Clark, Nicholson & Co., of Eugenia, hoop and veneer [illegible] in difficulty and th[illegible] to be wound up. [illegible] had a hard struggle [illegible] and a universal sympathy is expressed toward them. The employees also are heavy losers, as a large sum was owing in wages.

Artemesia council met on Monday, and amongst the business transacted was the passing of a bylaw to empower Mr. F. Deagle to erect poles on the highway for the purpose of supplying electric light and power to Eugenia, Flesherton and Flesherton Station. A large amount of business was transacted in the Court of Revision, for which it is impossible to find place this week. The minutes in full will be given next week.

Mrs. George Park of this village passed away on Sunday evening at the age of 75 years. For some time Mrs. Park has been in delicate health and a couple of weeks ago fell and injured herself severly, which accident hastened her death. The funeral took place Tuesday afternoon of this week, the remains being conveyed to the Methodist church, of which deceased was a long time member, and from thence to the cemetery. The deceased lady was, with her husband, among the pioneers of Artemesia township.

The contract with Mr. Deagle for lighting our streets by electricity has been entered into. Mr. Deagle has agreed to erect sixteen incandescent lamps of 32-candle power, in the town, and one arc light on the square of 2000 candle power, for the sum of $200 per annum. House lights will cost 25c each per month. These lights will be kept burning until 12 o'clock at night and from 5 a. m. until daylight. This ought to be a satisfactory service, and we believe that after it is installed our citizens will wonder how they could ever have go along so long without the up-to-date light. Mr. Deagle will start the installation of his plant in a few days and expects to have it in operation by October.

F. T. Hill & Co's change of advertisement arrived on Wednesday, too late for insertion this week.

The stationing committee of the Methodist conference has submitted the following draft of stations for Owen Sound district: Owen Sound—First Church, Rev A Langford; West Street, Rev E W McBryan. A meeting of citizens was held at Munshaw's hotel on Monday evening to prepare the way for a first of July demonstration here. A strong commitee and sub-committees were appointed, who will look to it that a day of much pleasure will be forthcoming. We understand that nearly five hundred dollars will be offered in prizes, and when we say $500 we do not mean $125, as is the case with some demonstration committees. Announcements will be made in due time, after the various committees have prepared their lists of sports. In the meantime make no other engagements for that date, because it will be a great day.

An interesting magistrates' case was tried in the town hall on Tuesday, an outcropping from the Eugenia hoop and veneer mill failure. Bailiff John Wright had certain mill appliances under seizure. Two young men, John McCallum and John Braniff, acting for the A. R. Williams Co. of Toronto, removed this property, knowing it to be under seizure, and for this were summoned to appear before Magistrate VanDusen, who was assisted on this occasion by Mr. D. McTavish. The young men were represented by Mr. J. J. McLaren of Toronto and the plaintiff by Mr. McArdle, of Lucas, Wright & McArdle. J. Quirt, representing the Williams Co., was also present. Mr. McLaren objected to the magistrates' jurisdiction and made a strong attempt to get the young men off, but the verdict was five dollars each and costs. The solicitor for Williams gave notice that he would carry the case to another court.

W. M. S. Convention.

The ninth annual convention of the W. M. S. of the Owen Sound district met in the Methodist church, Flesherton, on the 28th of May, with Mrs. A. Frost, District Organizer, in the chair. Mrs. (Rev.) A. Langford, Owen Sound, led the devotional exercises at 10.30 a.m. Mrs. George Burritt, Flesherton, was appointed secretary. The roll was called and the following responded to their names: Mrs. A. Frost, Mrs. Langford, Mrs. W F Gray, Mrs. Packham and Miss J. Anderson, Owen Sound; Mrs. M. Armstrong, Mrs. Boland, Mrs. Craig, Mrs. Brown, Mrs. Henry, Mrs. Irwin, Mrs. Halbert, Mrs. Cairns and Mrs. (Rev.) Buchanan, Markdale. The unfavorable weather prevented delegates from the other auxiliaries being present. Reports were read from the auxiliaries, showing an increase in interest, membership and funds. The Woodford auxiliary had raised two dollars per member. The mission bands are more than holding their own. Mrs. A. Frost was nominated as District Organizer. Questions were received and the session adjourned to meet at 2 p.m.

The afternoon meeting was opened by Miss Anderson and Mrs. Boland, in the absence of the delegates from Rocklyn; Mrs. D. Henry read a paper on "Our personal responsibility to God." Mrs. G. P. McKay, of Toronto, answered the questions, and through this channel much information was gained, for Mrs. McKay is conversant with all phases of the work of the society both at home and on foreign fields. Seven girls from the local band sang "Crown Jewels" in costume. Mrs. W. F. Gray gave a paper on "The Power of Con[illegible]," after which the consecration service" was led by Mrs. Boland. Mrs. W. N. Brown gave a paper on "Giving" which was well received. The papers were all marked for their deep spirituality and their careful preparation. It would be impossible to single out a paper and say it was excellent for each on its own subject could [illegible]ly be surpassed.

Miss Christoe on behalf of the auxiliaries of the district presented the following resolution, which [illegible] by a standing vote.

The members [illegible] W. M. S. of the Owen Sound district [illegible] with regret that Mrs. Boland, [illegible] our most efficient workers, is soon to remove from this district. We desire to express our appreciation of her efforts in the past for the strengthening and spreading of the missionary cause, and trust that in the new home kindred spirits may be found, who will assist her in carrying on the good work of the Master. We are glad in looking over the past to find that perfect harmony has marked all our associations together, and we feel that though

We part in body, not in mind,
Our minds continue one,
And each to each in Jesus joined,
We hand in hand go on.

An invitation was received from Markdale auxiliary to meet there next year, which was accepted.

The evening meeting was opened with Rev. J. S. I. Wilson in the chair. Mrs. G. P. McKay of Toronto was the chief speaker and took as her subject "The women who have consecrated themselves to help others in a specific way." The Misses Joy delighted the delegates by their glorious singing. The chairman spoke plainly in his characteristic way to those who were not present, with the hope that they might hear of his remarks. The meeting closed with the benediction.

When we commence to tell you about our Selling-out Prices it does sound like "Fiction," but it's truth—gospel truth—every word of it. A True Nerve Tonic

Will act, not so much directly upon the nerves as upon the digestive functions and the abundant formation of red, vitalizing blood. Nerves can't be fed on medicine. They can, however, be restored and strengthened by assimilated food. The marvelous action of Ferrozone arises from its action over the digestive and assimilative process. When you take Ferrozone the blood is purified, strengthened, and grows rich and red. Then you grow vigorous, healthy and beautiful, ready for work, because you have the strength to do it. No tonic for the brain, blood or nerves compares with Ferrozone. Price 50c., at druggists or N. C. Polson & Co., Kingston, Ont.

A terrible accident occurred at a barn raising near Chatsworth on Wednesday afternoon about 5 30, by which Fred Dieter, a young unmarried man, 22 years of age, was ushered into eternity. The first bent was up but not properly stayed. It overbalanced and Deiter was caught under the falling timber which struck him across the shoulders, crushing him terribly. Medical attendance was secured at once and everything possible was done to save the young man's life. He expired, however, before nine o'clock.—O. S. Times.

The New Ontario Edition of the Toronto Daily Star is one of the best things of the kind ever published by a Canadian paper. It presents with all the typographical neatness possible the resources, and developement now going on, in what has come to be called New Ontario. Whatever the Toronto Star undertakes it carries through in the very best way, and this last evidence of its enterprise is another proof of the growing strength of that up-to-date paper.

It seems to be the general opinion of the electors in and about Clarksburg and Thornbury, that the action of J.M. Davis in acting the part of "Solomon Slow" has put an end to his political career. Wonder if it was on account of his slowness or was it a bluff all through? It seems very strange indeed that a man so hot after parliamentary honors would make such a blunder as it is claimed Davis did. But wonders never cease.—Reflector.

Last Thursday evening Rosie May Bowman, the seventeen-year-old daughter of John Bowman, who lives on lot 20, con. 8, Amaranth, committed suicide by taking paris green. The girl had been employed as a domestic with Mrs. Sarah Smith, who lives on the next lot south. Thursday evening she went to her own home, and upon entering the house picked up her little brother and commenced playing with him. A short time after this she went out of the house, but returned again in a few minutes. Several times she went out and returned in the same manner. Finally a younger sister observed that she had been vomiting and told the mother. At that time there was no suspicion of poisoning, but later on in the night, the vomiting spells not having ceased, the girl told her mother that she had, before coming home, taken half a cupful of paris green—that she was tired of working and of life. Death took place about three o'clock Friday afternoon. The funeral took place to Shelburne cemetery Sunday afternoon. Coroner Norton was called in, but after inquiring into the facts he decided that an inquest was not necessary.—Shelburne Economist.
