MARKDALE | F. T. HILL & CO. | MARKDALE

The season's biggest and best values are now being offered in all departments of our large store. There's not one solitary line of goods within our doors that can be bought for less money elsewhere. There are, however, many lines that have never, to our knowledge, either here or elsewhere been sold at such ridiculously small prices. These statements apply to CLOTHING, SHOES, FURS, DRESS GOODS, GENERAL DRY GOODS, GROCERIES, etc. We're anxious to make a big finish to the biggest season's business ever done by us. By patronizing us during our FEBRUARY SALE you're welcome to a share of all the bargains that are going and just now they're decidedly numerous.

The Toronto Star calls I. B. Lucas 'an exploded phenomenon." Just so. I. B. is a phenominon, all right, and several recent occasions he has exploded in the Legislature with quite startling effect. His powder is of a very explosive quality and drives his bullets to the mark every time. It would, however, be more correct to pronouce him an "exploding" phenomenon. His speech of Thursday last touched many sore spots and made certain government members wince. Of course he exploded, and will probably do it some more.

The Dowager Empress of China is now very contrite. At a reception to the ladies of the foreign embassy she is said to have wept and expressed her sorrow at the outrages committed last year, believing them to have been "a terrible mistake." She has also promised that China will no longer resist enlightenment and intercourse with foreign nations. As an initiative to these good resolves she has decreed that Chinese women must no longer bind their feet, and Chinese and Manchu can intermarry and become one people. These evidences of conversion will be received with only a moderate degree of rejoicing, because there is unfortunately a posibility that it is merely a woman's chattering and that the reform will be short lived. Let us hope that the pessimistic view is unjustified.

Township Council

Artemesia council met on Monday last, the reeve in the chair. All the members were present except Mr. Thompson. Minutes of previous session were read and confirmed.

A letter from S. Rivers of Tilsonburg on concrete culvert pipes was read.

Bylaw number 604 to repeal bylaw No. 603, appointing an assessor for 1902, was introduced and read a first, second and third time and signed by the reeve and clerk.

The auditors' report on the accounts of 1901 was presented.

Muir—Gibson—That John Bellamy be paid one dollar for piling wood at town hall.—Carried.

Boyd—Muir—That the council be a committee to finally audit the auditors' report.—Carried.

The council went into committee on the auditors' report.

The committee arose, the reeve in the chair.

Gibson—Boyd—That the report of the auditors in the accounts of 1901 as presented and finally audited by this council be passed, and the auditors be paid for their services $10 each as per bylaw, and that one hundred copies be printed for distribution.—Carried.

Boyd—Muir—That the reeve is hereby authorized to procure for Thomas Manders, an indigent, five cords of stove wood, he having applied for the same.—Carried.

Boyd—Muir—That as Robert P. Legate has proposed to this council to purchase the water power on Alma street known as Eugenia Falls, and the road allowance between the north limit of Simpson street and the south limit of Bosquitt street in the town plot of Eugenia with a view of utilizing said water power, the reeve and clerk are hereby appointed a committee to enquire into the matter with a view of closing up and selling said road allowance, which is of no practical use as a highway, and if necessary procure legal advice in the matter, and to report to this council at as early a date as possible.—Carried.

Boyd—Muir—That this council adjourn to meet on Monday 10th inst., to appoint an assessor and other officers for 1902, and the March session be dispensed with unless the reeve shall consider a meeting necessary for any purpose.—Carried.

Council adjourned.

A most daring burglarly was committed at the store of N. E. McKinnon & Co. in the early hours of Sunday morning last. The burglars broke the glass in the front door, turned the lock, quietly walked in and helped themselves to under clothing, tobacco, sardines and pork, and made their exit at the back door. Several hams were found in the back yard and a caddy of tobacco and some underwear was found under the grain house at the station, all of which goes to show that the thieves have a local habitation. Something should be done towards ferreting them out.—Creemore Star.

The trial of Henry Bye, of Mt. Forest, charged with seducing I. Plummer, a girl under fourteen years of age at the time the offence was committed, took place before Judge Chadwick at Guelph on Thursday. After hearing the evidence of Bye and his wife, Messrs. Lobsinger and Page, (who were working for Martin Bros. at the time as well as Bye) the Judge dismissed the case and acquitted Bye of the charge without hearing several more important witnesses.

By the simple dropping of a cypher in Benson's advertisement last week a difference of eighteen thousand dollars resulted. The stock should have read twenty thousand dollars, not two thousand. Strange of what importance is the loss of a simple character, which of itself means nothing, yet means so much when disconnected from its fellows.

DIED—Mrs. James McClocklin of this place died at her home here on Tuesday morning aged 39 years, after a long illness from consumption. Mrs. McClocklin leaves an infant daughter and husband behind her who are the recipients of much sympathy in the hour of trial. The funeral will take place at 10 a. m. Friday to Dunkeld providing the roads are passable.

Renewals of subscription have been coming in disappointingly slow this year. There are at the present moment about 500 subscribers on our list who have as yet failed to renew for 1902. We especially request these to send in their dollar before March 1 as we have a large obligation to meet on that date. This applies also, and more particularly, to those who are in arrears for last year, of which class there are a few on our books.

Centre Grey Farmer's Institute will hold a seed fair at Kimberley about the first of March when about $70 will be offered in prizes for grain and potatoes. Exhibitors will be required to have, and successful ones to hold, from 10 to 50 bushels of the different varieties for a given period of time or until sold, said amount to equal that exhibited. Due notice will be given. J. I. Graham, sec.

It is very rarely indeed that this country is troubled to a worse snow storm than that which began Sunday morning and lasted until to-day, Wednesday. The temperature was not low and snow fell in great quantities, this being accompanied by a hurricane of wind which pulverized the snowflakes to finest powder, filling the air with frozen, driving mist which piled up the roads north, south, east and west until they were utterly impassable. The wind howled, shrieked, moaned, and whipped the snow into a whirling foam. No trains could face it. The country mails of course found it impossible to get through, but the railways appear to have been prepared for it. Each train was drawn by two heavy engines and snow plows patrolled the line all the time. As a consequence mail trains were fairly well on time and delivered their passengers and mails without delay. No mails have been served to country offices this week.

William Betts, an old widower who for many years has lived the life of a hermit at Eugenia, was found dead in the snow near his stable on Wednesday morning of last week, about 9:30. It is said the school children saw him alive at 8.30 while on their way to school, but an hour later when he was found by James Leopard he was quite stiff though not apparently frozen. Dr. Bibby, coroner, went out and investigated but decided that no inquest was necessary. Deceased came from England years ago and was an old resident of Eugenia. A wife and child, from whom he was separated, died some years ago. Last winter deceased suffered a bad break of a leg, from the shock of which his constitution never recovered. It is supposed he either fell in the deep snow and was suffocated or died suddenly from heart failure. The funeral took place on Friday to Salem burial ground. Deceased was somewhere about 75 or 80 years of age, and leaves considerable property, over the disposal of which some difficulty is anticipated.

The Carnival.

Following is the list of the prize winners at the carnival held in Flesherton skating rink on Tuesday evening of last week:

Open Race—E. McLocklin 1st, M. Swallow 2nd.

Local race—G. Cairns 1st, C. Sullivan 2nd.

Best lady skate.—Janet Gibson.

Best lady's costume—Carrie Sullivan.

Best lady and gent skate—Mabel Munshaw, J. Albon.

Best lady's costume under 16—I. Sullivan 1st, M. Sullivan 2nd.

Best comic gent under 21—Harry Steeley.

Best comic under 16—E. Bellamy.

Fat man—A. Wardlobe.

Clown—Wash. Irwin.

The judges were Messrs. J. Armstrong, Markdale; —Johnston, Collingwood, and Chas. Stafford. The carnival was one of the most successful ever held here. The ice was in good condition. Manager Graham served refreshments to all who desired them, consisting of hot coffee, cake, pies and sandwiches. The very large number of skaters and onlookers present had a thoroughly pleasant evening.

Toothache Cured in One Minute

Not only toothache, but any nerve pain is cured instantly by Polson's Nerviline. Thousands have testified that its power ful, penetrating, pain-subduing properties make it an absolute cure for neuralgia, rheumatism, toothache, cramps, colic and all other pains and aches that beset mankind. The world is challenged to equal Nerviline as a household liniment. Large bottle 25 cents.

The Grey County Old Boys' Association, of Toronto, held their annual "At Home" in St. George's Hall last night, there being upwards of two hundred members and friends present, among them several notable people of Grey. President J. W. Seymour Corley was in the chair. An excellent concert, in which those who took part were Fred Lace, A. Dockray, Miss Eva Gilray, J. H. Cameron, J. T. Park, reeve of Dundalk, Miss Florence Macpherson, and W. J. A. Carnahan, was followed by a dance, the whole making up a very delightful evening.—Mail.

There appears to be a growing tendency in the minor municipalities of this county at least to fall in line with the idea of having municipal elections only once in every two years. Since the new county council's act came in force the number of instances in which township and village councils have been returned by acclamation in the off years of County elections has been annually increasing until this year nearly half the municipal bodies in Bruce have been declared elected on nomination day. Even should the Provincial Government not see fit to make it statutory in the near future, the holding of of municipal elections every second year will become a generally observed unwritten law.—Paisley Advocate.

Catarrh is a Germ Disease

Science armed with a microscope, has established it a fact, and this conclusion renders obsolete the practice of treating Asthma, Catarrh and Bronchitis by stomach drugging, sprays, snuffs &c. Such treatments are an utter failure because they cannot penetrate the delicate air cells of the lungs, or permeate the air passages of the nose and bronchial tubes where the germs of Catarrh have their stronghold. Catarrhozone is the only certain remedy. It is inhaled by the mouth and after spreading through all the respiratory organs is exhaled through the nostrils. Catarrhozone kills the germs, heals the inflamed tissues, clears the head and throat in two minutes, and cures in a few hours. Nothing is so effective, pleasant and simple as Catarrhozone. Two months' treatment $1.00 Small size 25c. Druggists or N. C. Polson & Co., Kingston, Ont.
