Our stock of Fine Ready-to-wear Clothing for Men and Boys is now as complete as any stock could possibly be. We've given particular attention to colorings and patterns and have omitted nothing for which you could possibly have a liking. Prices, too, are the most reasonable that high-class, up-to-date goods have ever been sold at, while cut, fit and finish is ABSOLUTELY CORRECT. Below we give a few prices of medium and high-class goods, and we want you, in justice to yourself, to see them before you make your next purchase.

**HARDWARE**

Everything in this department is now booming—and we've everything that's usually kept in a first class hardware stock, including many lines not to be had elsewhere in Markdale. People are finding out all the time the advantages of buying their hardware in connection with their purchases of groceries and dry goods. By so doing they are assured of the very closest prices at all times for we will not permit any body anywhere to undersell us.

PAINTS, PAINTS, PAINTS.

Ramsay's Paints are selling like hot cakes. Without a superior in quality that have the advantage of being about 15 per cent. lower in price than some other paints that are in the market. Some paint manufacturers advertise very largely and very extensively, thereby adding to the cost of their goods without adding to their quality. Ramsay's paints are guaranteed to us by the makers to have no superiors at any price, and as such are guaranteed by us to you. We've been selling this paint for twelve months (have sold hundreds of dollars worth) and without a complaint so far as we know from any of the purchasers. You'll find our guarantee of more importance and security than the weak croakings of another dealer, who never had and cannot get Ramsay's paint, but who wants to sell you another brand—a paint that we refused to handle

**MILLINERY**

Without an exception this has been the most successful season that we have ever enjoyed. Our stock is kept right up-to date all the time and customers appreciate the superior assortment we're in a position to give them. No trouble to sell, no trouble to please, so long as prices and styles are right.

For your own satisfaction and profit make it a point to see our TRIMMED HATS and MILLINERY NOVELTIES before making your purchase elsewhere.

## F. T. HILL & CO

To the student of ethnology the Archæoligical report of 1902, just to hand, is more than usually interesting. The report is lavishly illustrated and contains entertaining sketches by several gentleman who have made a special study of early Indian history, habits and customs. The most fascinating of these is a description of the location of the Huron villages where Brebœuf, Lalemant and Garnier met their death at the hands of Iroquois invaders. The death scene of the latter has been located by Rev A. E. Jones as being on the dividing line between Simcoe and Grey, five or six miles north of Singhampton. Rev. A. F. Hunter, M. A., has an article on Huron village sites in Oro township, and David Boyle, superintendent of the Canadian Institute, writes on "Some specimens." Altogether the report is one of the most valuable acquisitions to Canadian ethnology that has yet been produced.

The Toronto Star published recently a sketch written by its Ottawa correspondent dealing with Mr. Richardson, M. P. for South Grey, in which the correspondent endeavors to wax exceedingly funny at Mr. Richardson's expense. The Mt. Forest Confederate republishes the article and calls it "racy." In the article our member is charged with plagiarism and his eloquence is called "canned" eloquence, whatever that may mean. He is also charged with having his speech prepared beforehand and delivering it from typewritten pages—"handy for the local newspaper." This latter statement is what we desire to draw attention to. We have Mr. Richardson's authority for the statement that it is absolutely false. He has never yet delivered a speech from typewritten pages, and on the occasion in question only knew the night before that he would be called on to speak in the Budget debate. After blocking out his speech he placed the various headings on a slip of paper and held this in his hand while speaking. That was all. And again, so far as we know Mr. Richardson never yet asked a favor of the "local newspaper" in the way of publishing anything of his. In fact he is too modest if anything, in this regard. He does not care for laudation, but on the other hand, like every other self-respecting man, he resents any effort made to belittle and sneer at his honest efforts in the way of assisting his country by pointing out wherein he believes the policy of our present rulers could be improved. The Star is not likely to gain much applause in this section by the publication of such a jumble of sneering rot and falsehood as it fired at the member for East Grey. For the benefit of the Star we will say that Mr. Richardson is not aware that we are saying anything about the matter.

### Prince Arthur

The stock of this animal, advertised elsewhere in this paper, are not only great prize winners, but the very highest selling horses in the market. They have been selling at prices from $200 and upwards. W. J. Donnley recently sold a pair by him rising four and five years old to a gentleman in Montreal for $800. They were bred by W. T. White of St. Vincent township.

He is warranted a sure foal getter, and you can use him with confidence. Prince Arthur has proven himself to be one of the greatest sires of high class Harness and Carriage horses in Canada. Buyers are continually enquiring after them and the demand far exceeds the supply. Do not fail to see this famous stock getter before engaging your mares. The future of successful breeding all depends upon the breeder's selection. The present market calls for style and action, and if we do not breed what the market requires, we may as well quit breeding at once. The increase of wealth in the cities has produced a demand for large, stylish, active horses and the qualities of the Cleveland Bay over and above all other breeds is eminently adapted to transmit to his offspring.

Prince Arthur is a pure bred Yorkshire Coach horse, and registered in the Yorkshire Coach Horse Society of Great Britain and Ireland No. 1852. Color, bay; black legs, mane and tail are perfectly free from white, stands 16½ hands high, weighs 1400 lbs., has best of action and entirely free from blemish.

Prince Arthur was bred by Henry Watson, Brempton, York, England. Sire, Prince Victor, No. 376; g. s., Prince of Wales, 371; g g.s., Emperor, 144; g g.g.s. Herod, 218; g.g.g.g.s., Emperor, 143; g g. g.g.g.s, Mentor 298. Dam, Countess of Wilton, No. 26, C.B.S.B.; g.dam by Fidius Dius, No. 1,592; g.g. dam by Wonderful Lad, 914; g.g.g. dam by Master George, 293; g.g.g g. dam by Barnaby, 670. Parties wishing to breed valuable horses for the market should not miss seeing this valuable sire, as he has been pronounced by good judges to be a superior carriage stallion.
