Two teachers are wanted for the Kimberley public school. See advertisement in another column.

Mrs. M. Richardson returned home on Monday after an extended visit in Toronto.

One week from to-day we will be giving thanks for a bountiful harvest and good times in general.

Miss McKechnie of Collingwood has taken the position of deputy in the post-office here, recently vacated by Miss Kavanagh.

Mr. J. Boyd and family are now ensconced in their handsome new residence, erected this summer on Toronto street.

Mrs. (Rev.) Wilson is this week in Toronto attending the annual convention of Toronto conference Women's Missionary society.

Mr. Deagle is stringing his electric light wires this week, but it will probably be more than a fortnight yet before the light shines.

Lost—About July 21, one white ewe and two black-faced lambs, ewe and weather. Finder please communicate with Mrs. E. Paul, Eugenia.

The regular monthly song service was held in the Methodist church Sunday evening. Owing to inclement weather the audience was rather small. Mr. M. K. Richardson conducted the service.

Farm to rent—11th con. Proton, 100 acres, 90 cleared, ten acres hardwood; in a good state of fertility, well watered good buildings. For further particulars apply to Mrs. M. Egan, or J. Runstadtler Flesherton.

Mr. Jos. Parks of Dundalk is about to remove to Portage la Prairie, where he has secured a good position. He will receive a salary all told of something better than $1500, including the leadership of the Portage band. He will leave in about three weeks. It will be a heavy blow to the Dundalk band.

We have not advanced the price of our tobaccos. Amber smoking tobacco, Bobs, Currency and Fair Play chewing tobaccos are the same size and price to the consumer as formerly. We have also extended the time for the redemption of Snowshoe tags to January 1st, 1904. The Empire Tobacco Co., Limited.

Artemesia prohibitionists will meet in convention, in the Methodist church, Eugenia, on Tuesday next Oct. 14. The object of the convention is to perfect township organization for the referendum campaign. There will be a session at 2 p. m. for the discussion of plans and methods, and a mass meeting at night when addresses will be delivered by prominent local speakers. Every prohibitionist in the township is invited to attend this convention. The Eugenia friends will entertain delegates from a distance.

Mr. Adam Genoe, Eugenia, son of Thos. Genoe, who went out with the second last African contingent, arrived home last evening. He enlisted at London and was only two months in Africa.

Boyd, Hickling & Co are making a splendid display of Ladies' Fur Mantles, Capelines and Ruffs. They are all new this season and some very pretty novel effects are included. Prices and quality are right too. You should see them!

Sugar advanced 5 points last week, but you'll still get 25 pounds Standard XXX Granulated for a dollar at Boyd, Hickling & Co.

Mr. Griffin, who has worked as miller in the Feversham company mill for some years past, has severed his connection therewith, having purchased a mill of his own. The people of Feversham are very sorry to lose Mr. Griffin as he has always given the best of satisfaction in his business, and socially he and his family will be much missed.

Private telephone lines seem to be booming just now. The people of Singhampton, Glen Huron, McIntyre and Badjeros are forming a company for the erection of a line to Collingwood. Armstrong Bros., of Rockvale, sawmills are also about to erect a private line to Markdale, as will be seen by council minutes elsewhere.

F. T Carr of Eugenia hands us a letter from his son Ed. of Assinaboia, in which he is advised that the C. P. R. Co. have recently surveyed an extension of their Arcola branch to Regina, and the survey crosses the corner of F. Carr's homestead with the town site surveyed just a mile away, and conveying to Mr. Carr an offer of $1000 for his claim. How is this for western speculation and a trip to the wheat fields in the Territories.

New season's arrivals this week at Boyd, Hickling & Co, New Crop Raisins, New Crop Currants, 1902 Pack Salmon, 1902 Candied Peels.

Osprey Fall Fair

Osprey fall fair, which was held at Feversham on Thursday and Friday of last week, was certainly favored by the elements. A bright, warm sun and good roads drew forth the largest crowd of people which has yet patronized the show, and the energetic secretary and directors were correspondingly happy. The Osprey exhibition is now certainly on its feet as one of the most successful societies in this county. We believe the total receipts were in the vicinity of $275, although the exact figures are not to hand. The exhibits taken all round, were fully up to any former year and in some instances superior. As usual, the exhibit of horses was good, some very fine animals being shown. Cattle were somewhat slack, but pigs and sheep were plentiful. Mr. S. Colquett showed a fine Yorkshire pig which he has recently purchased, and Mr. Miller a 9-month Durham heifer calf which he has just sold to a Texas stock-raiser for a sum in the neighborhood of $200. Dundalk band supplied choice music during the afternoon. The booths did a rushing business. The prize list will be printed in next week's issue.

To the Editor of The Advance.

DEAR SIR—In Patton Bros. reply last week they stated that there was only one thing worth replying to. It is the first time I ever knew it was considered in any way slighting to any person or persons, male or female, to refer to the fact that they worked. The majority of us have to do so or starve. But I am glad to know that the lady, whom in my ignorance I referred to, has two knight errants so ready in her behalf to run a tilt with an imaginary bogie. You say you are glad of the advertising you are getting, but remember it is not your work that is being advertised. There is not one of us but is willing to give you credit for being able to do good plastering, it is your statement in regard to the Talbot job and your claim to be exceptionally fast that is disputed, your statement as to amount of work done and time spent in doing it as being false and your claim for speed on that account ridiculous. It is not a question of other men's work or my character either but a false statement about your own work which is disputed and unless you can clear yourself don't attempt to insinuate anything against anyone else. MECHANIC.

Permanent Cure for Neuralgia

Experienced sufferers state no remedy relieves neuralgia so quickly as a hot application of Polson's Nerviline, the strongest liniment made. Nerviline is certainly very penetrating and has a powerful influence over neuralgia pains, which it destroys almost at once. Nerviline is highly recommended for rheumatism, lumbago, sciatica, and toothache. Better try a 25c. bottle, it's all right.

John O'Donnell, the man convicted of stealing stock, and his hired man, Cummings, alias Bert Ryder, were brought before Judge Chadwick on Monday to receive sentence on the charges on which they had convicted some years ago. O'Donnel was sentenced to five years in Kingston Penitentiary and Cummings in two years, less three days, in the Central Prison, for his share in the transactions.

The Wiarton Canadian says:—A flock of five wild geese were discovered on Mr. Ward's farm by Mr. M. McNeill and a friend. They succeeded in capturing one alive, having disabled it with a grain of shot through the neck, and Mr. McNeill is going to tame it. The birds belong to the species known as the snow goose, and are very pretty—all white with black tips on wings and tail.
