Owing to unfavorable weather the Methodist Sabbath school picnic was held on the agricultural grounds Friday afternoon. The best of a bad situation was made and the young people enjoyed themselves very much.

Mr. Charley Richardson and W. English returned last week from a twelve day trip around the Georgian Bay, taking in Killarney, Collin's Inlet, the Bustards, Bing Inlet, Parry Sound and the Christian Islands. Dr. E. K. Richardson was also one of the party.

We are giving very special values in all lines of summer dress goods, prints, muslins, ginghams, summer corsets, summer underwear, men's summer suits, ladies' shirt waists. We give you 25 pounds Redpaths granulated sugar for $1.00. Thos. J. Sheppard.

We notice by the Brighton Ensign that at a recent coronation service in that town "Mr. R. N. Henderson, one of Toronto's celebrated baritone singers," rendered a solo which was very highly appreciated. This is our own R. N. who is developing a powerful voice. But then Newt. can do anything he undertakes and do it well.

Master Edgar Morrison, of Maxwell, who attended the Flesherton school a year or so ago, doing work in the continuation class, has secured his second class certificate after putting in one year at the Collingwood high school. The young man is only sixteen years of age. Mr. Irwin Morrison, reeve of Osprey is his uncle.

Mr. F. T. Carr of Eugenia occupied the Methodist pulpit on Sunday morning, preaching from the text, "Salt is good" The sermon was very highly appreciated by those who heard it. The evening sermon by the pastor was on "Party Politics," and was unusually good. We purpose publishing a report of this sermon next week.

The garden party held at Mrs. Hamblin's residence, Maxwell, last Wednesday evening under the auspices of the English church there, turned out to be a decided success. Notwithstanding it was a most busy time with the farmers of the neighborhood and the night was most unfavorable for an assemblege of people—raining heavily most of the evening, a goodly number gathered and enjoyed themselves indoors with games, singing, etc. The proceeds of the evening amounted to about twenty dollars.

Messrs. J. and J. Paton, at S. Talbot's residence last week, lathed and plastered, two coats, 500 square yards in five and a half days. This is considered pretty fast work and the gentlemen would like to hear of some one who can beat it.

Mrs. J. P. Ottewell of this place has among her many floral treasures an hydrangea of the Thomas Hogg variety which attracts much attention. The plant measures twelve feet in circumference and is loaded with huge bunches of bloom, ranging up to nine inches in diameter and two feet in circumference. There are forty-one of these fine bunches in bloom, making an extremely attractive plant and one of which the owner is justly proud.

Business was good in the police court on Monday when Magistrate VanDusen had four cases before him. Messrs. Sam Phillips, Wm. Phillips, John and Robert Scilley of Osprey were charged by G. R. Glassford of Maxwell with having created a disturbance and fighting in his hotel on Wednesday of last week, 20th inst. The parties acknowledged the corn and were each taxed $2 and costs, amounting in the aggregate to $33.66. We understand that other cases are likely to develop out of the fracas.

From a handsome illustrated prospectus of the Meaford high school, issued by the Mirror printing office, Meaford, we learn that this up-to-date and very well-known high school has again been unusually successful in its work for the year. Seventy-eight per cent. of those recommended passed the various examinations. Of the 28 who wrote for Part II Junior Leaving, 22 were successful; and some of these successful ones spent only one year in the high school and at their entrance to the high school knew nothing of Algebra, Euclid, Latin and German. We notice also the wide range of work done this year by this school,—Matriculation, Junior and Senior Leaving, Scholarship, and Commercial Diploma. In fact there is no form of work done by the largest Collegiate in the country that the school does not do. One pupil, N. H. Anning has won the Chancellor's scholarship ($200) and the Mowat scholarship ($150) given by Queen's University to the pupil ranking highest in Mathematics. All parents, pupils and teachers wishing a copy of this useful and beautiful prospectus which is a compendium of useful information not only about Meaford and its high school but about all the various courses of study and the latest educational changes of vital interest this year to every teacher of continuation work, can have one by sending name and address to J. L. Cornwell, B. A., Principal, Meaford.

Horse Breeders, Attention!

McClung, Euphrasia, I give notice to parties having mares to breed that he will stand at my stable, lot No. 21, con. 10, Artemesia, for service the balance of this summer. His color is dark bay with one white hind and one fore foot, with star on forehead. He has proven to be a very sure foal getter, and the 10 or 12 spring colts from him are of superior quality and all will be about the same color as himself. He was 3 years old last 23rd May. Terms:—To insure, $8.00, with reduction enough to pay parties time coming a distance. Inspection invited. Pedigree on application.

JOSEPH BUCHANAN.

He Is a Flatterer.

The writer of the following letter has flattery down to a fine art, and his quaint methods embolden us to put his letter in type, for which offence we trust the writer will pardon us. George's artful way of referring to our depleted pocket book is certainly good.

Grand Rapids, Mich., Aug. 20, '02.

Mr. W. H. Thierston, Flesherton.

DEAR FRIEND:—I was much pleased to read in the Advance recently that you were going to have a week's vacation, even though it meant the suspension of your newsy publication for one issue. You will no doubt wonder why I should be interested in your behalf, so will explain, and you will then see that I am prompted by a purely selfish motive Here it is:—

On previous occasions when you have laid aside the pencil, scissors and paste-pot and taken a jaunt up the lakes in search of recreation and northern ozone, and later returned to the arduous duties devolving upon a country publisher, you have inserted in the colums of The Advance a serial story brim full of interesting descriptions of your experiences while abroad. The perusal of these chapters I have enjoyed to the utmost, especially so your voyage up the Georgian Bay some two or three years ago, so you see I am anticipating another treat in the coming issues of your paper, and the more incidents you have to relate, the better I like it, for you have a way of describing things that is peculiarly interesting.

Usually, after a fellow has had a vacation, he is somewhat short on "change," so, taking it for granted that an odd dollar would come handy to you in case of a possible emergency, I will enclose a Canada money order for that amount and kindly ask you to credit me with same on subscription. Cardially,

GEORGE V. HOLMAN.
