S Walker Sloan
PROPRIETOR

Cattle Stealing Extraordinary.

On Thursday last a youth named James Cummins, aged 17 years, was arrested by Chief Stovel of Mt. Forest, and brought before mayor Gruer, in the absence from town of Police Magistrate Macgregor, and on a charge of cattle stealing, laid against him by Mr. Samuel Shaw, con. 11, Arthur. The youth pleaded guilty and told a remarkable story, equalling any which come out of the wild west and which is corroborated by other evidence. Cummins says he is an orphan and that he came from Hamilton. He hired out last November to John O'Donnell, on lot 5, con. 12, Minto. Since that time the youth says he has been helping O'Donnell in a system which he describes as follows: —Cummins was driven by his employer to certain farms in the neighborhood. A certain cow would be selected, and the lad informed by his employer that he should go on the next night and take the animal as the owner owed him a certain sum of money. Several of the animals were insured by the man who had stolen them, and one or two were killed during storms by being struck on the head with an axe, and the claim made that they were killed by lightning. In this way, the price of the animals was obtained, and traces of the theft covered up. Two or three weeks ago Cummins and a little boy of O'Donnell's drove some swine to Harriston for delivery to Mr. Hyndman of that place. The money was paid over for the hogs, one of which was a sow belonging to Mr. P. G. McLellan, con. 10, Arthur, and which he advertised as strayed in last week's REP. Mr. McLellan, we might add, recovered his sow and Mr. Hyndman is out the price paid thereof.

After selling the hogs Mrs. O'Donnell and Cummins had a row over the latter retaining $10 of the sale price, Mr. O'Donnell being away from home, and the youth left. On leaving he proceeded to look for another job and hired out with Mr. Mich. Walch, con. 9, Arthur. Here he became confidential and told some masons who were at work for Mr. Walch, about having stolen a cow from Mr. Shaw, the man who laid the charge against the prisoner and caused his arrest. After hearing the evidence the Magistrate committed Cummins for trial. On Friday Chief Stovel took the youth to Guelph where His Honor Judge Chadwick at once gave the boy a hearing and remanded him to jail for two weeks no doubt in expectation that O'Donnell will be captured in that time, when the boy, it is believed will only be retained as a witness, as it is evident he was made a tool of by his employer whose whereabouts is not known but the police authorities are doing their best to find him.

Eugenia

From Our Own Correspondent.

Born—August 24, to Mr. and Mrs. James Armstrong, a daughter.

Miss Edith Carr has returned from an extended visit at Arcola, N. W. T.

Mr. George Sloan and Mr. Cooper of Meaford were guests of Mr. and Miss Beecroft of Edenvale on Sunday last.

Mrs. Will Purvis and two children of Toronto have been visiting friends here the past week.

On Wednesday last a number of our Eugenia people went for a picnic to Duncan lake and report a lively time. They hired a carryall to take the ladies, but at the start the horses baulked and would not move, so they got out and walked most of the way. Then a savage bull attacked them and they thought their end had come. Some of the ladies had great difficulty in scrambling over the fences with the beast in hot pursuit, while the carryall and the noble horses were prancing along a couple of miles behind. The party left Eugenia about ten in the morning, reached Duncan lake at three in the afternoon, footsore and weary. They had to beg a morsel as they tramped along. Of course no one refused them. When they wished to leave for home their horses baulked again. They waited on the brutes until 10 30 when a number of the younger ones started to walk home and got a guide to pilot them through the swamp. On the way a thunder storm came on and gave them a sorry time, with the night pitch dark and only the lightning to show them over the sloughs that abound in that dismal swamp. At eleven o'clock the contingent reached Mr. John Braniffs, where they were kindly cared for after their long weary tramp. About one o'clock the rest of the party came along and all reached Eugenia about half past two Friday morning, a sorry looking lot. So ended the picnic. The party will hold their next at Eugenia The carryall, it is said, will be sold for damages.

Collingwood Gas Well on Fire

The accidental lighting of the gas well, almost completed on the premises of ex-Ald. Carmichael, Thursday evening brought out the fire brigade and hundreds of people, the fireman to fight the fire, while the citizens looked on and many gave advice as to how the fire could be extinguised.

The accident occurred shortly after work had been suspended for the day. Gas having been found, a pail was placed over the tubing, which one man was trying to hold down. The escaping gas was ignited from the furnace of the boiler close by, and in an instant the well was ablaze. Mr. Wheathy, who was standing close to the well, was knocked down and badly burned, while Mr. Horton had his face and whiskers scorched. The flame shot upward fully fifty feet, and a most intense heat. The firemen kept streams of water on the adjoining buildings, while efforts were made to put out the fire. Bags of sand were placed over the well, only to be thrown aside like chips. One after another expedient was tried without success until finally a concerted effort was made on the opening with the chemical engine, two streams of water and steam from the boiler, which proved successful.

The principal damage was to the derrick and machinery. The loss to the contractor will be about $300. The loss on the buildings will be about $200. It was fortunate that there was no wind at the time, or the encire block would have been destroyed.
