Our township fathers have a bylaw on their books making it compulsory to cut down noxious weeds. We notice that the lot on which the town hall stands is ablaze with beautiful white daisies. The lot will grow enough seed to supply the township as well as the adjoining lots. Would'nt it be well to apply the "Act" in this case?

Polecats seem to be abnormally plentiful around the suburbs this year. Mr. Andy Wilson killed one this week while in the act of eating some of his chickens. Master Oshwell Whitten caught one in a trap and Mr. J. Adams cut the legs off three while mowing a park lot belonging to W. Richardson.

We notice by the Maple Creek, N. W. T., Signal, that Mr. Robt. Kells, son of Mr. T. Kells of this township, has received word from the directors of the Glasgow exhibition that he had been awarded a diploma for oats which were grown on his farm. This is the third diploma Mr. Kells has received for oats, the other two being from the N.W.T. Government and Paris, France.

Miss Martin writing from her home in Preston, says:—"On looking over the names of my pupils who were successful in passing at the recent promotions, I noticed that Flora McMullen's name was omitted. She was one of the number who passed from sr. part 1 to jr. part 2. Will you kindly mention the omission in your next issue? By so doing you will greatly oblige me."

Mr. Andrew Wilson is not shaving customers for a few days—he is taking a rest—that is—um, er—he tackled a skunk which was killing his chickens and—and—you know the rest.

Mr. Fred Norris got a painful bruise last week. He was blocking a wheel with a stone, when, as he tells it, thinking the stone was not large enough Fred like little Jack Horner, stuck in his thumb, but there wasn't any plum—on the contrary the wheel tore his fingernail off and burst the flesh. He knows now it was not a pudding.

County Commissioner Preston of Maxwell writes The Advance as follows: "I notice in the minutes of the County Council in our last issue I am represented as advocating that the county should issue debentures for $10,000 to assist the Owen Sound General and Marine hospital. That is a mistake. I have never, either by word or vote, advocated giving the hospital any increase above the usual grant of $500."

People who fire off guns should see that their muzzles are pointed where they can do no harm. On Thursday last a spent bullet from a 32 calibre rifle dropped through a window in the residence of Mr. John White and fell on the floor. Beyond shattering the pane of glass no harm was done, but that was not the fault of the man at the trigger. He did his best to kill somebody, and he ought to be looked after.

Mr. John Sheppard of this town keeps bees. Some of these bees decided that they would like to be in the procession Saturday so on Friday evening they swarmed and took up their position on top of an arch opposite the Presbyterian church. The cruel owner, however, proposed to veto their ambitious designs and proceeded to hive them. Next morning they were back at their post on the arch, or a portion of them, and a second hiving tournament had to be gone through before they would quit. Shortly afterward the arch fell down, whether from overstrained nerves or not we cannot say, but it was not resurrected.

Two very interesting games of lacrosse were played in Durham on Monday afternoon before an audience of four or five hundred people. The first match was played between Durham and Mt. Forest Juniors and resulted in a score of 5 to 0 in favor of Durham. The second was a league match between the Seniors of the same towns and after a hotly contested game resulted in favor of the Durham team by a score of 3 to 1. This match is said to have been an extra good one, the playing throughout being first class. The game was clean with only one man sent to the fence and exciting language was kept well in check. This puts Durham in second place in the Intermediate League with Owen Sound in the lead.

We have been shown a letter received by Mr. R. Clemes of Lady Bank from his son Wesley, mailed at Cape town June 10. The young man enlisted at Sault ste. Marie, and will probably soon be home again, as we understand his troop is on its way back without having been called upon to go to the front. The letter denotes a pleasant voyage, the only events being the death of a sailor and a fatal accident which the writer describes as follows: "There was 250 men of the fourth regiment on this boat and 3rd troop of C. Squad of the 4th were drawing feed out of a hatchway for the horses, and when the bags were up at the top hatch they caught in the boards and loosened them, when seven men went down to the bottom, about 50 or 60 feet. One was killed and another will likely die: two had seven ribs broken. The other two got off safe. The dead man was burried at sea with military honors." Mr. Clemes has two sons with this contingent but no doubt both will be home in a few days as the vessel supposed to be bringing them has passed Cape Verde islands on her return journey.

Campbelton Hero to the Front

That famous Clydesdale stallion the Maxwell Company have will stand for mares at Maxwell hotel for season 1902 at $10 00. Is one of the greatest stock getters in the county, which is proven by his stock. G. R. GLASSFORD. 29a.

Lightning and hail has recently done an immense amount of damage down east, through Pickering, South Dummer and other townships.

E. W. Brooks of Sterling had a horse attacked by a neighbors bees which stung the animal so badly that it died a few hours afterwards.

A Capital Cure for Sore Throat

Is to use as gargle a few drops of Polson's Nerviline in sweetened water, and before retiring rub the throat and chest vigorously with Nerviline. By morning the soreness and inflammation will have disappeared entirely. Nerviline drives away the pain and cures sore throat and hoarseness quickly, simply because that's what it's made for. Buy a 25 cent bottle from your druggist to-day.

During the Orange demonstratiou on Saturday at Tara, Ont., Mr, McKnight of the township of Keppel, while in the procession, was run into by a vehicle, breaking his leg.

Wednesday morning the harbor light, situated on the end of the north pier in Kincardine harbor, was struck by lightning. A quantity of upwards of 100 gallons of coal oil was in the building and the efforts of the firemen were unavailing. The steamer Pittsburg was unable to enter the harbor during the progress of the fire and landed her passengers by means of a yawl boat.

A new swindling game has made its appearance in Ontario. A stranger offered a farmer $6000 for his place and paid $25 down to bind the bargain. Then he went away. Along came another stranger, who offered $7500 for the farm. He was told to come around in a few days. Back came the first stranger. The farmer gave him $265 to give up his option and is patiently waiting for the second stranger to return.

During the thunder storm last Monday afternoon Matthew Doyle, who lives south of Keldon, was overseeing the erection of a hayfork at his barn when the workmen, including himself, were scattered and dazed by lightning. Mr. Doyle was unconscious for a few seconds, and had scarcely recovered when the girl came running from the house to say that Mrs. Doyle had been struck by lightning and killed. They went to the house and found Mrs. Doyle in an unconscious condition. The lightning had struck the house, passed down the lead piping to the sink, where Mrs. Doyle had been at work, and twisted and partly melted the metal work. Dr. Campbell of Grand Valley was telephoned for. Mrs. Doyle remained in an unconscious condition until about 10 p.m., and even yet she has not fully recovered.—Economist.
