People's Edition

OF THE

"LIFE AND EPISTLES OF ST. PAUL."

I have much pleasure in recommending to the public the "Life and Epistles of St. Paul," by Congbeare & Howson. It is a finely got up edition of a thousand pages, with Maps, Engravings and Charts. The work delineates the early life, education, conversion, teachings, labors, &c., of a man whose writings are now engaging more thought, calling forth more learned discussion, and more powerfully impressing the ming and heart of the age, than those of any author, ancient or modern. This work has also the warmest recommendations of about 1500 of the leading divines in both Europe and America, as being one of the most important theological works of the age,

It is now offered in a form, and at a price, which must bring it within the reach of every one who may desire to possess it, being published at about one-fifth the price of the London Quarto Edition. I have therefore no hesitation in saying that it is a work which should be in the hands of every Minister, Sabbath School Teacher and heads of families. It certainly supplies a long felt want in sacred literature, and, I trust it may have a general circulation.

N. McKINNON,
599-3m Publisher's Agent.
