would not allow it.

Mr. McArthur declared that this kind of discussion should be made at committee meeting, and not occupy valuable time in the council. Messrs. McColman and the Warden also spoke on the subject, the former recalling the time when a common item on the jail was two barrels of whisky. The report was adopted without amendment

Mr. Watson presented report of Education committee, which recommended that the action be taken re a small legal account of MacKay & Sampson; that a by-law be passed appointing Rev. James Ardill as county trustee to fill the vacancy caused by Dr. Waits' leaving the county; that A. Grier's report of East Grey schools be printed; that account of J. Gilchrist for stationery, be paid; that resignation of Thomas Gordon as public school inspector for west Grey, be accepted, to take effect on 1st January, 1902; that H. H. Burgess be appointed inspector to fill the vacancy at a salary of $800 per annum; that the sum of $— be granted Thomas Gordon in recognition of his services as inspector.

Council went into committee on the report with Mr. Agnew in the chair. Mr. McArthur nominated Mr. W. H. Wright as inspector, but left the matter in abeyance until the by-law was being passed. The report passed without opposition until the last clause was reached. Mr. Preston moved that Mr. Gordon be granted $500

Mr. Ries—What! Better start a superannuation fund at once.

Mr. Doyle moved that Mr. Gordon be paid $300 for three years.

Mr. McDonald did not think the council had power to do more than grant a lump sum. Mr. N. W. Campbell, Inspector for South Grey, who was present, was appealed to as authority, and referred to the Municipal law, which empowers the council to make a grant, in such a case as the present, of a sum equal to three years' salary.

Mr. McArthur thought the salary paid the inspector was sufficient without a retiring allowance. He was opposed to any such grant.

Mr. Allen strongly opposed such an action. Mr. Gordon had held another good office besides that of inspector, and his income must have been $2,000 a year, which was more than farmers generally made. If he had not means for his old age the speaker considered he ought to have out of such salary.

Mr. McColeman was in favor of a donation, and did not think $500 too much.

Mr. Harness agreed with Mr. Allen's remarks.

Mr. Shute thought a small donation might be made to Mr. Gordon.

Mr Doyle agreed that the inspector's salary had been fixed years ago, and the number of schools had increased since. He would withdraw his motion of $300 for three years but thought $500 was too small an amount

Mr. McDonald was in favor of the grant of $500 but feared it would not carry. He would rather make it less than have it defeated.

When the motion to make a grant of $500 was voted on Messrs. Brown, Shute, Preston, McDonald, Watson, Gordon and Doyle supported it, and it carried. This was only half the members present, but Mr. Allen's motion to leave it blank was by supported by the vote of the other members.—Advertiser.
