THE CAMPAIGN IN EAST GREY.

The East Grey political campaign goes merrily along with Mr. Lucas holding rousing meetings throughout the riding. John M. Davis, the so-called independent candidate, attends each of these meetings. He hires no halls himself and pays for no lighting or speakers. He is running it on the heap John scale. As one man remarked, it looks like a poodle running after a mastiff and nipping at his heels. The Advance is not alone in its poor opinion of Davis, as witness the following written by a Kimberley correspondent to the Thornbury Herald after the Kimberley meeting: The correspondent says, speaking of Davis: "Wonder did anybody ever tell him what an exhibition he is making of himself? He will certainly be a sickly looking sight about the 30th of May. A before and after picture of him would make an excellent premium for some paper." And again the editor of the Herald in reporting the Heathcote meeting, ventures the opinion that Davis could tell all he knows on provincial questions in twenty minutes, and also adds the following solemn warning. "There is a possibility of a man losing his good municipal reputation (this has no reference to Mr. Davis) by making himself ridiculous and the laughing stock of the people by his ignorance on important questions, but which have no connection with municipal affairs." These things are certainly as telling blows as any The Advance has ever given. We understand that Mr Davis complains of the way this paper has treated him. Well, an individual who courts election to a public office must be prepared to learn a few things about himself which he probably did not know before, and chief of these is the question of his fitness or unfitness for the position, and the press and public are the only sources through which he can learn this, because overweening pride prevents the formation of a correct individual judgement. The best men have to be sought for, and that is the kind we want. The man who pulls wires to get a nomination, fails egregiously, but still remains determined to "run," as Mr. Davis has, is a man which the public should keep strictly at home. He is a self seeker of the worst description—a man who is willing to sacrifice anything and adopt any platform if he only may be elected. Pity the country if all our parliamentarians were of this stamp.

In a private letter from Mr. Richardson, M. P., at Ottawa, he tells us that he made enquiry of the Minister of Agriculture regarding the comparative cost in South Grey of the census of 1891 and 1901. In the former year under Conservative rule the total costs was $1647.85 and in 1901 it was $2597.26 an increase of $950.69. Mr. Richardson also informs us that the increase in South Grey is much less than in most counties as the average cost is almost doubled, the number of enumerators trebled, almost quadrupled. Moreover he informs us that no reason could be assigned for the enormous increase under an "economical Liberal Government."—Durham Chronicle.

A Story of Morning Tiredness

Is told by impure blood, poor digestion, sluggish liver and tired nerves. It is a warning of very serious trouble ahead, and should prompt sensible people to take a bracing tonic like Ferrozone, an energetic invigorant and rebuilder. Ferrozone will give you a sharp appetite, promote good digestion and sound sleep; it will feed and energize the enfeebled organs, strengthen the nerve and vital forces and regulate the heart. Ferrozone changes that tired feeling into vigor, strength and ambition, and does it quickly. Remember the name, and insist on having only Ferrozone; it's the best tonic made. Price 50c. per box, or six boxes for $2.50, at druggists or N.C. Polson & Co, Kingston, Ont. Sold by W. E. Richardson.
