Getting Down to Work

A prohibition convention to organize the township of Artemesia for aggressive work was held at Eugenia on Oct. 14. Organization was effected at the afternoon session. Following are the executive : President, J I. Graham ; Secretarg, F. E Sheppard ; Treas., George Gordon ; Vice-Presidents, H. D. Irwin, Rev. L. W. Thom, John Warner, S. Hemphill, C. C. James, Wm. Buchanan, H. Cairns, S. Sheardown. These are chairmen of committees in the several polling subdivisions. A mass meeting was held in the evening at which enthusiastic addresses were given by W. G. Pickell, Revs. T. R. White, J. S. I. Wilson, B. D., and Thos. Scott, S. T. L.

Mr Pickell regarded the liquor traffic as a menace to society and the open saloon a danger to every young man, and called upon his fellow electors to use their vote and influence against this great evil.

Rev. T. R. White pointed out that we are dealing with a measure that has already the sanction of parliament and that is before us for our sanction. He showed that the question before the people is, "Are you in favor of the Ontario Liquor Act of 1902 being enforced ?" and that if the required majority in its favor is secured we will have prohibition in Ontario on May 1, 1904. He showed that the machinery for enforcing the Act was all embodied in it, and that with the Attorney-General lay the responsibility of its operation. He believed prohibition was in sight.

Rev. Ivison Wilson spoke strongly in favor of the Act. He dealt with various objections raised, such as being unable to force the law and the revenue question, showing the absurdity of saying British law could not be enforced, and the shallowness of the revenue excuse for liquor. He urged most strongly all electors to support the best measure ever before the people of Ontario, showing its superiority to all others.

Rev. T. Scott, S.T.L., of Maxwell, showed that local option was not a failure, pointing out the advantages in Nova Scotia, New Brunswick, Prince Edward Island and in various constituencies in our own province. He also refuted arguments sometimes advanced against prohibition laws in Maine, Kansas, North Dakota and New Hampshire. He showed that the power to enact this law lay with the Ontario government and that the temperance people of the province had sufficient strength to carry the Act if they but go out and vote.

There will be a prohibition mass meeting held in the Orange Hall, Feversham, on Friday evening at 7.30. Revs. Wilson, White and others will give addresses. Friends of prohibition are invited to attend a meeting at 3 p.m. to organize the township of Osprey with a view to getting out the prohibition vote.

How to Beautify the Complexion

To have a soft, smooth skin, free from eruptions and pimples, the blood must be healthy and pure. Ferrozone invigorates enfeebled blood, and cleanses it of all impurities and poisons ; it brings color to the lips and cheeks, brilliancy to the eyes, whitens the teeth and sweetens the breath. No tonic compares with Ferrozone in rapid action and permanent results. Try it. Price 50c. at druggists, or Polson & Co., Kingston, Ont. Sold by W. E. Richardson, Flesherton,

What Theodore Roosevelt Says

An article on "The Presidency," by Theodore Roosevelt, to be published in the November 6th issue of the Youth's Companion, will be of great public interest. When the article was written Mr. Roosevelt had not even been nominated for the Vice-Presidency.

Nothing was then further from his thought than that he would so soon exercise the great powers which are entrusted to the president of the United States.

In view of the circumstances the article possesses an importance more than ordinary, and it will be eagerly looked for. The number of The Youth's Companion containing it, and all the subsequent issues of 1902, will be sent free to new subscribers from the time their subscription of $1.75 is received for the 1903 volume. The new subscriber will also receive the Companion Calendar for 1903, lithographed in twelve colors and gold. Full illustrated Announcement of the new volume and sample copies of The Companion will be sent to any address Free. Address The Youth's Companion, 144 Berkeley street, Boston, Mass.

The famous Holy City company will, on Tuesday evening of next week, present the sacred drama, 'The Pilgrim's Dream,' in the town hall, Flesherton, under the auspices of the Epworth League. This entertainment is very highly shoken of whenever shown and is endorsed by by ministers of every denomination. The press of the country is also unanimous in praising the company. From all that we can gather we believe it to be worthy of a crowded hall, and feel safe in saying that those who attend will never reget it. The prices are put at 25c., reserved seats 35c. Bills are up giving full particulars.

The Durham Review says: There is an ominous quietude prevailing as to the vote on the referendum. Is it the calm before the storm ? Is this district to do its share in furnishing the large vote required to carry the Liquor Act of 1902, passed by the Legislature, or will it calmly sit still while "others fight to win the prize ?" We see or hear of no action taken by the executive lately appointed, while we do hear of activity on the other side. There may be differences about the effectiveness of the law, but if ever there is to be something more effective, it seems to us the only course open at present is for all well-wishers to society, all haters of the beverage traffic in liquor to get at it, and all at it, and earnestly at it, to roll up a big vote for the measure. It will be a point gained if previous votes can be exceeded, but the aim should be to accept the challenge valiantly and win overwhelmingly. The temperance sentiment of the country is now for the first time on trial.

A hitch has arisen in the negotiations between Mr. Park and the Portage la Prairie people in regard to his removal to that place and local influence is being exerted to try and restrain him here Dundalk does not want to lose a good citizen and will use every legitimate effort to prevent his going.—Dundalk Herald.

The Day of Miracles Not Past

A Toronto Star reporter investigated the case of Mr. Geo. Warner, and found that after thirteen years of almost total deafness he had been cured by inhaling Catarrhozone.

This proves that where Catarrhozone treatment is employed, impaired hearing and deafness can be cured Catarrhozone always brings quick relief, and is warranted to give lasting satisfaction.
