The Eugenia Waterpowers

Eugenia people are at the present moment feeling exceedingly sore over the impossibility of developing the splendid water power there. It seems to be an inheritance by which none can benefit. The main power is controlled by Mr. Hogg of Toronto and that gentleman refuses to sell at any reasonable figure, in fact his terms are utterly prohibitive. During the past summer some of the Eugenia citizens have been endeavoring to interest capital in their waterpowers, and in fact succeeded in doing so, to the extent that negotiations were entered into with the owner of the property, and we are informed that an offer of ten thousand dollars was made for the same, and refused. The price demanded was so much beyond all reason that negotiations ceased at once. In this connection we have been handed the following letter which, speaks for itself:

Mr. T. W. Wilson, Eugenia, Ont.

DEAR SIR:—Referring to your favor of July 29th, I regret that the owners of the Falls at Eugenia hold their property so high, as no one with the necessary capital will take hold of the project, at the figure which Mr. Hogg asks for his property. I see no chance for development of the power by the parties whom I represented last summer, and very much doubt your being able to interest any one under the present conditions. A power plant to develop a large amount of power could be built for about one-half the amount which is asked by Mr. Hogg for the water power undeveloped. Should you be able at some future time to report the owners of the water rights as being more reasonable in their ideas, I think something could be done in the way of organizing a power company to develop the resources of your town, but the price of $400,000 asked by Mr Hogg will prevent any future consideration of the scheme by our people. Please accept my thanks for your courtesy and your efforts to bring about success in that direction.

Yours very truly,
A. T. TROOP.

Niagara Falls, N. Y., Nov. 23, 1901.

Four hundred thousand dollars!—nearly half a million. A demand of this kind is certainly enough to exasperate any person of progressive mind or who understands the actual value of the property, and even to question the owner's sanity in asking such an utterly ridiculous price. All hope of utilizing the falls power is now at an end and the Eugenialites may be excused if they indulge in language more forcible than elegant.

For Stock Breeders

Ottawa, Dec. 4, 1901.

To the Editor,—

In the farming and ranching country of Western Canada there are many large stods, herds and flocks, some of them containing as many as 10,000 to 12,000 head, the property of one man or firm. There are also many studs, herds and flocks of from 50 to 1,000 head. In order to improve and maintain the quality of their stock it seems necessary for the owners to buy annually pure-bred breeding males, and sometimes a few females. Heretofore a number of these have been bought yearly from Canadian breeders, and also from Americans; many others have been purchased in Great Britian. Not nearly as many pure-bred males are purchased annually as should be, because ranchers have found it difficult to obtain what they want at a price at which they consider it would pay them to buy. Many, therefore, are now using range-bred grade males. In Manitoba, Ontario, Quebec and the maritime provinces also, more pure-bred sires should be used than are at present. In order to enable the ranchers and other buyers to more readily obtain what they want, and to bring buyer and seller directly together the Dominion Department of Agriculture decided to issue a directory of the Canadian breeders of pure-bred stock in each province, arranged alphabetically, giving suitable data concerning each stud, herd, and flock. Circulars were sent out to all the breeders in Canada whose names could be obtained and those who failed to reply received a second circular. Finally that no one who desired to have his name and data concerning his stock published in the directory might be overlooked, it was announced in the leading agricultural and weekly journals that a directory was being prepared, and that breeders were invited to send full information regarding the breeds kept by them. This information was compiled in the form of a bulletin which contains the names and addresses of all Canadian breeders of pure-bred stock as far as these could be obtained, and a directory of the stock for sale as furnished by each. A copy of this bulletin may be had on application to. F. W. HUDSON,
Live stock commissioner.
Department of Agriculture, Ottawa.

Xmas Goods for 1901

T. McArthur had Allan Whittaker up before Magistrate VanDusen and Reeve McTavish one day last week on a charge of having stolen a pair of mitts. Whittaker acknowledged taking the mitts but his plea was drunkenness. As the law does not recognize this as an excuse, he was fined $2 and costs, amounting in all to about ten dollars.

Burglars entered the hardware store of Boyd, Hickling & Co. Saturday night and got away with about $2 50 in small change which had been left in the till. A box containing about fifteen dollars in silver was overlooked. Entrance was effected through a window in the coal oil house and a door pried open. The burglars left behind them a hammer stamped "C. P. R." Nothing is missing except the small amount of change mentioned.

Warm footwear at this season of the year is quite in order. We have the kinds that will suit you. Women's felt slippers, heavy felt sole, quite fancy and comfortable, 50c. per pair. Children's and Misses same quality, 35c. and 40c. per pair. Women's felt lace boots, flannel lined, leather forms, $1.25 per pair. Women's felt slippers, fur trimmed, leather trimmed, $1.00 per pair at Clayton's.

Rev. C. O. Johnston of Toronto will deliver his lecture on "Seven different people, of whom you are one, in the Methodist church on Tuesday evening next, 17th inst. This is the second of the series of League entertainments. Mr. Johnston is one of the best platform orators in the province, and the pastor, who has heard the lecture, pronounces it one of the best he has ever listened to. No doubt a large audience will greet the speaker.

The Ladies' Aid of Chalmer's church held their annual business meeting on Wednesday afternoon of last week, when the secretary treasurer presented a report of the year's work, which was of the most satisfactory character. Though the society had lost a few members by removal there had been new members received to make the number now on the roll 40, a slight increase over last year. The report showed that the sister societies at Eugenia and Proton Station had rendered valuable assistance in discharging the liabilities of the year, which had been fully met. The election of new officers for the ensuing year resulted in the re-election of the present staff, viz: Mrs. Jas. Dyce, Pres.; Mrs. A. S. VanDusen, Vice Pres.; and Mrs. Jos. Blackburn, Sec. Treas.; all of whom were rendered the thanks of the society for the efficient services rendered during the year.

Public Library Notice.

All persons having books out are requested to return same before the fifteenth inst. It is found necessary to remove the library and previous to doing so stock has to be taken. Those failing to comply with this request are liable to have costs of collection added. W. A. ARMSTRONG, Lib.

Wedding Bells at Ceylon

One of the most interesting events of the season took place at Ceylon on Tuesday evening when Miss Jennie Cairns, daughter of Mr. Jas. Cairns, was united in marriage to Capt. D. D. McLaughlin of Glenelg, the ceremony being performed by Rev. J. Matheson of Priceville, assisted by Rev. J. Ivison Wilson of Flesherton in the presence of about 125 guests. The bride looked very pretty in a dress of white brocade satin merveilleux trimmed with white silk applique and chiffon ribbon, and carried a beautiful bouquet of white roses. She also wore the time-honored and very becoming bridal veil, set off with roses and ferns in her hair. The bridesmaid, Miss Bella McLaughlin, sister of the groom, wore pink trimmed with cream applique and silk chiffon, and also carried roses. The groom was assisted by Mr. George Cairns, brother of the bride, and Master Lloyd Bean of Durham. After the ceremony the numerous guests partook of a magnificent supper prepared by the hostess, the delicacies being plentiful and rich. The bride's presents were numerous and costly, and this is in this instance no meaningless phrase, because we believe without exception we never saw so many beautiful presents on any occasion of a like nature. Among these were two $50 bills from the bride's father. We noticed among the guests present Dr. Jamieson, M. P., Durham; Dr. Hutton and Mrs. Hutton, Durham; County Commissioner McArthur, Priceville; Councillor J. Boyd, Flesherton, and many other prominent men. The bride and groom are immensely popular and this was certainly emphatically testified to by the number who wished them joy and godspeed through the journey of life, and among them The Advance is glad to join in hearty good wishes. We believe it is the intention of the young couple to reside in Markdale for a time.

The bride was also the recipient of an address from her Sabbath school class, with which she has been connected for some years, as well as being energetic in other church work, where she will be missed. We will publish the address next week.

Killed at Proton Station.

On Friday morning last as the train from Owen Sound was entering the Proton Station yard it ran into and instantly killed an old man named Frederick Miles, a resident of Proton Station, who was 84 years of age and very deaf—so deaf, his wife says, that he could not hear the whistle blow. He was walking from the street crossing to the station, only a matter of a few rods. People who saw his danger shouted to him, the engineer blew the whistle loudly, but the old man could not hear and the engine struck him, fracturing the skull and breaking one leg. The victim, though so old, leaves a young wife and several children, the youngest of whom is only four years of age. Dr Bibby of this place, county coroner, was called and investigated the affair but decided that it was not necessary to hold an inquest and exonerates the railway from all blame.

FREE SAMPLES.

One Thousand Free Sample Boxes Ferrozone: The Great Tonic for the Blood, Nerves and Brain, will be Given on Saturday at the drug Store.

A representative of the proprietors of this wonderful preparation will be at W. E. Richardson's drug store on Saturday next for the purpose of conducting a free distribution of samples. Everyone is respectfully invited to call and secure a sample box of Ferrozone, sufficient for one week's use.

TO CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25 cts

A minister one Sunday evening was preaching to a very sleepy congregation; to waken them up he said: "Friends, wake up!" You really cannot know what your minister is preaching to you this evening with only half a shirt to his back!" and they woke up. In the following week he had several parcels sent to him containing new shirts, and writers hoping that he would excuse the liberty they were taking in sending them to him. Several ladies, more anxious than the others, waited to see the minister to express the sorrow at his being so poor. He smiled, and said: "Dear friends, dinna ye know that the other half was at the front!"

Can't Afford to lay up with GRIPPE

The active business man is just as liable to take cold as anybody—and because he feels he cannot afford to "lay up" with it, he neglects it—and a neglected cold leads only to Grippe—and Grippe to the open grave.

UWANTA GRIPPE CAPSULE

nips a cold in the bud—you feels its good effects in a jiffy, and it cures like magic—no need of laying up—it heals while you work.

F. W. Walsh, a prominent Ottawa business man, says: "I always carry Uwanta Capsules with me, and on the first signs of a cold I take two, and that settles it—I never have a cold because this little wonder weeds wards them off."

Rounding Out a Busy Month

November has been one of the best of months; Trade has loomed up in steadily increasing volumes and sales have been quick all over the store. As surely as the magnet attracts the needle, so surely will the bargains that T. J. Sheppard is now giving, attract the crowds that visit the store every day. We believe in making things go, and go quick. It's a way we have of keeping everything moving. Very often profits go with it, but there's sound business back of it all. This last month of 1901 we anticipate will be a stirring one; the values offered in seasonable goods will make December one of the busiest months of the year.
