Paint Pays

A questionairre sent to a number of bank officials brought out very clearly the fact that the person who had a well preserved and painted property had a better credit rating and standing in the community. All the bankers were unanimous in the opinion that property kept in a good state of repair and paint entitles the owner to more consideration in a loan, that such property will sell for more money; and that it is an asset to the property owner in his financial dealings. One banker said that he found that as a man was, so were his buildings. The man who was slovenly about himself generally took no interest in the repair or condition of his buildings.

Edward Todd, a pioneer Owen Sound business man, died in Florida in his 80th year.

A new pest, known as the corn borer, has appeared in different farming communities in the States, and there is a danger that it will invade Canada, according to information received from the Department of Agriculture. Farmers are urged to be on the lookout for the pest, which attacks oats, potatoes, fodder and garden crops, boring holes in the talks.

The men who are adapting war time inventions to the purposes of peace are at work in many fields. The camouflage department of the navy plans to lessen the danger of collision at sea by painting ships in a way that will make it easier to tell their true courses and that will increase their visibility. Microphones and geophones, which used to reveal the whereabouts of German guns, will help to find imprisoned miners. Successful experiments indicate that before long the radiophone, which enabled men on the ground to communicate with men in aeroplanes, will be found in the front yards of country houses. Even the poison gases may serve some useful purpose. They have already been used in fighting insect pests, but have proved too dangerous.

Notice to Horse Breeders

The Imported Clydesdale Stallion "Horizon" will be at the Park House every Monday night during the season of 1919. Intending breeders should see this horse as he has proven himself one of the best stock horses in the country.

A Deceptive Word.

A French soldier, with a slight knowledge of English, always carried a pocket dictionary, so that he could look up familiar words, relates Judge. He had an excellent voice, and often sang French songs for his English and America comrades. One day a Canadian charmed with the Frenchman's voice, said to him: "You have a fine, mellow voice." Mellow was a new word to the Frenchman, so he pulled out his dictionary, and found: "Mellow. Overripe, rotten, soft, friable, tipsy."

"Back to Mufti."

"Back to Mufti" is the name of a magazine to be published by the Department of Soldiers' Civil Re-establishment. It succeeds "Reconstruction," the monthly bulletin which has been issued by the department for some time past. The magazine will be devoted exclusively to the problem of the returned soldier.

"Sea Wolf's Ship a Total Wreck.

The famous schooner Halcyon, originally a fast yacht, later the most successful smuggler of the Pacific, still later operated in the sealing trade by Capt. Alex. McLean, the original of Jack London's "Sea Wolf," and yet later a whaler of the Arctic, is now a total wreck at Akutan, Alaska.

Never Knew How Old He Was.

Chief Anna Cla Hash, the original oldest inhabitant of Alaska has been gathered to his fathers. Natives of his tribe who themselves claim to be centenarians assert that Anna Cla Hash was a very old man when they were children.

This White Lead Created a Great Paint Business

TILL within the last few years Painters, professional and amateur, mixed their own paint, in order to be sure of its quality. Then and now their preference was for that famous White Lead which originated in England two hundred years ago, and has since dominated the world's markets,

Brandram's Genuine B.B. White Lead

For those who still prefer to mix their own paint BRANDRAM'S GENUINE B.B. WHITE LEAD will always be available and more B.B. White Lead is being used than ever before. For those who want to use a prepared paint with quality ingredients we recommend B.H. English Paint. This is the only way to get the World's best White Lead in prepared form. On the front of every can will be seen a guarantee label which states that it contains 70% Brandram's Genuine B.B. White Lead and 30% Pure White Zinc the correct formula for Canada's climatic conditions.

Every Wage Earner An Investor

Every wage earner can be an investor in gilt-edged securities bearing a high rate of interest without sacrifice or worry.

The plan is so simple and secure that it commends itself to everybody.

All of us spend a portion of our earnings thoughtlessly. It is human nature. Yet most of us would be glad if someone would take the money we fritter away and save it for us, because we find it difficult to save it ourselves.

Make your employer do it by means of War Savings Stamps. Say to him: "I want you to take five per cent. of the money in my pay envelope each week and buy me Thrift Stamps. Then with each $4.00 worth of Thrift Stamps buy me a War Savings Stamp. When you have bought each War Savings Stamp, put it in my envelope. Go on doing that for a year."

In May W-S.S. Cost $4.04

In June W-S.S. Cost $4.05

That is all. Your mind is free. You will not miss that 75 cents or that dollar which you have hitherto squandered on trifles.

But at the end of the year you will have a little package of War Savings Stamps, each bearing the $5.00 mark, but which have cost you but a few cents over $4.00 each. These Canada will redeem in 1924.

BUY W-S-S WAR-SAVINGS STAMPS
