The Flesherton grain market is again taking the lead this season and last week an immense quantity of grain, mostly oats, was purchased here, the highest prices being paid. Osprey township is supplying a superior grade of oats this year, reaching as a general rule 34 lbs. to the bushel.

Get your Christmas photos at Bulmer's. It is not yet too late.

NOTICE—I hereby give notice that I have refused payment of two notes of $100 each, drawn by me in favor of Thos. Talbot, as I have not received value for the same, and the public is hereby cautioned against negotiating these notes. R. J. Laughlin.

A Shelburne hotel keeper said he did not care which way the vote went on the referendum. Another hotelkeeper not many miles from Flesherton (not in Flesherton, however) refused to register his vote on either side. A Cookstown hotelkeeper also expressed the wish that the referendum might carry. The moral is easily got at.

Priceville Presbyterian Sabbath school will hold their annual entertainment on the evening of Dec. 24. Miss LaDell of Toronto has been engaged, and a splendid program is being prepared. The event is always looked forward to with much interest and no doubt the usual large crowd will be present on this occasion. See bills for full particulars.

The Methodist church choir held an emergency meeting on Monday evening for the purpose of appointing an organist to take the place of Miss Christoe, resigned. The lot fell to Mrs. W. W. Trimble, who has acted as assistant in the past. Mr. J. W. Boyd was elected sec-treas. in place of Mr. F. Hickling, also resigned.

Mr. Douglas is now in possession of the drug business recently carried on by Dr. Christoe and places his advertisement before Advance readers. He will conduct an up-to-date drug and seed business. There is now a good market here for small seeds, what we never had before, and farmers will reap a big advantage. Mr. Telfer, who is in charge here, comes very highly recommended and we welcome him among us.

The Durham people, according to the Chronicle, were much pleased with the singing of the Flesherton young ladies who attended their anniversary. The Chronicle says: "A very interesting feature of the day's service was the magnificent vocal entertainment furnished by the three Misses Joy, of Flesherton. The reputation of these talented young ladies for first-class vocalists is known far and wide, but this was their first appearance before a Durham audience, and with many others who heard them on Sunday, we hope the day is not far distant when they will furnish us with another musical treat. The rendering of the Holy City by Miss Alice Joy at the morning service was listened to with rapt attention and it was only by a strong effort, some of the audience at least, were restrained from applauding for an encore."

A couple of ladies endeavored to drive up from Proton Station on Saturday last and experienced a rather exciting trip. When about three miles from town one of the holdbacks broke, the cutter reached the horses heels and he tried to get away from it, but both cutter and ladies stuck to him like barnacles. The animal is said to have broken the record for travelling to town, and the sight as he flew along over that three miles was worth seeing. When the animal was stopped in the suburbs by a gentleman whom it attempted to pass, each lady had hold of a line. The horse's heels were considerably cut, but otherwise no damage was done. The best part of the joke is that the ladies declare that their horse did not run away—because they stayed with him and he couldn't get away. This argument is unanswerable.

Too Much of a Good Thing

It is not often any business house is obliged to stop looking for new business, but we are informed from reliable scources that the puplishers of the Family Herald and Weekly Star of Montreal have been forced to abopt this course for a few weeks in order to meet the enormous rush of renewal subscriptions during December. The testimonials from such men as H. G. Wade, Register of Live Stock; Prof. Shaw, F. W. Hodson, Dominion Live Stock Commissioner, and others, as to the value of the Family Herald to farmers has created an immense demand from new subscribers. The publishers will devote their attention this month to renewals and new subscriptions that are sent unsolicited.
