Notice to Taxpayers—Ratepayers of Ward No. 3, take notice that taxes unpaid by the 14th of December will be collected with costs. John Wright, sr., collector.

A couple of young men from Osprey got hilariously liquidated on Saturday and ran their horses into the back of a bran new cutter occupied by a couple of other young men, smashing it badly. The boozy young men will no doubt have a nice little bill to settle.

A valuable hound belonging to Mr. Mark Wilson broke its leg in a simple way on Monday. While walking along the road by its master's side it slipped and the bone snapped. Mr. Wilson says he would not have taken thirty dollars for the animal. Old "Sam" is now being cared for in hopes that the bone will heal.

Married—At the home of Mr. John Kaitting, twelfth line, Osprey, on Nov. 26, by the Rev. T. Scott, Miss S. Alberta Kaitting to Mr. Irwin McKewin of Duncan. The wedding party consisted of about 100 guests, who enjoyed a pleasant evening.

Municipal matters in Artemesia have not yet begun to be talked about. We have heard no rumors as to who are likely to be in the field for municipal honors. Mr. Boyd, however, positively asserts that he will drop out this year, which will give some aspirant the opportunity of securing his seat at the council board. So far as we know we believe the other councillors will be in the field again.

Rev. Wray Smith of Durham occupied the Methodist pulpit on Sunday, morning and evening. The morning sermon was on orthodox lines and the evening sermon was on temperance. The audience in the evening was a large one and Mr. Smith was listened to with deep interest while he made a powerful appeal for the prohibition measure. Any waverers, after listening to Mr. Smith's sermon, should certainly waver no longer.

A party of young people took possession of a vacant residence in town one night last week for the purpose of a private social party. During the evening some persons who had more energy than brains amused themselves by throwing stones through the large windows. This was a mighty poor way of entering a protest and the perpetrators ought to be ashamed of themselves. They were old enough to know better. They ought also to replace the broken windows without being forced to.

One of our romantic young clerks, while packing eggs last Aug., wrote his name and address on one with the request, "Please correspond." Last week his heart was set all in a flutter by receiving a letter from a young lady up in the unsurveyed part of Algoma, and postmarked Atikokan. The young lady stated that she was the happy ? possessor of the egg and ventured the information that she was 20 years of age. This is as far as we have been let into the secret, but if the romance spreads any further we will endeavor to let our readers know.

Rev. Ivison Wilson and the Misses Allie, Annie and Minnie Joy attended anniversary services at Durham on Sunday, where very large audiences greeted them. At the evening service the church was crowded to the doors, every available inch of sitting and standing room being taken. The party visited the cement works Monday forenoon and speak in glowing terms of this wonderful institution. Its magnitude was beyond their wildest dreams. They also speak gratefully of the reception accorded them by Durham people.

The Advance pulled a hornets' nest about its ears when it published the rumors regarding those cement works at Durham. Bro. Irwin of the Chronicle snorts and tosses his mane in disgust that we should have given place to them. He says there is not a word of truth in what we said but straightway admits that the clay will be brought from Stratford. As the Chronicle intimated, we have no desire to injure the business in any way and we are glad to give the rumors referred to a general denial. It appears that from 75 to 100 men will be continuously employed by the cement firm. The building and machinery are the most complete and up-to-date to be found in the world. May they pay big dividends!
