That Fierce Plastering

To the Editor of The Advance :

MR. EDITOR,—In last week's issue a statement was published regarding a piece of work done by Jas. and John Patton as being exceptionally fast and a request that they would like to hear of any one who can do as fast work. Well first of all it is known that they took a lather from this village to help them with the lathing, then as to there being 500 yards of plastering in the little 20 x 26 story and a half house, two of our contractors here tendered on the same job and estimated it at 400 yards instead of 500, but what surprises us most is that they would call it fast work. Why they couldn't do it much slower and keep awake. I could give the addresses of plenty of mechanics who will beat this any day. Mr. Jos. Gibson near Markdale and Jas. Felstead of this place have lathed and plastered a house containing 850 yards in six days and a half, but look upon it as only ordinary work. I have known a mason to plaster 540 yards in two days. Mr. John Wright of this place, with his mate, has plastered 400 yards a day on a building In fact, men who are expert in these lines would feel like prosecuting for libel anyone who would publish a statement that they were so long doing so little. It looks as though "Jimmy was trying to imitate the little frog which did the self-inflation act. But really there is no need for another froggie explosion. A MECHANIC.

We are Pleased to Know it.

To the Editor of The Advance.

DEAR SIR,—I notice in your last week's issue some reference to the reeve of Euphrasia township re Valley Road. I want to inform you that Euphrasia's portion of that road is in a much better state for travel than Artemesia's and we hope to be able to keep it in as good condition as Artemesia, notwithstanding any preference Mr. Davis may have for any particular market or town. I think I can safely say that the farmers of Euphrasia are no respector of persons or towns, and I am sure that the farmers in the Valley both in Artemesia and Euphrasia do very much appreciate the action which the council of Artemesia has taken in that matter, altho we think they should have done the work some years ago. Better late than never. Yours

BEAVER VALLEY RATEPAYER.

The Father Consumption

Bad coughs, colds and catarrh are responsible for more consumption than is traceable even to heredity. Catarrhozone cures more quickly than ordinary remedies because it is the only antiseptic yet discovered that is violate enough to reach the root of the trouble in remote parts of the lungs and bronchial tubes, and impregnate every particle of the air breathed with its healing, germ-killing vapor. Colds can't last ten minutes, or coughs more than thirty minutes when Catarrhozone is inhaled It clears nose, throat and air passages at once, stops dropping, headache, and erradicates catarrh from any part of the system. Two months' treatment $1.00 ; trial size 25c. Druggists or N. C. Polson & Co., Kingston, Ont.

Twenty head of bronchos were sold by auction at Creemore on Saturday week. The average price paid was $32. This was a big price considering the treacherous nature of the critters.

Valuable Advice to Mothers

If your child comes in from play coughing or showing evidences of an approaching attack of grippe, sore throat, or sickness of any kind, first thing get out your bottle of Nerviline. Rub the chest and neck with Nerviline, and give internal doses of ten drops of Nerviline in sweetened water every two hours. This will prevent any serious trouble. No liniment or pain reliever equals Polson's Nerviline, which is a necessity in every household. Large bottles cost only 25c.

Ceylon.

From Our Own Correspondent.

Monday being Labor Day the school children held a picnic in McKenzie's grove and a very pleasant time was spent.

Quite a number left on Tuesday morning from here to take in the Toronto exhibition.

Mr. J. D. Morgan and staff of Dundalk have been busy loading poles here the past week.

Mr. and Mrs. J. B. Egan spent Sunday with friends in Dundalk.

Miss Morgan, who has been visiting her sister, Mrs. Egan, here for the past week, returned to Dundalk on Saturday.

Mrs. Egan, sr., who has been visiting friends around here the past three months, left for her home in Hamilton on Saturday.

Miss Janie O'Melia of Toronto is spending a few weeks with her parents here.

Mr. J. Dyce and men arrived on Monday to start the stonework on Mr. T. Collinson's new house.

Mrs. Brown and two children, who have been visiting here for some time, left on Saturday for their home in Toronto.

Miss Jennie Phillips of Toronto was the guest of Miss Millie Cook the past week.

Mr. Legate of Owen Sound spent a few days with his cousin, Mr. R. P. Legate, last week.

The Critical Time of Life

Is between the years of fify-seven and sixty-two. Nature's power slows, down, vitality becomes less, and the progress of decay sets in. A means of extending old age and renewing decreasing vigor is to take Ferrozone after meals. Ferrozone keeps up the appetite, and in the formation of red, vitalizing blood, imparts clearness to the tiring brain, force, energy and spirits just when they are needed most. To take Ferrozone regularly means adding from ten or twenty years to life. Large boxes 50c., or six boxes for $2.50, at Druggists, or Polson & Co., Kingston, Ont. Sold by W. E. Richardson.
