Kimberley

The recent heavy rain has spoiled the fruit picking in this vicinity.

Messrs. McConnel and Lawrence are busy threshing out the grain for the farmers in this section.

Mr. Wm. Best is getting his new residence in readiness for plastering. Mr. Geo. Proctor has the job.

Mr. Thos. Abercrombie is home after spending a few weeks driving Inspector Grier around in his regular inspection of the public schools. The genial inspector is getting pretty feeble.

Mr. John McGowan is here at present on business. The family have not yet moved to Durham.

Vandeleur

From Our Own Correspondent

Mr. Geo. Pritchard returned home on Thursday last after a six weeks' sojourn with friends in Manitoba.

The Foresters are pushing their new hall to completion. Messrs. Holley and Graham are doing the brick work.

Mrs. Carson of Priceville is visiting at her daughter's Mrs. S. Gilbert.

Mrs. Woods of Euphrasia spent Sunday with her daughter, Mrs. White.

Mrs. McMannis visited friends in this vicinity a short time ago.

Mrs. McCallum of Eugenia spent Sunday with her daughter, Mrs. W. Kells.

Miss Agnes Jones spent a few days of last week at Mr. John Holley's.

Eugenia

From Our Own Correspondent.

Mrs. Donaldson and Mr. and Mrs. Wm. Donaldson of Toronto Junction are visiting at Mr. Henry Williams'.

Mr. George Hillyard of Cataract, who is assisting Mr. Deagle to put in the electric wires, is a great favorite with our Eugenia young folks, of the female persuasion especially.

We are pleased to hear that Mrs. Geo. Lawlor is slightly on the mend but is yet very low.

Mrs. Turner of Toronto is the guest for some time past of her friend, Mrs. Adam Hislop, jr., of the valley.

Rev. Mr. White was not able to take his work on the circuit on Sabbath last on account of sudden illness through cold. Mr. F. T. Carr supplied the pulpit at Kimberley in the morning, taking the work at an hour's notice.

The harvest home and social held in the Presbyterian church last week was quite a success. The program was highly appreciated, especially the speech from our highly esteemed M.P., Mr. Richardson, also the singing by Mr. and Mrs. Sheppard and Miss Joy. Altogether a very pleasant time was enjoyed by all.

Mrs. Rusnell of Uxbridge is now visiting at the parental home and assisting in waiting on her sister, Mrs. Lawlor, in her serious illness.

Mr. John Williams is anxiously waiting the arrival of his steam threshing engine. He expects it here and to be ready to start in a day or two.

Mrs. Stubbs of Caledon was the guest of her sons at Eugenia for a few days recently.

The potato crop around here is almost a complete failure.

Miss Jones' Voice Greatly Improved

A starting improvement is noticeable in Miss Jones' singing. Her voice is stronger, and sounds clearer and sweeter than before using Catarrhozone, which is a wonderful aid to singers, speakers and ministers. Catarrhozone inhaler insures absolute freedom from colds, coughs and catarrh, clears the nose and throat, and prevents hoarseness and huskiness. Catarrhozone makes the voice brilliant and enduring, and is uncommonly well recommended by prima donnas, members of parliament, lawyers, doctors and thousands that use it daily. Better try Catarrhozone. Price $1; trial size 25c. Druggists, or N. C. Polson & Co., Kingston, Ont.

Ceylon.

From Our Own Correspondent.

Threshing is the order of the day around here at present.

Mrs. Crawford and little daughter of Durham were guests at Mr. G. Collinson's the past week.

Mr. R. Cook, who has been visiting Kansas friends for a fortnight, arrived home on Thursday. Miss Clara, who has been away for nearly five months, accompanied him home.

Mrs. Wilson and Mr. W. Beatty of Banda spent the past week at Mr. W. McMullen's.

Mr. R. McGill returned on Wednesday, after a two week's visit with friends in Toronto and other points.

We are pleased to learn that Mr. Jas McMullen, who has been so ill, is slowly improving.

Mrs. D McLaughlan of the north line, visited her parents, Mr. and Mrs. Cairns here, during the past week.

The English Church people are preparing for their harvest home service, which is to be held this Tuesday evening. The Rev. Mr. Newell of Markdale will take charge of the services.

Simon Jelly of Shelburne, during his visit to Manitoba made a trip to Grand Forks, Dakota, and interviewed the officials of the university of North Dakota, who have possession of the mastodon skeleton belonging to the estate of the late John Jelly. Mr. Jelly identified the skeleton as the one he was in search of and found some of the advertising matter used by the late owner in one of the boxes. The officials present treated him very courteously, but claimed that they could do nothing until the president of the college returned from his trip to Europe. As executor of his brother's estate, Mr. Jelly fixed the price that he would accept for the skeleton if the college wished to purchase. He is of the opinion that the university will buy the skeleton as soon as the president returned and permission is granted by the Legislature, the university being a state institution.—Free Press.

The Story of Morning Tiredness Is told by impure blood, poor digestion, sluggish liver and tired nerves. It is a warning of very serious trouble ahead, and should prompt sensible people to take a bracing tonic like Ferrozone, an energetic invigorant and rebuilder. Ferrozone will give you a sharp appetite, promote good digestion and sound sleep; it will feed and energize the enfeebled organs, strengthen the nerve and vital forces and regulate the heart. Ferrozone changes that tired feeling into vigor, strength and ambition, and does it quickly. Remember the name and insist on having only Ferrozone; it's the best tonic made. Price 50c per box, or 6 boxes for $2.50, at druggists, or N. C. Polson & Co., Kingston, Ont Sold by W. E. Richardson.

New and Charming Materials For Shirt Waists.

A season or two ago when silks were in the lead of popularity we didn't believe—nobody believed either—that silk and wool could be so exquisitely patterned as to almost supplant silks for waists, yet this has been accomplished. The soft, woollen fabrics, some of them with a dash of silk combined, are taking first place for waist making. Among this new and varied assortment just in of waist materials all the leading shades are to be seen, some with stripes worked of silk, others with patterns worked of silk. 2½ yards sufficient for a waist at 50 and 75 cts. per yard.
