Threshing is about wound up for this year and the farmers have reason to congratulate themselves on the large returns for their labor. The fine weather of the past two weeks has enabled the farmers to harvest the root crop in a good condition, which, with the exception of potatoes, (which are somewhat affected by the rot,) is an immense one.

Miss Edna Kells gave a Hallow'en party in honor of her cousin, Miss McManis, who has been visiting in this vicinity for some time, and who has returned to her home near Shelburne.

Miss Libby Prichard and Miss Mary Douglas are learning dressmaking with Mrs Henry of Markdale.

Mr. Ed. Hutchinson has decided that tailoring is more congenial than farming and is learning the business with Mr. Thompson at Markdale.

Priceville

We have been favored with good weather for harvesting root crops, which are about all under cover in this vicinity.

The 5th of November, or Gunpowder Plot anniversary, was not celebrated here, neither was the 9th. Guy Fawkes is forgotten and a prince that allows his birthday to come so late in the season is not in it.

Hallowe'en passed over rather quietly. We hear that the cold water cure was tried on a certain manufacturer's wagon. The operating room was the Saugeen river, that important adjunct to our village, for during the summer months it is extensively used for watering stock, filling tanks, and a large number of the population bathe more frequently per week than Naaman did in the Jordan. The farmers wash thousands of sheep in its tide, and the baptismal service has been held scores of times on its pebbly shore. A citizen repated a funny anecdote to us last summer of a sheep washing that clashed with a baptismal service, and at which event he narrowly escaped a "black snaking" when a kid some 35 or 40 years ago. A colored preacher had been holding a revival among his people, and some of the converts chose baptism by immersion in the Saugeen, the next Sunday, in the pool below the old red mill. A farmer in the vicinity caught on the idea of washing the wool on the sheep's back and chose the same pool, and the Saturday previous, for the cleansing of his sheep, at which the aforesaid kid was delighted to lend a helping hand. A black man happened to come to the mill with a grist and beheld with horror the farmer—whom he well knew had no love for immersion—washing his filthy quadrupeds in the almost sacred pool. The bare legged urchin made some irreverent remark about washing "white sheep to day and black sheep to-morrow," at which the sable deacon took after him with a black snake whip, but was intercepted by a bystander who threatened to scrap right there if he touched the boy. The colored congregation held a council that night and resolved "to descend about a hundred rods up de creek to anuoder pool."

Mr. Alex. Muir, of the Ceylon Stock Farm, sold a ram lamb lately to D. Edge of Bentick that won five 1st prizes and one second at the various fairs in the county.

Mr. W. L. Dixon of North Egremont came to the conclusion lately that he preferred Mr. Herb Watson's spring Clear Grit filly to $55, so now W. L. owns the multi-red-ticketed blood and Herb's pocket a nice wad of bills.

Temperance meeting in Watson's Hall on the 13th (Thursday night.) The public are cordially invited to attend.

Mr. D. McAuley, who returned from Vancouver, B.C., has gone to Toledo, U.S

Mrs. W. A. Parker of Owen Sound has been spending a couple of weeks visiting her mother, Mrs. W. Ferguson, and other friends here and in Shelburne, while W. A. is up north chasing the moose and red deer.

Mr. Peter McArthur and some friends have shot 4 (?) deer this week.

On organizer of the S. O. T. have been working around here for some days.

Mr. L. McDougal has the frame of his new house up and enclosed. Lachie tells some rattling tales about the Nor'west since he came home.

Pimples, Blotches and Skin Eruptions

How unsightly, sometimes even disgusting, and certainly very mortifying to the sufferer. They are merely an evidence of impure, poisoned blood, and lowered vitality of the elementary organs, which can be quickly changed by taking Ferrozone after meals. Ferrozone cleanses the blood of all poisons and eruptions, makes it rich in red corpuscles that manifest themselves in a healthy ruddy complexion. To have a pure, soft skin and good complexion simply use Ferrozone regularly. Price 50c. per box, or six boxes fo $2 50, at druggists or N. C. Polson & Co., Kingston, Ont. Sold by W. E. Richardson.
