Mr. R. Kinnear, merchant of Maxwell, was a caller on Monday. His eldest daughter has been seriously ill recently but is now improving under Dr. Scott's treatment. A correspondent to a Collingwood paper stated that Dr. McFaul of Collingwood was treating her, but this was an error. Mr. Kinnear is doing a nice general store business and inserts his advertisement in The Advance.

At the Kimberley public school the other day, a small class was up for examination, when the teacher said : "Now who can tell me who Longfellow is?" A six-year-old boy in the class held up his hand and said he knew. When asked to tell, he answered, "Squire Stewart." The Squire is a respected citizen of Kimberley and measures 6 ft. 6. in. over all. The laugh which followed the above answer was heartily reechoed by the Squire, when he heard of it.

Work has commenced at the house of refuge. Mr. John East, Orangeville, who has the contract for the stone work, cement work, drains, etc., has a large gang of men busily engaged in excavating, and expects to have tnat part of the work completed by Saturday next.—Standard.

Mr. Mortimer Clark, K.C., has been appointed Lieutenant-Governor of Ontario. The new Governor was born in Scotland in 1836. He is a Presbyterian and has lived in Toronto, where he practiced law, since 1859. He has not been known as a prominent politician.

With the advent of spring the pedlar from nowhere, selling everything that nobody needs, will be calling at your door. Don't be fooled into throwing away your money, especially if you have a long unpaid account with your local grocer, or butcher, or storekeeper. Thus speaks an exchange.

A novel exhibit will be made at this year's Toronto Industrial by the Clergue Company, who will show the iron in the crude state and all through the various processes, until it is turned out a finished steel bar. They will also have an exhibit showing the process in which paper is made from the spruce tree until ready to write upon.

We wish once more to impress upon our readers the fact that anything sent in for publication must be prepaid with a 2-cent stamp, otherwise we have to pay two cents at this end. One cent will not carry anything in the nature of a letter through the mails these days. Nearly every week some correspondent to The Advance overlooks this fact.

Hillsburg people are making application to the Ontario Government for certain amendments to the Police Village Act, giving extended powers to these villages, and securing rights from township councils that are often refused them. The Attorney General advises that Hillsburg should apply for a special act of incorporation, with three trustees as now. He says that by this method the village would be independent of the townships, and have all the powers and rights that incorporated villages and townships have. Here is also a pointer for Flesherton.

An item appeared in our issue of two weeks ago regarding some difficulty which Mr. Paul of Feversham had with one Simmons of Nottawasaga, copied from the Creemore Star. Mr. Paul informs us that this item as published was entirely wrong, and produced documentary evidence to prove his assertion. The horse in question was only released by Mr. Paul when Simmons paid all charges against him, consisting of a lien for $100. This puts a different face on the deal. Mr. Paul holds a document covering the above statement, signed by Simmons. The only "snap" which Mr. Paul enjoyed was the securing payment for the lien held by him, and as for "hypnotizing" the constable that certainly was a fairy tale.

Feversham, Maxwell, Priceville and Badjeros have public libraries and Singhampton is organizing another. The Flesherton library, which contains about 1400 volumes, is out of it this year so far as securing a government grant is concerned, owing to indifference of directorate and public last fall. This is too bad, but it cannot be helped now. It will be the correct thing this coming fall to see that it is put on a solid basis once more. There is just a possibility, should libraries continue to spring up all over Ontario as they have in this district, that the government will find itself unable to assist these libraries in future as it has in the past.

To the Farmers and Cattle Feeders. . . . .

I would call your attention to the

Blatchford Celebrated Cattle Food

AND CALF MEAL. This food is very highly recommended by the Great Stock Breeders in the States, and is now being tested by Mr. R. McGill at our Station, on his farm, where he has some forty head of feeding cattle in stall. Those wishing to try it can get any quantity for a trial, and from the recommendation I have no doubt it will repay any feeder of stock.
