IMPORTANT NOTICE.
PRICE OF CALEDONIA WATER
REDUCED TO
THREE SHILLINGS PER DOZEN.
OFFICE, FRASER'S BUILDINGS, ONTARIO STREET.

IN consequence of the increased demand for the Caledonia Water, the Proprietor has been induced to make such a reduction in the price as will enable the Druggists and others to retail the water at the reduced rate, and put it in the power of almost every person to enjoy the benefit which is daily seen to be derived from its use.

As a general drink they cannot be too highly recommended. In summer they cool and cleanse the blood, remove all febrile symptoms, and dissipate the lassitude generally felt in times of excessive heat.

In the spring and fall, when every person requires the aid of medicine to prepare the body to meet the change of season, the Caledonia Waters are admitted to be the simplest, the safest, and the most efficacious aperient that can be obtained.

These justly celebrated waters have performed more wonderful cures than any other Mineral waters in America; and many of the most eminent amongst the Medical faculty have given their testimony to the great virtues these waters possess.

*** Arrangements have been made so as to have always on hand a supply of the Water from the "Intermittant Spring," which is now so highly appreciated.

The Subscriber's present arrangements place him under the necessity of doing business for Cash.

CHEAPEST RATES OF ANY OFFICE DOING BUSINESS IN CANADA.

Medical Referee for Kingston,

DR. THOS. W. ROBISON.

THE undersigned having been appointed to act as Agent for this Company, which has been doing business in Canada and this City since the year 1839, respectfully requests persons requiring Life Assurance, to call at his

OFFICE, PRINCESS STREET,

Kingston, where Prospectuses and all necessary information will be given.—Also, a variety of Tables, to meet the circumstances and convenience of applicants, can be seen.

The Rates of similar Tables in the Offices doing business in this Province, are as follows:—

For an Assurance of £100

Colonial Life Assurance Co., age 30	£2	4	0
National Loan Fund, do.	2	5	2
Britannia Assurance Co., do.	2	0	8

These moderate Rates, (little more than sufficient *safely* to provide for losses,) put it in the power of most persons to assure; and with reference to the present state of the health of the inhabitants of the Province generally, it *may* be thought necessary, should the prevailing sickness increase, to decline taking any risks. It appears therefore to be a duty on those who have to provide for their families to take the timely precaution of assuring their lives, and thus provide against the risk of perhaps leaving those dependant upon their exertions or means, to suffer difficulties, if not destitution.

BARKER'S
LAXATIVE PILLS,
FOR BILLIOUS COMPLAINTS, PAINS IN THE HEAD,

Giddiness, Sickness, Jaundice Obstructions, Confinement of the Bowels, &c. &c.

The great demand for these Pills is a sufficient guarantee for their usefulness in the above complaints. Numerous testimonials could be given if necessary, from persons of the highest respectability, who have used them. *No family should be without them in case of sudden Sickness.*

OF the numerous diseases to which the human frame is liable, there is scarcely one, the symptoms of which are not seriously aggravated by a confined state of the bowels, and to this alone many owe their origin and continuance. The preserving the alimentary canal free from obstruction is a point of such primary importance, that every degree of neglect is followed by more or less of inconvenience or suffering. When habitual costiveness prevails the cheerful vigor of health is soon impaired, sometimes by slow degrees, and at other times more rapidly, diseases make their inroads on the constitution; and in numberless instances, particularly where the habits are sedentary, or where free living is indulged, permanent ill health is the painful result. It must be obvious to the most superficial observer, that when the functions of nature now alluded to are not performed with due regularity, assistance must be obtained from art. Aperient medicines then become indispensably necessary, and must be had recourse to until the necessity of such aid ceases.

But it is a question of considerable importance, what Laxative shall be employed? The list of Aperient Medicines is numerous, but their effects on the system vary considerable; some exert their influence chiefly on the exhalent vessels, or on some part of the bowels only, whilst the action of others, extends more or less to the whole of the intestinal canal. The latter class of aperients is evidently the best adapted to obviate the habitual confinement of the bowels, as they apply that additional excitement, which nature then requires to assist her in the performance of her accustomed functions.

It is precisely on this latter principle that the Pills now offered to the public are formed; and as their activity can be increased or lessened, merely by taking a larger or smaller quantity, they not only furnish an Aperient medicine proper for general use in a family, but are almost well calculated to answer most of the purposes for which purgative remedies are necessary.

The Pills are not, however, recommended as a SPECIFIC for the cure of ALL diseases; such preposterous statements are worse than ridiculous, and are only put forth for deception. But they will prove a valuable remedy for that confined state of the Bowels which lays the foundation of much suffering, for those occasional obstructions to which all are liable, and for all those disorders which arise from an overloaded state of the stomach and alimentary canal. Consequently decided benefit will be derived from their use in Giddiness and pains in the Head, accompanied with Nausea, or sickness; in all Head Aches where costiveness prevails; Flatulencies, Bilious Attacks, the commencement of Cholic, the early stages of Jaundice, and in promoting the expulsion of Worms. They require no confinement or change in the diet—moderate exercise will assist their operation—and experience has proven that as an aperient, they are safe and efficacious, may be taken by adults and children, and also in every stage of pregnancy. To children of five years of age and upwards, they may readily be given in pulp or apple, orange, or jelly, and thus disguised, they are more easy of than Powders or other disagreeable medicines.

CORBETT'S UNRIVALLED
COMPOUND SYRUP OF SARSAPARILLA.

THE subscribers having purchased of Dr. Corbett, of Shaker Village, Canterbury, N. H., the exclusive right for the sale of this invaluable preparation, now offer the same to the public under the simplest testimonials as to its signal and efficacious qualities. It stands unrivalled in cures of most inveterate cases of Scrofula, and all diseases of the Blood.

It also by its powerful alterative qualities, securely and permanently effects a full restoration to health in cases of Chronic Inflammation of the Digestive Organs, Dyspepsia, or Indigestion, Jaundice, Weakness and Soreness of the Stomach, Salt Rheum, all Cutaneous Eruptions, Erysipelas, &c. &c.

The fact is well established by medical writers, that Phthisis, Pulmonalis or *Consumption,* a disease most fatal in this country, most generally originates in a scrofulous state of the system.—Diseases of the Liver and Affections of the Biliary Secretions often originates with persons of Scrofulous taint. But before such diseases can be mitigated or arrested, this Scrofulous Diathesis must be removed. This the present preparation is warranted *effectually to do.*

The Sarsaparilla Root has attracted the attention of the Medical Profession for a number of years, and various Preparations have been used in the form of Extracts, Decoctions, Syrups, &c., but which have been found to contain very little of the valuable Properties of the root, owing to the *impossibility of retaining its virtues in a Fluid State for any length of time.* These Pills are prepared from the *Solid Extract,* combined with other *Valuable Remedies* which could not be prepared in the fluid state, one Box of which contains *more Sarsaparilla than two Bottles* of any Preparation in use, and will be found a Valuable Medicine for the cure of all Diseases which arise from an impure state of the Blood, viz: *Scrofula or Kings Evil, Rheumatic affections, Pains in the Limbs, Asthma and all Diseases of the Lungs, Liver Complaint, Indigestion, &c.*
