Ceylon

From Our Own Correspondent.

Another storm started on Sunday morning and the snow is piled in some places from 8 to 10 feet high.

Mr. Bell and Miss Ethel Hodson of Hornings Mills spent Sunday at Mr. T. Chislett's.

Mrs. Beatty and son Walter, of Creemore, are visiting with the former's sister, Mrs. W. McMullen.

Mr. Robt Legate of Owen Sound is visiting a few days at the parental home.

Mrs. McLaughlan of Markdale is on a short visit at the Queen's Hotel.

On Friday evening last the home of Mr. Robt. Cook was taken by surprise, when the English church people gathered with a number of their invited friends and neighbors to present the organist, Miss Millie Cook, with the following address, which was beautifully written and read by the Rev. C. Lester Mills, the gift being presented by Mr. G. Collinson. Miss Millie, who was very much taken by surprise, thanked the people very kindly for this teken and assured them she had done nothing but her duty and was always willing to help in church work or any other good cause she was called to do, and that the fruit bowl and ring would be kept in long rememberance of the church people and trusted that all of them would met in a brighter world. After spending a few hours in games and music, tea was served to some forty people. About two o'clock the company rose and sang "Auld Lang Syne" and "God Save the King," and then dpisersed for their several homes, feeling that each one thoroughly enjoyed the evening.

THE ADDRESS

To Miss Amelia Cook

We, the incumbent wardens and committee on behalf of the Flesherton, Ceylon, Anglican mission congregation, take much pleasure in presenting you with this friendship ring and fruit bowl as a slight token of their appreciation of your services as organist of this mission and also a further mark of their good will and wishes towards you. You have always shewn a lively interest in our service as leader of the singing and as organist by your punctuality and regularity at the services, through your willingness at all times to forego your personal pleasure for the advancement of your charge. Knowing this we felt it was only right that we should acknowledge your service in some tangible way. We ask you to accept this friendship ring and fruit bowl, apart from its intrinsic value, as a slight evidence of the good will of Flesherton, Ceylon, Anglican congregation and of the high regard in which you are deservedly and universally held. And also to take with you the assurance that when time shall be no more, the results of your work will not be forgotten or lost. May you be spared many years to wear this ring and use this bowl and may the sunshine of divine presence ever be with you is the wish of your christian friends. Signed on behalf of the congregation of Flesherton, Ceylon, Anglican mission. Dated Ceylon, Jan. 31, A. D., 1902. Incumbent, Rev. C. Lester Mills; wardens, Gibson Collinson, R. McGill; lay delegate, J. Snell; committee, Mrs. Collinson, S. J. Collinson, E. J. Sprout, Mrs. Sargent, I. W. Cole.

Kimberley

From Our Own Correspondent

This past week has been one of considerable activity in the lumber business. Many teams were engaged in hauling lumber to Markdale for Mr. W. S. Bishop, some teamsters having made the trip in less than half a day. Some even got to the station with their load before daylight, much to the chagrin of others who were noted for early trips.

Mr. Bishop is having the timber taken off his bush farm by several of the local lumbermen.

Mr. Herb Reid had a bee last Saturday when he drew to the mill some of the finest logs of tamarac seen here for some time.

The revival meetings in the Methodist church are still in progress with a good attendance every favorable night.

Mrs. Thos. Ellis and her son Tilford, of Powassan, are on a visit with friends in the valley. The former is now spending a few days with her brother in Clarksburg.

Mr. Hugh Cleland of Meaford was up this way last week on business and called on some of his old friends.

Mr. Archie McLean and family are spending some time with friends in this vicinity. They have been for some years residing in Ohio.

A few of the young people drove to Eugenia last Friday to enjoy the concert. They report a good evening's entertainment.

Mrs. Wm. Best of Woodford has gone to Wodehouse, after spending a couple of weeks at her daughter's, Mrs. C. Knott.

Miss Sara Thompson is visiting with her sister, Mrs. Albert Ellis.

Music at all Evening Meetings. Ladies Invited. All welcome. R. D. Carruthers, Pres J. I. Graham, Sec

A despatch from Chicago, dated Feb. 1, says:—Judge Tuley yesterday ordered a receivership for the Zion lace industries, and on Monday will enter a decree appointing Elmer Washburn to the position of receiver under a bond of $700,000. The court, in a lengthy decision of the case, which was instituted by Samuel Stevenson, a brother-in-law of John Alexander Dowie, declared that Dowie's church, the Christian Catholic Church, was a curious mixture of religion and business. The judge held that Stevenson had by undue influence exerted by Dowie as head of the church been led to turn over to Dowie practically everything he had in the world, and held that Stevenson was entitled to at least $100,000 from Dowie, or the lace industries, which, he said, were practically the same thing.

At the present time there is every indication that the Wiarton sugar factory will have an abundance of beets to commence operations with next fall. While farmers in this section have in the aggregate, made contracts for large acreage, they are individually cultivating only small plots as an experiment. It is this way some 3,000 acres have been secured. It now transpires that the contempleted factories in Walkerton and Cargill will not be erected this season, and arrangement are being made for the beets grown for those factories to be shipped to Wiarton. This, with other local contracts which will yet be made, will give the Wiarton factory an abundance of material. Should the coming season be only an average one for beets, there will undoubtedly be an increased acreage sown next season if the experience of the United States farmers is verified, and it is only reasonable to suppose that it will be, as the tests have shown the beets grown in this section to be the richest in America. Canvassers, however, are still interviewing the farmers in this section in reference to contracts, and those who contemplate the experiment should lose no time in making one before the contract books are closed.—Wiarton Echo.
