Dundalk.

From Our Own Correspondent.

The millinery openings took place on Wednesday, Thursday and Saturday of last week, and it was our privilege to visit each in turn. Mr. J. D. Brown's, under the very able management of Miss Whitely, was very attractive, and as we moved through and viewed the great combination of colors so beautifully arranged to harmonize we were more firmly convinced in our belief that nothing happeneth by chance; but that there is a plan and a design in everything, which was fully verified in Miss Whitely's millinery parlor.

Then we came to J.E Richard's, which is under the supervision of Miss Sherwood, this being her first season in Dundalk. Her efforts eclipsed all previous occasions and her millinery parlor was a regular Eden, every person being loud in speaking her praises. Miss Sherwood is a milliner which has few equals.

Next we visited Benson's and W. J. being rather a musical kid, took advantage of this by securing the Dundalk Orchestra to enliven the proceedings. Mr. Benson was fortunate in securing as manager of his department Miss Raymond, whose reputation needs no recommendation from us. You would almost think you were in another land as you enter through the arch doorway into the millinery department. Language fails me when I attempt to describe what beauty was there, and we just close our eyes and ask ourselves the question, where are we at?

Mr. and Mrs. J. S. Rowe and Mr. T. E. Benson of Markdale were in town on Thursday evening.

Messrs Geo. Hanbury and Beth McWilliams of Owen Sound were in town on Friday.

Mrs. J. W. Whitby and Miss Fannie Wilson spent Friday in Flesherton the guests of their sister, Mrs. M. K. Beaton

Mr. Arnold is digging a cellar preparatory to building a new house.

Mr. J. Cairns spent part of the past week with friends at Cookstown.

Miss Janie O'Melia of Toronto is spending the Easter week with her parents, Mr. and Mrs. O'Melia, of this place.

Miss Maggie Hemphill of Toronto is a guest at the parental home.

Mr. and Mrs. McLaughlan of Markdale is spending a week at the Queen's Hotel.

Mrs. G. Hawk visited Markdale friends one day the past week.

Mr. Colquitt is spending the Easter week with his mother near Feversham.

Miss N. Collinson is visiting friends at Ashgrove.

Mr. Gordon McMullen of Dundalk spent Good Friday at the parental home.

Miss Bella Kennedy is visiting friends near Barrie.

Mr. Jas. McMullen took a business trip to the city last week.

Miss Emma Dyce gave a birthday party on Wednesday afternoon to a number of her little friends.

On Tuesday afternoon last a number of young ladies of Flesherton came over and spent the afternoon with their Sabbath school teacher, Mrs. Dyce and presented her with a pretty water set and a dainty card tray, also an Easter egg to Miss Emma. Miss Jennie Wilson gave a neat address in behalf of the class, then all spent a couple of hours in games and music, after which each left for their several homes.

On Wednesday evening last the home of Mr. and Mrs. Dyce was taken by surprise, when the officers and teachers of the Sabbath school and League met and presented Mrs. Dyce with a silver pickle dish and fork. Mrs. Dyce very feelingly thanked the people for their token. The following address was read by Miss Millie Cook, and presented by Mrs. Tucker, after which games and music were indulged in till midnight; all feeling they had thoroughly enjoyed themselves.

Mr. and Mrs. Dyce leave this week for Proton some fourteen miles from here. Their many friends are sorry to lose them and join in wishing them every success in their new home.

ADDRESS

Ceylon, March 26, 1902.

Mrs. Jas. Dyce,

DEAR FRIEND,—We your neighbors and friends of Ceylon Sabbath school and League, on learning of your intended departure from among us have met to spend an evening at your home. It is with feeling of deep regret that you are leaving us; for in the past you have always shown a deep interest in our League and Sunday school, and in everything that tended to the welfare of the village, and your services have always been appreciated. We now ask you to kindly accept this pickle dish as a slight token of our sincere gratitude. May you and yours long be spared to use this dish and to labor for souls where ever your lot may be cast, is the wish and prayer of your friends at Ceylon.

Signed on behalf of the Ceylon friends.

Mr. S. Hemphill,
Mrs. H. Tucker,
Miss M. Cook.

A Special from Norwich, Ontario.

The recovery of Mr. Norman Batty, Hardware Merchant, one of Norwich's oldest and most successful citizens, has excited much comment. For years Mr. Batty has been an unceasing sufferer from Catarrhal Asthma and although no end of time and money was spent relief was not obtained until Mr. Batty commenced Catarrhozone treatment which perfectly cured him. This is only equalled by that of Mrs Bannon, wife of J. J. Bannon, druggist, who was also cured of Asthma and Hay Fever by Catarrhozone after thirty years' suffering. Fully a hundred persons in this town have been cured of Catarrhal troubles by Catarrhozone which is a remarkable proof of its value. Two months treatment. Price $1. Small size 50c. Sold by all druggists or by Polson & Co., Kingston, Ont.

A case of considerable interest was the Leslie v. Dickson and Campbell suit heard before Judge Morrison at the Division Court session on Tuesday. One stormy day last February the Bentinck council was billeted to meet at Elmwood. Mr. Leslie, Mr. Cronin and the clerk reached there all right, but there were not sufficient members of the council present to constitute a quorum, and consequently no sitting was held. Mr. Leslie was offered 60c to defray his expenses but he refused to take it, and sued the reeve and the clerk for a councillor's day's pay, which is $2. The case was decided against the plaintiff by two counts, first because the reeve and the clerk were not personally responsible in the matter, and secondly because the bylaw in reference to the wages of a councillor states that a councillor shall be paid $2 "per sitting," and as no sitting had taken place there were no legal grounds for paying the wages.—Hanover Post.

Married in Proton

The home of Mr. John Lyons, near Proton Station, was the scene of a very pretty event on Wednesday of last week when his daughter Annie was united in marriage to Mr. John Hockley of Proton, son of the popular merchant there. The ceremony was performed by Rev. J. S. Ivison Wilson, B. A. in presence of a large number of friends of the contracting parties. Mr. J. W. Lyons acted as best man and Miss R. Hockley assisted the bride. The presents were choice in quality and numerous. The young couple will reside at Proton Station.

MONEY TO LOAN—At 4½ to 4¾ per cent. Expenses low. Also a number of improved and unimproved farms for sale cheap. Apply to Geo. Rutherford, Shelburne, or Dundalk office Saturday afternoon.

Mrs. T. J. Sheppard held her millinery opening on Thursday and Saturday last when a large number of ladies availed themselves of the opportunity of viewing her handsome creations. Boyd, Hickling & Co.'s opening takes place on Wednesday and Thursday this week.

Who in the world is "Uncle" of the Shelburne Economist? Ahem! The face looks familar, yet no—yes—no—Oh, to be sure, certainly it is Bro. Smith. We now recognize the maniacal glare in his eye behind the glasses. It had at first escaped notice.

Three good 2nd hand cooking stoves for sale cheap, also I heating stove at R. J. Sproule's, Flesherton, also a quantity good furniture, almost new, and 1 good sewing machine in good running order. All or any above will be sold cheap.

Good horses appear to be on the upward trend. R. J. Ferguson of Clarksburg sold a team of bays for $325 to J. B. Boyd of Owen Sound, and Reeve McKnight sold one for $140. Several other Collingwood farmers got what a few years ago would have been considered very handsome prices for their animals.

Mr. John Linley, a well known farmer of the northeastern part of Artemesia township, went to Owen Sound last week and put up at an hotel. The following morning he was found dead in bed with the gas turned on. The remains were brought home on Saturday and interred at Providence on Sunday. Deceased would be about sixty years of age.

A little son of Mr. W. Sharp made a peculiar find in his father's haymow the other day. While searching for eggs he uncovered a good bridle, halter and light whiffletree which never belonged to Mr. Sharp and which he never saw before. He believes them to have been surreptitiously hidden in the haymow by some one who had no right to them. Anyone who has lost such are invited to lay their claim.

W. Calder of Durham, in a letter to the Review, intimates that Bro. Irwin of the Chronicle is a "sneak" and a "coward." We venture the prediction that Mr. Calder will have reason to change his mind on these two points before long. However he may feel himself justified in bestowing the former appelation, he is certainly at sea when he imagines that there is a streak of cowardice in the Chronicle editor's makeup.

Rev. J. C. Wilson of Brighton, president of the Bay of Quinte conference, preached morning and evening in the Methodist church here to large congregation. These sermons were highly appreciated by his hearers. In the evening the beauty of the service was largely enhanced by several very fine selections by the choir, assisted by members of the Presbyterian choir. A solo by Mrs. T.J. Sheppard was especially choice. A generous collection was taken up to aid the choir in the purchase of supplies.

The Owen Sound Times of last week gives the following interesting item of news: On Tuesday Eugenia Falls, one of the finest water powers in the country and which is part of an estate in the hands of the sheriff, was purchased at the court house here on Tuesday, by members of the owner's family, and relieved of the several attachments which were against the property. A number of gentlemen from Durham, Markdale and Owen Sound were prepared to pick up the property and develop the power, in which case they expected to dispose of electric light and power to the towns and villages within a radius of thirty miles of the falls.

Smashup Near This Station

The noon train on Tuesday, just after passing the lake near this station, left the track, the result being a pretty bad smashup, although it might have been much worse. In fact it is almost a miracle that no lives were lost. As it was no one was seriously injured, although Joe Corrigan, express messenger, suffered a painful bruise on one leg by the safe falling on it. At the point where the train left the track there is a sharp curve to the right and a heavy grade just beyond, and it is customary to put on a heavy head of steam to take it. On this occasion the train was composed of two passenger coaches, express and mail car, two baggage cars, engine and tender, and was in charge of Conductor Henderson. The first baggage car left the rails, throwing the tender off and breaking the rails, remaining horizontally across the roadbed. The engine remained on the track and dragged the tender over the ties for about 100 yards before coming to a stop. The trucks of one car were broken off and one truck was left standing on its end against a passenger coach. One of the passenger coaches rolled partly on its side but the other maintained an upright position, while the express car fell on its side against the embankment. The passengers certainly received a severe shaking up and had their nerves badly stretched. A large gang of men were soon on the scene, and the work of clearing the track was commenced with vigor. Had the wreck occurred a hundred rods north or south, of where it did it would have been much more serious and must have resulted in loss of life.

You Are Tired

Your color is not good. Restless one moment, fretful and blue the next. The world's out of joint. You're out of joint with the world. Not temper, not feeling, but weakness. Neglect is unwise. You grow steadily worse. Get good rich blood, then feel new vigor, strength, buoyancy. You'll see a dozen things to do; you will do them too, if you use Ferrozone. It sharpens the appetite, and you enjoy your food; you get color, and old time strength comes back. That's because Ferrozone aids digestion, makes red blood. Ferrozone is strength for the nerves and vigor for the brain. Be sure of the name Ferrozone. Sold by Richardson. Price 50 cents.

The time is now at hand when spraying should be commenced, says a well known apple buyer. The latter part of March and early in April when the buds are swelling is the proper time. As the Fruit Marks Act will be rigidly enforced this year, every person with an orchard will find it greatly to their advantage to thoroughly spray, as the apple buyers and pickers cannot, and will not take inferior fruit.

A young couple were married in Fenelon Falls recently and a number of their friends and relatives assembled at the railway station to see them off on their honeymoon. Old slippers and rice were showered on the happy pair as they boarded the train. When they got comfortably seated in the car, the groom noticed a boot in the aisle, and, thinking it was one that had been thrown into the car by one of his jovial faiends, threw the boot out of the window as the train was moving. It happened that the boot belonged to a well known Toronto commercial traveller, who had removed it to ease his weary feet. On the arrival of the train at Lindsay the groom was compelled to purchase a new pair of boots for the drummer.
