Kimberley

From Our Own Correspondent.

Last week Mr. J. Stafford received the sad intel igence that his second daughter, Mrs. Phillips (nee Miss Annie Stafford) had died suddenly at her home in Thessalon, Algoma. Mr. Rutledge Stafford left immediately for Thessalon where we understand interment took place. Memorial service will be held in the church here next Sunday.

Mr. and Mrs. John Butson have left for their home in Dakota after spending several weeks at Mr. A. A. McConnell's.

The isolation hospital which was such a unnecessary building last summer and which has since stood out in full relief on the hillside, has been removed to the western part of the township. It will there be put together and made to do duty for another who is declared to have "a mild form of smallpox."

With a new case of smallpox on hand comes the 'case' (not smallpox but arising from it) between Dr. Bibby and the township, which will be heard in Owen Sound this week. The total number of witnesses in all amount to about fifteen. It promises to be very interesting.

Mr. J. McGowan is now having the help of an engine to run the mill when the water gets somewhat low.

People are now wondering which side of the river will be more suitable for the railway. After the encouragement that Mayor Pedwell of Thornbury and C. W. Hartman of Clarksburg received at Toronto we will be looking for something to be done in the near future.

Dr. N. K. Walter of Detroit is visiting his brother, Mr. G. H. Walter.

Mr. and Mrs. D. Wallace are visiting the latter's brother up in North Bruce.

Mr. John Craig of Thornbury, formerly a resident of this locality, made a short call on friends here on Monday.

Mrs. Wilbert Hurd is visting her uncle, Mr. H Hurd.

Miss E. Wickens of Flesherton spent a day with Mrs. Geo Proctor last week.

Miss M. Abercrombie has gone to Toronto to accept a position.

A special Kimberley correspondent writes The Advance as follows:

The citizens of our quiet burg were quite surprised to see two teams fully equipped for drawing lumber drive in on the Sabbath afternoon and wend their way in the direction of Mr Bishop's mill. We thought some of the mountaineers had forgotten it was the Sabbath day. But we soon found out that they came to remove our smallpox hospital and erect it on the Seventh in the swamp, where they have a camp of their own, that of Levi Abercrombie, who lately returned from British Columbia to his parental home. The disease was contracted on the homeward journey. But we fail to understand why desecrate the Sabbath, as the party had been visiting and attending parties with the pox out on him until they had nearly disappeared, when pronounced by the expert Dr. from Toronto to be the dreaded disease, smallpox. But why isolate him, when his parental home was as bad as could be? Why not quarantine the house and not put the township to the expense of moving and rebuilding? The mountaineers made fun of us when we had a case of our own, and we felt like laughing at them when we saw them go away with the lumber, stove, pots and pans; but the gravity of the case made us sympathize with them in their scare.

From an official "Brown Book," just issued by the Ontario Government there is recorded, among other information regarding the working of the Liquor License Act, the number of commitments for drunkenness in each of the years from 1876 to 1901 in every county of the province. In 1901 there were 12 commitments in Grey, the largest since 1892, when there were 14. Ten years ago there were 23. A very striking and gratifying feature is the decreasing average. For the first ten years of this period the average annual commitants was 24.6, for the last 10 years only 8.6. For the province during the first period the average was 3912.9, during the last period 2202, so that Grey has proved more that the province in the past 20 years. In the matter of fines collected there are only 10 of the 98 License Districts that have collected more than S. Grey, and about half of these include cities. We cannot believe that our riding is less law-abiding than the great bulk of the province, and this result must be owing to more vilizant inspection. Another schedule gives the tavern and shop licenses issued since 1874. These show a constant decrease in almost every case, Grey descending from 115 in 1874, to 68 in 1900.—Durham Review.

Drugging Will not Cure Catarrh

This loathsome disease is caused by germs that invade the air passages of the head, throat and lungs, and can be cured only by inhalation of medicated air. Stomach medicines, atomizers, snuffs, are ineffectual, because they fail to reach the cause of the trouble Catarrhozone is successful because it is inhaled to every part of the breathing organs, and has power to kill the germ, heals the inflamed tissues and prevents dropping in the throat. Catarrhozone treats more than one thousand square feet of the mucous surface with every breath taken through the inhaler, and affords instant relief. It perfectly cures Catarrh, Asthma, and Bronchitis. Sold by druggists. Two months' treatment. Price $1.00. Small size 25 cents, or by mail from Polson & Co. Kingston, Ont.

The Advance had a pleasant call on Tuesday from J. A. Irwin of Midland, who has been visiting his uncle, Mr. J. Clinton, for a couple of days. Mr. Irwin says the town of Midland is going ahead with immense strides.

During the past week some very fine telegraph poles were delivered at this market, of which two poles delivered by Ed. Turner of Eugenia on Saturday topped the bunch. These measured 60 and 65 feet in length, respectively, with 8-inch tops, and brought the handsome figure of twenty dollars for the pair. J. & W. Boyd were the purchasers. Mr. Turner pays a high tribute to the valley road and says it would have been impassible to market these poles had that road not been open. They were drawn by one team at one haul.

The special union evangelistic services under Messrs. Bethune and White will open on Sunday evening next in the Presbyterian church, when the regular Methodist service will be withdrawn. Mr. White will be present at the service in the Methodist church on Sunday morning. The regular preaching service in the Presbyterian church on Sabbath afternoon will be discontinued during the union evangelistic services. During the evangelistic campaign the joint committee decided that the hymn book to be used would be Songs and Solos by Sankey, the edition containing some 750 hymns. These books (the small edition without music) can be bought at Mr. W. H. Bunt's furniture store, where the bible depository is kept, as he has received an order of 200 copies The Sabbath school in the Presbyterian church will continue to meet at the same hour as formerly.

Last night in the Temple Building the Grey County Old Boys held an historical evening. Mr. Matthew Richardson, M. P., for East Grey, was present, and told of early days in Artemesia, and Mr. David Creighton, ex-M. P. P. for North Grey, told of some interesting stories of Owen Sound nearly fifty years ago. Mr. James A. Tucker and Mr. Jas F. Whitsone, D. L. S., read excellent papers dealing with the history, settlement, etc., of the county. Mr. Jas. T. Clark told a story of village boys. It was decided to hold an excursion to Owen Sound during the summer.—Saturday's Star.

Dr. Bibby attended Assizes in Owen Sound this week when his case against the township of Euphrasia for smallpox attendance was up for hearing. The actual result is not known at time of going to press, as the judge had not yet announced his decision upon the answers submitted by the jury.

Dan Reid, the well known proprietor of the McCullough house, Dundalk, committed suicide on Sunday morning last by cutting his throat with a jacknife He only lived fifteen minutes after being found. There is no reason given for the act other than that he has been gloomy since his wife died last fall. He leaves three daughters.

Died All Alone

Thomas Parks, a respected resident of Osprey, living on lot 11, con. 12, was found dead in bed by his brother about 8 p. m on Monday evening. Deceased was a fairly well-to do bachelor and lived alone. He is supposed to have died of heart failure some time Sunday night and to have lain until the following evening, when a brother went to his home and found him as described. Deceased was a brother of Dr. Parks of Ravenna. No inquest was considered necessary.

Obituary.

Mrs. Charles Legard, an old resident of Artemesia, passed peacefully away at the residence of her daughter, Mrs. Henry Wilson, on Sunday morning after a short illness, at the age of 75 years. Mrs. Legard was born in Lincolnshire, England, and came to Canada with her husband in 1854, settling on the back line east, about 1½ miles from this village, where she remained until last November. Five years ago her husband died, leaving her and two unmarried children on the farm. In November last she came to town to spend the winter with her daughter, Mrs. H. Wilson. A week before death she took to her bed and gently and peacefully drooped until the weary spirit took its flight Sunday morning to once more join her loved ones who had passed before. For thirty years she had been a faithful member of the Methodist church and her faith in the future was bright. She leaves behind two married daughters—Mrs H. Wilson and Mrs. W. J. Talbot—Ann and John Henry, unmarried, at home. The remains were taken to the Methodist church Tuesday afternoon where a memorial service was held by Rev. L. W. Thom, Presbyterian, in the absence of her pastor, Rev. J. S. Ivison Wilson, after which interment took place in the Flesherton cemetery.

Railway Extension.

From the reports of recent procedure in the Legislature, in the Toronto papers, we clip the following:

"Mayor Pedwell, of Thornbury, and Mr. C. W. Hartman, of Clarksburg, had an interview with the Commissioner of Public Works on Thursday regarding an extension of the Manitoulin and North Shore Railway from Thornbury, through the Beaver Valley and across to connect with the C. P. R. and G. T. R. at Mount Forest. This road would be, they represented, a very great convenience to the people in the Beaver Valley, and the road would pass through a most picturesque and fertile part of Ontario. Hon. Mr. Latchford expressed himself as being favorably impressed by the suggestion, and thought it ought to be worked out. He also suggested that running rights might be secured over the G. T. R. between Meaford, Collingwood and Thornbury. His attention had not been previously called to this matter, but with the map before him it could be plainly seen that the road would accommodate a large territory at present not reached by any railway, and he was satisfied that this road should go ahead, and he advised those interested to get the project in shape."

A Remarkable Epitaph

Mr. R. Oliver of this township has handed us the following remarkable epitaph which he copied from a tombstone in Lognor churchyard, England, in 1886. We understand the subject was related to Mr. Oliver:

"In memory of William Billing, who was born in a cornfield at Tawfield Head in this parish, in the year 1679. At the age of 23 years he enlisted into His Magesty's service under Sir George Rooke, and was at the taking of the fortress of Gibraltar in 1703. He afterwards served under the Duke of Marlboro at the ever-memorable battle of Ramillies, fought on the 23rd May, 1706, where he was wounded by a musket shot in the thigh; afterwards returned to his native country and with manly courage defended his sovereign rights at the rebellion in 1715 and 1745. He died within a space of 150 yards of where he was born and was interred here the 30th January, 1801, age 112 years.

"Billeted by Death, I quartered here remain; When the trumpet sounds, I will rise and march again."

Weary Brain Workers.

Fagged out, ideas come as slowly as molasses. You think of things just a minute or two too late. Snap's gone! The buoyancy that made work a pleasure—that's gone too. The doctor would tell you that you are run down, not eating enough, nor digesting enough. Your stomach needs aid, your digestion need a bracer too. Your blood needs Phosphorus and Iron that it may be formed readily. Now Ferrozone is a wonderful nerve bracer and blood maker. It's food for the blood and nerves, it will make you strong quickly and permanently. Sold by Richardson.
