Foreign Credits And Canada

Sir Thomas White, speaking recently in the House of Commons, gave reasons why Canada must provide credits to finance foreign trade. During the debate on the address in reply to the Speech from the Throne he said :

" It is necessary today, and it will be necessary possibly for some time to come for Canada to provide credits to a large extent in connection with the business we shall obtain overseas. In order that our agricultural and manufactured products may be sold, it will be necessary, owing to the condition of exchange between Canada and the United States that Canada, like the United States, shall provide credits from which our products shall be purchased."

In these words is to be found one of the strongest arguments for saving and the investing of the resultant money in War Savings and Thrift Stamps. The credits granted by the Dominion Govt. are made possible by the extent to which the people place money at its disposal, through the purchase of government securities, of which War Savings Stamps are a good example. They help bring business to Canada and pay the investor well.

Council adjourned to meet at Maxwell on April 7th next.

—Thos. Scott, Clerk.

One of the strangest things we have heard of occurred recently at a local farmer's. He owns a sow which had a litter of young pigs which began to disappear and after seven were lost he heard one squealing, and going to the pen found one of them in the claws of a cat, which was eating its back out while still alive. He had noticed the cat about the pen before, but never thought that it was the cause of the disappearance of the young porkers. It is needless to say he was not long in despatching the cat.—Erin Advocate.

FARM ENGINE

As Necessary As a Plow

The shortage of hired men on the farm has made labor-saving devices absolutely necessary. The economical development of power is the essential of progressive farming.

Toronto Farm Engines are taking the places of hired men. They are earning profits by doing necessary work *quickly, economically*.

Toronto Grain Grinders and Toronto Saws back up this performance with hustling service.

Toronto Farm Machinery renders economical service hitherto unknown on the farm. It will pay you to study carefully the superior merits of these machines. Get from us our fully illustrated literature. Sent free on request.

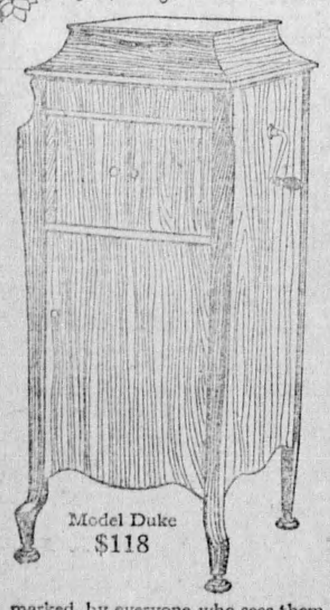
Tested for More Than 11 Years



Model Duke
$118

The "Phonola" is far beyond the experimental stage. It has been on the Canadian market for more than eleven years—each year growing more popular. In fact, this company is the pioneer in the cabinet phonograph industry in Canada. Two completely equipped factories are now required to make enough "Phonolas" to supply the insistent demand.

"Phonola"

The beauty of the "Phonola" cabinets is remarked by everyone who sees them. The mahogany and oak is of the finest quality and the workmanship and finish are a credit to the cabinet-maker's art.

We take pleasure in announcing to the public that in the future the Phonola will be equipped with a new Universal Seamless Tapered tone arm which does away with all attachments. The entire arm is beautifully designed and finished, and is a marked contrast to the cheap dye cast arms seen on other makes of Phonographs.

It is the only Universal tone arm that is scientifically designed and the only one that will play all makes of records perfectly.

The Phonola will also be equipped with a new Aluminum Reproducer fitted with a special insulated rubber connection which eliminates metallic sounds from being transmitted to the Amplifier.

Equipped with these two new devices the Phonola takes another step in advance of all competitors as furnishing the truest, clearest and sweetest tone it is possible to reproduce.

"Phonolas" from $25 to $340.

You'll Like the "Phonola" Discs

They are played with the sapphire point, with which the "Phonola" is always equipped. No needles to change. Leading singers, instrumentalists and bands make "Phonola" records. A new list of selections every month. Buy one "Phonola" record. You'll like the tone so well you'll get a dozen right away. Double-Disc—90c.
