Mrs. Carrie Nation has thrown her hatchet once too often. This time it cut off her big toe. This will certainly hamper her in her work, because, although she may still keep up her courage, she will not be able to toe the scratch as she did before. The question arises, did she preserve that toe? If so we may expect to hear from it again in some dime museum to the south of us—the National toe, you know.

I. B. Lucas, M. L.A., is beginning to let his light shine, and a ray of it struck Premier Ross in the eye the other day, inducing a slight attack of ophthalmia. The Mail of Jan. 17 mentions the incident in the following language: "One of the Government's excuses for refusing a prompt remedy to the "scrap iron" iniquity was neatly punctured in the Legislature on Wednesday by Mr. Isaac B. Lucas, the member for Centre Grey. Premier Ross had professed to be surprised and amazed that anyone would propose legislation affecting a matter before the courts. He was promptly referred by Mr. Lucas to the action of the Government in 1898 in calling a special session to amend the law regarding the right of constables to vote while the several cases were pending. To save itself the Government was willing to do, on that occasion, what it positively refuses to do now to protect the public. Mr. Lucas' point was an excellent one, as also was his speech in support of Mr. Foy's motion. It was delivered in an argumentative manner, which shows that Mr. Lucas is a good debater."

The Year in Chalmer's Church.

The congregation of Chalmer's church held their annual business meeting in the basement of the church on Thursday afternoon last. There was a good attendance and all were pleased with the reports and spirit of harmony that prevailed. After the devotional exercises, led by the pastor, Rev. L. W. Thom, Mr. James McMillan was voted to the chair, and the duties of secretary were assigned to Mr. Thom. Minutes of the last meeting were read and adopted. The sessions report as presented by the Moderator in part showed that five regular, beside a number of special, meetings had been held during the year, at which much business of special interest to the church had been transacted. The ordinance of the Lord's Supper had, in compliance with the wish of the General Assembly, been administered special the first Sabbath in the new century and on the four regular communion sessions following, the attendance on the whole being good. Death four times entered the fold and called to their reward and rest Miss Ann Stewart, Mrs. Alex. McCalmon, Mr. Wm. Petch and Mr. Wm. Wright. During the year four young people of the congregation had been, upon profession of faith in Christ, received into church fellowship and other three were received by certificate. Removals, including those who had passed away, eleven, leaving the present membership 122. Grateful to the Great Head of the church for blessing vouchsafed as expressed and the congregation enters upon another year full of hope and courage. The report was adopted. Mr. A. M. Gibson reported for the Sabbath school. His report was encouraging and hopeful concluding with an earnest appeal for a larger attendance of adults. The auditors' report for the school showed the receipts, including a balance from last year, to be $124.64, expenditure $89.95, leaving a balance on hand $34.78. C. E Society receipts $34 42, expenditure $21.87, balance on hand $12.55. The Ladies' Aid, with membership 44, had a successful year, the receipts being $132.30, expenditure $106.35, balance on hand $25.65. The auditors' report of the congregational treasurer's accounts showed the receipts on stipend and general account to be $517 87, out of which the stipend, sexton's and organist's salaries and other incidentals had been paid, leaving a balance of $5.05 on hand. On church mortgage account $386.00 had been collected, which, with $100, drawn from bank deposit and other receipts, amounted to $579 19, out of which there had been paid on mortgage and interest $198 75, deposited in bank $286, incidentals $1.29, leaving balance on hand $103.15. The reports were adopted. Messrs. Jas. McMullen and D. McTavish were re-elected trustees. Messrs. John Blackburn and Wm. Stewart, retiring members of the managing board, were re-elected, and Mr. D. McTavish takes the place of C. Stewart. Messrs. A. S. VanDusen and J. Blackburn were re-elected auditors, Mr. T. J. Sheppard choir leader and Miss Joseph Blackburn organist. Mr. Jos. Blackburn was re-elected treasurer and given a very generous donation in recognition of his services to the congregation. Mr. A. M. Gibson in addressing the meeting paid a merited tribute to the memory of the late Rev. Dr. Robertson, superintendent of missions in the Northwest, whose death is so keenly felt by the church. The managing board and others received the thanks of the congregation and the meeting closed with the doxology and benediction.

A Collingwood man has sold a team of dogs to a Manitoulin island lady school teacher who has to travel two miles to her school. The Enterprise says these animals will travel four miles an hour all day long.

E. G., Agr'l Society

The East Grey Agricultural Society held its annual meeting in the Town Hall on Wednesday of last week. The treasurer's statement showed receipts of $1605.59 and disbursements of $1130.58, leaving a balance on hand of $475 01. The president and secretary were appointed delegates to the Fair Association annual meeting. The date of the next fall fair was set for Oct. 2 and 3, subject to ratification at June meeting. The election of officers resulted as follows: Pres., Geo. Mitchell; 1st Vice Pres., R. Ruthvan; 2nd Vice Pres., Alex. Muir; Sec., R. J. Sproule; Directors, R. J. Sproule, Walter Hartman, J. I. Graham, Jas. Stewart, R. Best, J. Gamey, W. H. Bunt, A. S. VanDusen, Jas. Paton; auditors, Jos. Blackburn, W. J. Bellamy.

Mr. Wm. Davis of the Toronto line has a valuable young Durham bull which he advertises in this issue. The animal was purchased from Mr. Arthur Johnston and gave its owner the very best of satisfaction last year.

Four Flesherton ladies created quite a sensation for a few moments on the Advance corner Monday. They attempted to "sail" round the corner—four of them, mind you, in one cutter—not remembering that their weighty brains made the vehicle slightly top heavy. Over went the cutter, ladies, horse and all. Our shaft was broken, four ladies had their nerves somewhat disturbed, and that was all.

Again Proton Station comes to the fore with its fortnightly sensation. This time it is another "mysterious" disappearance. Mr. Neil McLean has been a resident of that place for some years. At one time he ran the hotel, but of late he has been in the implement business. On Tuesday night of last week he disappeared from his usual haunts and has not since been located. It is alleged that the firms for which he toiled are much interested in discovering his whereabouts. Three or four firms are involved as well as many private citizens.

An unfortunate school case was tried before Magistrate Van Dusen in the town hall Tuesday evening in which one of the lady teachers was charged by Mr. Thomas Blakeley with having administered excessive punishment to his daughter. The trial lasted from 6 to 10 p.m. and ended in a dismissal of the case. J. Weyer Sampson of Owen Sound appeared for the prosecution and Mr. McArdle of Markdale for the defense. The lady received many congratulations over the result, as the sympathy of the town appeared to be with her almost to a man.

At a representative meeting of the officers and members of the Methodist church, held at the close of the morning service on Sunday last, it was unanimously resolved to hold union evangelistic services with the Presbyterian church during the month of March next. The pastors will be assisted by Rev. M. N. Bethune. Rev. Wilson, who is personally acquainted with Mr. Bethune, speaks of him as a preacher of unusual eloquence and power. The unanimity and cordiality with which both churches have entered into the spirit of union services augur well for the success of the effort.

John F. Scholes, and a number of friends formed a party to shoot rabbits in the vicinity of Dundalk recently. The party, after getting quite a number of rabbits, were caught by the deputy game warden, who asked them to go with him and interview the magistrate. They did so, and were each fined $5 and costs. The sportsmen were under the impression that rabbits could be shot any old time. The party consisted of John F. Scholes, C. B. Williams, Harry Ernest, Harry Traynor, Robert Gilmour and Mathew Leach.

One of the neatest and most up-to-date farm residences in this township is that of Mr. Wm. Davis, just north of this village, which that gentleman erected last summer, and which he and his family are enjoying this winter. The building is solid brick, eight rooms and heated by a modern furnace, and is very comfortable. The old condition of affairs is fast passing away and thrift and frugality among our farmers is ushering in the dawn of comfort and prosperity in this section, through years of pioneer work and toil. The shiftless and careless still plod on in the old indifferent way, but those who strive for improvement will find it and their evening of life will be made easy. The Advance congratulates Mr. and Mrs. Davis and trusts that they may live long to enjoy the comforts of their new and handsome residence.

Rev. Dr. Lawford, missionary among the Galicians in the Edmonton district, spoke before the Epworth League on Monday evening. He is located 75 miles northeast of Edmonton, on the north Saskatchewan, and in that district, comprising 100 square miles there are 12,000 Galicians. He described them as speaking the Russian language, and wearing sheepskin coats with the wool turned in and sheepskin caps. Both men and women wear long boots. They are not so dirty as they have been charged with being, and keep their homes neat. The speaker described the interior of their dwellings and the large Russian stove, over which they sleep. They are an industrious people and all work, from youngest to oldest. He knew one man to travel fifteen miles and carry a bag of flour and another of potatoes home with him, carrying one a piece then the other. In time they build good log houses and thatch them well, whitewashing both inside and out. Some of them now have mowers and binders and other modern conveniences. Their religion was that of the Greek church but there were only two Greek priests in the whole district, and he considered the teaching of the christian religion a crying want among them. They were very illiterate and could not be reached by distributing literature. There was quite a large turnout of interested listeners.

Peter Heintz, of Barrie, has an invention which he is perfecting with the object of disposing of it to the Government. Heintz's invention is an ingenious automatic contrivance which will obviate one of the most prolific sources of annoyances to those whose correspondence is light—the difficulty of securing stamps after certain hours in the evening or in certain localities. The machine, which Heintz proposes to attach to the letter boxes, has two compartments. If you drop a five cent piece in the slot on one side of the machine the same amount in coppers is passed out. Two coppers in the other side of the machine is rewarded with a stamp, and all you have to do is to moisten the stamp, affix it, drop your letter in the box, and then away home again. Heintz has been working upon the idea for some time, and now has it in perfect order. He is confident of its acceptance by the government. The machines are not costly.

Ceylon, Dec 30, 1901. JOHN CHISLETT

Last fall, a St. Marys' man took his dogs into Muskoka wilds for the annual deer hunt. Towards the end of the first week, while out after game, one of his dogs offended him, and in anger he kicked him. The animal howled and ran away. The hunter thought he had merely gone back to the shack, but when he returned at night the dog was not there. The other dog also disappeared, and the St. Marys' man returned home. Three days after he arrived at St. Marys, the hound he had kicked, gaunt, footsore and exhausted, crawled into the kitchen. And yet that dog was taken to Muskoka by way of Toronto.

Ring out the old, ring in the New
Welcome to 1902.

To-day we take time to review the year just past and reflect on the year just ushered in. 1901 marked the biggest and most successful year this store has ever had. Now we look forward to 1902 with new hopes, larger ambitions, new enthusiasm and brighter promises. Our success of 1901 shall be our inspiration for greater achievements during 1902 for we cherish a more sincere devotion to the interests of our many friends and a larger determination to deserve their good will by doing better for them. A very Happy New Year to all.
