The Ontario Provincial Auction Sales

The provincial auction sales which were held at Guelph and Ottawa last year in February and March more than realized the expectations of all interested. The sales this year will take place during the month of February. A change, however, has been made in the order of the sales. That at Ottawa will take place first, February 12th, and the Guelph one, February 26 h.

As only a limited number of animals will be sold at each place, and as entries have been received for considerable more than the number required, an opportunity will be given to select only the very best. Animals will be selected that are in the pink of condition, and good individuals of the breed they represent. No unworthy animals will be accepted.

Persons wishing to purchase can do good upon being able to choose from a lot of stock of individual merit and good breeding The names of a large number of prominent breeders is a guarantee of the quality of the stock offered

BREEDS REPRESENTED

The animals to be sold at Ottawa include Shorthorns, Ayrshires, Yorkshires, and Tamworths. At Guelph there will be only representations of the beef breed and swine. Naturally Shorthorns predominate in numbers and of these, there are a great many excellent representatives Such breeders as Hon. John Dryden; Capt T. E. Robson, Ilderton; A. W. Smith, Maple Lodge; R Gibson, Dalaware; A. Johnston, Greenwood; J. T. Gibson, Denfield; R. & S. Nicholson, Sylvan; W. G. Sanders, St. Thomas; A & W. Whitlaw, Guelph; W. Smith, Columbus; E. Jeffs & Son, Bond Head; John Bright, Myrtle; H. K. Fairbairn, Thedford; W. S. Orminson, Columbus; F. G. Sibbald, Sutton West; A. Moore, Greenwood; J. E. Meyer, Kossuth, and fully seventy-five other breeders of shorthorns, have stock entered. Among other breeds, J. G. Clark, Ottawa; and Hon. W. Owens, Montebello; have entered Ayrshires; D. McCrae, Guelph, Galloways and swine; R. Reid & Co., Tamworths, Berkshires and Ayrshires; John A. Richardson, South March, Holsteins.

It will thus be seen that there will be not only a large number of animals to be disposed of but that they will be all good representatives of the breeds, as every precaution will be taken to secure this end. Buyers can attend the sales, with every confidence that they can there purchase what they require, and they can look over the stock in the building before the sale comes off, and at any time until it closes.

Reduced rates will be granted to parties who attend these sales over the C. P. R. from local stations east of Fort William from all points on the northern and north western division of the G. T. R., L. E. & D. R. R., Erie and Huron Ry., Central Ontario, Kingston & Pembroke, Bay Quinte, N.C.R in Canada, C. A. and Ottawa & N. Y. railways.

Those attending the sales must purchase first class full rate one way tickets to Ottawa and Guelph, and obtain certificates to that effect on standard certificate form Ticket agents are supplied with standard certificates and are instructed to issue them on application. Where persons have to travel over more than one railway to reach the place of sale, they will require to purchase tickets and obtain certificate as above from each railway, except from stations on lines mentioned above.

Buyers of car lots, coming from west of Port Arthur, will be given the same rate as is allowed on settlers effects. A free pass will be allowed with each car of pure bred stock. All purchasers who buy a car load for use in Canada, and who have paid full passenger fare from a starting point in Canada to either of the sales, will be refunded one half their first class fare, or if such passenger has travelled second class, a reduction will be made to one cent per mile. A claim for the refund must be accompanied by a receipt for the fare paid and also by the freight bill covering the shipment of live stock. These arrangements have been completed with the C. P. R. and G T R.

Before Treatment — After Treatment

W. A. Mair, of Lima, O., says:—"I was one of the countless victims of early vice at 15 years of age. The drains on my system were weakening my brain as well as my sexual and nervous system. For ten years I tried scores of doctors, electric belts and patent medicines. Some helped me, none cured. I was giving up in despair, in fact, contemplating suicide when a friend advised me as a last resort to give the New Method Treatment of Drs. K. & K. a fair trial. Without confidence I consented and in three months I was a cured man. I was cured seven years ago—am married and happy—and heartily recommend Drs. K. & K. to my afflicted fellow men."

Inistioge

From Our Own Correspondent.

We often apologize for our tardiness in supplying news to your valuable paper but this time there is a good reason. The storms of the present month have been so long and continued that news gathering has been impossible, consequently there is little to report on except snow storms and that is not news to most people.

Mr. Hilliard Hutchinson of Walkerton is spending a few days at the home of his mother, Mrs. W. Hutchinson. His many friends are pleased to meet him.

Mrs. Gallagher has been ill with inflammation. We are pleased to report her recovery.

Mr. Jackson of Bancroft was the welcome guest of his sister.

Vandeleur

From Our Own Correspondent

The snowunder of the past week has paralyzed communication for a time, consequently news is scarce.

Ernest McNab, a boy living with S. J. Bowles, had his thumb caught in the gearing of a thresher at Mr. A. Bislop's Dr. Bibby was called in and amputated the member at the first joint.

Born—To Mr. and Mrs. Geo. Bowles, a son.

Mr. Alf Dunlop took a trip to Snelgrove week before last and was united in marriage to Miss Sanderson of that place. Mr. W. A. Weber accompanied him and assisted him through the ordeal, returning the next day. Mr. and Mrs. Dunlop returned home on Saturday last and have taken up their residence on the homestead.

Eugenia

From Our Own Correspondent.

The Orangemen of Eugenia recently presented Mrs. Jas. Jamieson with a nicely framed certificate of her late husband's membership.

The present severe storm has been the worst for fierce for a great many years as the roads are completely blocked from Eugenia to the Morey corner for the past ten days. At the first appearance of a lull in the storm, Mr. Duckett, our energetic road overseer, promptly got his men out and got his part of the road fit for travel, but from the ninth to the Morey corner is impassable, which makes it very inconvenient for the people of this locality.

It has been reported that a young man and a black horse has been lost in the drifts some where between Eugenia and the Morey corner.

Some of our most popular young ladies have been taking a course in blacksmithing in the shop at the corner for the past few weeks. It is good exercise during the dull winter months, and may yet come handy.

Mr. J. W. Heath of Leith, has spent the past few days visiting his many friends at Eugenia.

Mr. Benson of Toronto has been engaged as fireman at the veneer factory. The company are laying in a large stock of logs and prospects are good for plenty of work for the coming summer.

Port Law

From Our Own Correspondent

Intended for last week.

The winds have been out for a frolic the past two days, and have succeeded in gathering up great quantities of the "beautiful" and dumping it over the fences on to the roads in huge mountain ranges, and at time of writing is still howling along our highways as if calling out in derision to our wood-haulers and unlucky wayfarers, "Come out and shovel! Come out and fight!" But few seem disposed to accept the challenge until the tryant gets over his bluster, and should the outside world not hear again from this port before navigation opens the fact need arouse no serious apprehensions.

Mr. Chas Stafford, sr, suffered another stroke of paralysis last week, but we are glad to hear that he is recovering.

Mr. and Mrs. Blackburn of Sunnidale, formerly of this place, spent some days visiting with Mrs. B's parents, Mr. and Mrs. Geo. Thompson, sr., and other relatives of this neighborhood.

Rev. Mr. Cook, who has spent some years as a missionary in the West Indies, favored our union prayer meeting with his presence and acceptable assistance.

Bandmaster Parks, wife and children of Dundalk visited lately with Mr. Parks' sister, Mrs. Guy Blakely.

Mr Thomas Taylor anticipated warmer weather than is at present being alloted to us, and has prepared for the emergency by laying in a stock of ice.

Inspector Campbell paid our school an official visit lately and his report concerning the work being done by teacher Hutchinson is one of which all interested should feel proud.

Here is a Pointer.

County Council

THURSDAY

Governor Miller gave a statement of the expenditure of $25.00 placed at his disposal to assist discharged prisoners to their homes.

The equalization of the assessment was than taken up. A lengthy discussion resulted. Several members including Messrs. Doyle and Gordon, desired to have valuators appointed. Eventually $50,000 was added to the assessment of Derby; Euphrasia, Egremont and Glenelg were left as before, after an effort had been made to reduce Kepple $50,000, but the township will remain as it was.

After consideration the assessment of Normanby was allowed to remain as it was. There was no discussion as to the assessment of Osprey, and Mr. Brown advocated strongly that it be raised $50,000. Mr. Preston objected, saying that if the whole country was put up where it should be he would not object. Mr. Allen moved that it be increased $23,000. A raise of $25,000 was then made by consent of Mr. Preston providing a fair raise be made to the other townships.

FRIDAY

Mr. Preston presented report No. 2 of Finance committee, which recommended payment of St. Vincent for entrance examination and expenses in connection with a case of lunacy $39.20. A similar case from Township of Collingwood, amounting to $35.81 was also ordered to be paid. Jas. Gillespie of Berkeley, whose election court was cut down at the November session by the sum of $3.00, was allowed balance of this account in full. Mr Dougald McDonald was appointed county student to the Ontario Agricultural college, Guelph for 1902-3. The county treasurer was authorized to transfer $200 from the general account, to cover the expenditure for stationery for the year. The sum of $25 was placed at the credit of the governor of the jail, to assist discharged prisoners in reaching their destination. The application of the Poultry association for a grant of $50 was not granted

Mr. Agnew presented Report No 1 of Road and Bridge committee, which recommended the payment to Patrick Farley of $154.67, being balance for building bridge on townline of Bentick and Normandy, to Conrad Lantz, repairing bridge on county line between Normanby and Carrick $2 75; to George Watson for $4, meeting committee from Dufferin county, in reference to a deviation on a county line; to Andrew Schenk, inspecting Hudson's bridge on townline of Normanby and Bentick, $3.00; to Chas. McKinnon, inspecting Hudson's bridge and mileage $4.20; to R. P. Butchart & Bro. for keg of spikes used in McAllister's bridge, township Keppel and Sarawak $3.10; to John S. Allen, preparing plan, etc., for bridge on county line Dufferin and Grey's shares $1.50. The committee also recommended the confirming of By law No. 83 of township of Proton, establishing a townline deviation.

Mr. Watson presented Report of Education committee, which recommended the adoption of the report of Andrew Grier, P. S. Inspector for East Grey; also report of N. W. Campbell, P. S. Inspector for South Grey, and these were ordered to be printed in the minutes. This report also recommended that $837.-78 be allowed the Meaford high school for staff maintenance; and the sum of $1,900.26 as county's share of maintenence for the Collegiate Institute.

Mr. Schenk presented report of printing committee, which recommended payment of THE SUN account for advertising January sessions $2; account of M. B. Flynn for $28.81, for printing minutes of November session; account from McCallum & Pratt for $13.95, for miscellaneous items of printing; account of James H. Little, printing and advertising, $11.90; this report recommended that the county printing for 1902 be given to Mr. B. Flynn.

Mr. McColeman presented the report of memorials committee. This report recommended that the request of the ratepayers of the village of Clarksburg, to be erected into a police village, be granted and a by law be passed to so erect them. It recommended that a memorial from county of York for the appointment of a Railway commission, be signed and forwarded to the Dominion Parliament; also a memorial from the county of Kent, asking that the time for the free importation of machinery used in the manufacture of sugar be extended and that said memorial be signed and forwarded to the Dominion Parliament.

A special committee, of which Mr. J. McDonald was chairman, and which has been appointed to report upon a system of county roads, reported that after a careful consideration of the matter, and having consulted a number of representatives of the local municipalities, they were of the opinion that such a system under existing circumstances could not be carried out, that it is practically impossible to lay down a scheme of county roads which would receive the requisite support of the council.

SATURDEY MORNING

The following resolution presented by Messrs Watson and McArthur carried: That as the township of Osprey have passed a by-law assuming the deviation at lot 42, con 2, in the said township, which bylaw being confirmed by this council, that the warden issue his order on the treasurer for Grey's share of the said deviation, amounting to $110, being half of the purchase price, and also one half of the cost of conveyance in connection with the same in favor of the treasurer of Proton.

On resolution of Messrs. Brown and Doyle a messanger boy will be provided for the members of the council at the June session.

On motion of Messrs. Agnew and Harness, the members of the house of refuge committee were paid three dollars each. The members of that committee were Messrs. McKinnon, Gordon, Harness and Agnew. The bylaw adopting an official seal, passed its readings and was adopted.
