To the Canadian Public.

HARNDEN & CO. beg to inform those having friends in Europe about to Emigrate to America, that they have made the fullest and most extensive arrangements for the present season, and that, on application to their Branch Houses and Agencies in Boston, New York, Philadelphia, Baltimore, and New Orleans, Passages can be secured to any Port in the United States, in first-class vessels and Packet-ships, and every information given them requisite for their safe and most expeditious conveyance from England and the Continent to their respective ports of destination.

HARNDEN & CO. appeal with great confidence to the vast number of Passengers who have in past years shipped under their instructions, to certify to the vigilant care bestowed upon those thus entrusting themselves to their protection. In no instance have they ever failed to redeem punctually the pre-paid Passage Tickets issued by their American Houses notwithstanding the high rates of passage which have frequently occurred in Ships by which the holders were forwarded; and they assure parties that the same confidence may be placed on any future engagement.

HARNDEN & CO. are the sole agents for Train & Cols Boston and Cope and Co.'s Philadelphia line of Packets from Liverpool, and in the selection of all their other Passenger ships, the greatest care is taken that they are such as to contribute the most to the comfort of the Passenger.

Parties desirous to transmit Money to any part of Europe, can be furnished with drafts at sight for £1 and upwards; and those wishing to transfer their property to America, can also be supplied with letters of credit on our British Establishments there. Hundreds of thousands of pounds sterling have thus been transmitted by us in perfect safety; the recipient thereby avoiding the risk of loss by accident, or otherwise, and realizing the full value of his property.

Passage can be secured to Quebec, as above at same prices.

For further information, which will be given either personally or by letter, apply to HARNDEN & Co, New York; HARNDEN & Co., Boston; or to

CHEAPEST RATES OF ANY OFFICE DOING BUSINESS IN CANADA.

Medical Referee for Kingston,

DR. THOS. W. ROBISON.

THE undersigned having been appointed to act as Agent for this Company, which has been doing business in Canada and this City since the year 1839, respectfully requests persons requiring Life Assurance, to call at his

OFFICE, PRINCESS STREET,

Kingston, where Prospectuses and all necessary information will be given.—Also, a variety of Tables, to meet the circumstances and convenience of applicants, can be seen.

The Rates of similar Tables in the Offices doing business in this Province, are as follows:—

For an Assurance of £100

Colonial Life Assurance Co., age 30	£2	4	0
National Loan Fund, do.	2	5	2
Britannia Assurance Co., do.	2	0	8

These moderate Rates, (little more than sufficient *safely* to provide for losses,) put it in the power of most persons to assure; and with reference to the present state of the health of the inhabitants of the Province generally, it *may* be thought necessary, should the prevailing sickness increase, to decline taking any risks. It appears therefore to be a duty on those who have to provide for their families to take the timely precaution of assuring their lives, and thus provide against the risk of perhaps leaving those dependant upon their exertions or means, to suffer difficulties, if not destitution.

1,500,000 Acres of Land

FOR SALE IN CANADA WEST.

The Canada Comp'y

HAVE for disposal, about 1,500,000 ACRES OF LAND dispersed throughout most of the Townships in Upper Canada—nearly 500,000 Acres are situated in the Huron Tract, well known as one of the most fertile parts of the Province—it has trebled its population in five years, and now contains upwards of 20,000 inhabitants.

The Lands are offered by way of LEASE, *for Ten Years, or for Sale* CASH DOWN—*the plan of one-fifth Cash, and the balance in Instalments being done away with.*

The Rents payable 1st February each year, are about the Interest at Six per Cent. upon the price of the Land—Upon most of the Lots, when LEASED,

NO MONEY IS REQUIRED DOWN,

whilst upon others, according to locality one, two, or three years Rent, must be paid in advance,—but these payments will free the Settler from further calls until 2nd, 3rd or 4th year of his term of Lease.

The right to Purchase the Freehold during the term, is secured to the Lessee at a fixed sum named in Lease and an allowance is made according to anticipated payment.

Lists of Lands, and any further information can be obtained, by application, (if by letter post-paid) at the Company's Offices, Toronto and Goderich; of R. Bidwell, Esquire, Asphodel, Colborne District; Dr. Alling, Guelph, or J. C. W. Daly, Esquire, Stratford, Huron District.

J. SWAIN & CO.'S

HYGEIAN MEDICINE.

OR, WORSDELL'S

VEGETABLE RESTORATIVE PILLS.

FULLY established as the best Family Medicine now in use, by the astonishing cures it has performed, under the blessing of an all wise Providence, who has filled the earth with Vegetables suitable for the cure of every Disease incident to the Human Frame; and which as Dr Anderson says, "has been the means of sending thousands back to society cured, who had given up all hopes of being recovered."

J. S. & Co. having so successfully established their reputation, as regards these Pills, and having been selected to prepare other Medicines, beg to inform their Friends and the Public, that they have, after long and anxious research, succeeded in preparing an excellent Stomachic, which they call

THE HYGEIAN BITTERS.

And which they have full confidence in recommending in all cases of Debility, whether arising from Nervous or other causes; in assisting Digestion; strengthening the Stomach and general System; curing Cramps, Colics, &c; removing the obstructions to the Urinary Passages; proving a most useful auxiliary to the Pills, in renovating the System and purifying the vital principle of life—The Blood.

J. S & Co. can now supply any quantity of their already celebrated Aperient Pills and Vegetable Herculean Mixture, which has been proved to be a safe and efficacious remedy for the worst cases of *Fever-and-Ague.*

J. S. & Co. particularly recommends to Mothers their HYGEIAN UNIVERSAL INFANTS' RESTORATIVE as an efficacious remedy for Diseases peculiar to children, and also for the Summer Bowel Complaint, both so rife in the cities in every case where a Cordial is necessary.

COMPOUND SARSAPARILLA

PILLS,

For Purifying the Blood, Strengthening the Digestive Organs, Rheumatic Affections, &c.

The Sarsaparilla Root has attracted the attention of the Medical Profession for a number of years, and various Preparations have been used in the form of Extracts, Decoctions, Syrups, &c., but which have been found to contain very little of the valuable Properties of the root, owing to the *impossibility of retaining its virtues in a Fluid State for any length of time.* These Pills are prepared from the *Solid Extract*, combined with other *Valuable Remedies* which could not be prepared in the fluid state, one Box of which contains *more Sarsaparilla than two Bottles of* any Preparation in use, and will be found a Valuable Medicine for the cure of all Diseases which arise from an impure state of the Blood, viz: *Scrofula or Kings Evil, Rheumatic affections, Pains in the Limbs, Asthma and all Diseases of the Lungs, Liver Complaint, Indigestion, &c.*

PRICE, 1s. 3d. PER BOX.

IMPORTANT NOTICE.

PRICE OF CALEDONIA WATER

REDUCED TO

THREE SHILLINGS PER DOZEN.

OFFICE, FRASER'S BUILDINGS, ONTARIO STREET.

IN consequence of the increased demand for the Caledonia Water, the Proprietor has been induced to make such a reduction in the price as will enable the Druggists and others to retail the water at the reduced rate, and put it in the power of almost every person to enjoy the benefit which is daily seen to be derived from its use.

As a general drink they cannot be too highly recommended. In summer they cool and cleanse the blood, remove all febrile symptoms, and dissipate the lassitude generally felt in times of excessive heat.

In the spring and fall, when every person requires the aid of medicine to prepare the body to meet the change of season, the Caledonia Waters are admitted to be the simplest, the safest, and the most efficacious aperient that can be obtained.

These justly celebrated waters have performed more wonderful cures than any other Mineral waters in America; and many of the most eminent amongst the Medical faculty have given their testimony to the great virtues these waters possess.

*** Arrangements have been made so as to have always on hand a supply of the Water from the "Intermittant Spring," which is now so highly appreciated.

The Subscriber's present arrangements place him under the necessity of doing business for Cash.

LAXATIVE PILLS,

FOR BILIOUS COMPLAINTS, PAINS IN THE HEAD.

Giddiness, Sickness, Jaundice, Obstructions, confinement of the Bowels, &c. &c.

The great demand for these Pills is a sufficient guarantee for their usefulness in the above complaints. Numerous testimonials could be given if necessary, from persons of the highest respectability, who have used them. *No family should be without them in case of sudden Sickness.*

OF the numerous diseases to which the human frame is liable, there is scarcely one, the symptoms of which are not seriously aggravated by a confined state of the bowels, and to this alone many owe their origin and continuance. The preserving the alimentary Canal free from obstruction is a point of such primary importance, that every degree of neglect is followed by more or less of inconvenience or suffering. When habitual costiveness prevails the cheerful vigor of health is soon impaired, sometimes by slow degrees, and at other times more rapidly, diseases make their inroads on the constitution; and in many cases instances, particularly where the habits are sedentary, or where free living is indulged, permanent ill health is the painful result. It must be obvious to the most superficial observer, that when the functions of nature now so lightly are not performed with due regularity, no advance must be obtained from art. Aperient medicines then become indispensably necessary, and must be had recourse to until the necessity of such aid ceases.

But it is a question of considerable importance, what Laxative shall be employed? The list of Aperient Medicines is numerous, but their effects on the system vary considerably; some exert their influence chiefly on the exhalent vessels, or on some part of the bowels only, while the action of others extends more or less to the whole of the intestinal canal. The latter class of aperients is evidently the best adapted to obviate the habitual costiveness of the bowels, as they apply that additional excitement, which at time time requires to assist her in the performance of her accustomed functions.

It is precisely on this latter principle that the Pills now offered to the public are formed; and as their activity can be increased or lessened, merely by taking a larger or smaller quantity, they not only form an Aperient medicine proper for general use in a family, but are also well calculated to answer most of the purposes for which purgative remedies are necessary.

The Pills are not, however, recommended as a SPECIFIC for the cure of ALL disease; such preposterous statements are worse than ridiculous, and are only put forth for deception. But they will prove a valuable remedy for that confined state of the Bowels which lays the foundation of much suffering, but those occasional obstructions to which all are liable, and for all the disorders which arise from an overloaded state of the stomach and alimentary canal. Consequently a decided benefit will be derived from their use in Giddiness and pains in the Head, accompanied with Nausea, or sickness; in all Head-Aches where costiveness prevails; in Flatulency, Bilious Attacks, the commencement of Fever, the early stages of Jaundice, and in promoting the expulsion of Worms. They require no confinement or change in the diet—moderate exercise will assist their operations—and experience has proven, that as an aperient, they are safe and efficacious, may be taken by adults and children, and also in every stage of pregnancy. To children of few years of age and upwards, they may readily be given in pulp of apple, orange, or jelly, and thus disguised, they are more easy of exhibition than
