Dr. J. S. J ons,
SURGEON DENTIST,

BEGS respectively to inform the Inhabitants of Kingston and its vicinity, that he may be consulted daily, at his residence in Front Street, next door to Mr. Goodwin's Hotel. From Dr. J's. Professional experience he flatters himself he will be enabled to afford every satisfaction to persons requiring his assistance.

Dr. Jones would particularly call the attention of Parents to the formation and position of their children's teeth, (a consideration much neglected in this Colony,) these he undertakes, however defective, to make grow up in perfect regularity and beauty.

In cases of TOOTHACHE, it has always been Dr. J's. study to avoid the excruciating operation of extraction usually resorted to, but extraordinarily, and without pain, to relieve the sufferer, by a simple application recently discovered; and having stuffed the decayed tooth, restores it to its former usefulness. For this important discovery, Dr. J. has provided himself with various sets of Instruments upon the most modern and approved principles.

Dr. J. is enabled to say, that owing to his possessing the secret of making the incorruptible Porcelain Teeth, he can supply any deficiency of the mouth and gums, so completely as to prevent the possibility of detection.

Dr. J. also begs to assure the Public that his professional services shall be rendered to all upon the most reasonable terms.

New Fashionable Tailoring Establishment.

G. & T. BILTON would respectfully inform the inhabitants of Kingston that in connexion with their house in Toronto, they have opened an Establishment in the above line in King Street exactly opposite Messrs. J. D. Bryce & Co., where they purpose to keep on hand every article connected with their business. Their present stock consists of a choice assortment of Blue, Black, Invisible Green, Olive and Brown Broad Cloths; Wool-dyed Black, Brown, and a variety of shades of Cassimeres; in Vestings they have on hand a choice assortment of Goods—consisting of Velvets, Figured and plain Satins, French Chenes and the different patterns of Wool Cashmeres suitable for Winter, Diamond and Plain Beaver Cloths &c. The above goods being imported by themselves from the best Markets in England, and their arrangements with some of the first Houses in London will enable them to furnish their Customers with the newest Goods on reasonable terms.

In reference to the Cutting and Making department, it will only be necessary to say that no exertion will be spared to maintain that style which has rendered their establishment so popular in Toronto.

N. B.—G. & T. B. flatter themselves that their knowledge of Naval and Military Uniforms will enable them to execute any orders in that line in a superior style.

Three or four first rate journeymen wanted immediately.
