The GUARANTEE that covers the PAINT that covers the SURFACE

THERE are plenty of reasons why you should use B-H Paint—but the one outstanding reason is told in the B-H Guarantee.

This is not like ordinary guarantees—it is a very definite and far-reaching one. It is a "hard and fast" commitment on the part of the well-known manufacturers of this product; by it they bind themselves to the use of a pure white lead and pure zinc in correct proportions.

It is these important basic ingredients that give to B-H Paint its remarkable covering capacity. These ingredients in proper proportion—when mixed with pure refined linseed oil and turpentine—ensure that your house will be properly painted with a smaller quantity of B-H Paint than you would have to use if you contented yourself with a paint of lesser quality. Do not, then, permit your desire to be economical to lead you on the "false economy trail" of cheap paints. That way lies extravagance. Only by using a high-quality paint, such as the B-H guarantee ensures, can you be certain of real economy which comes from the use of a paint that covers well and lasts wonderfully.

Those Who Fought

Endorse the Citizens' Liberty League

The Citizens' Liberty League is proud to state that the following Organizations of Veterans have signified their approval of the League's objects and are supporting it in the endeavour to obtain sane, moderate temperance legislation.

Great War Veterans' Association—Toronto Branches:
Parkdale Central Riverdale West Toronto Earlscourt.
The Grand Army of Canada. His Majesty's Army and Navy Veterans' Association.
The Naval Veterans' Association.
75th Battalion Association. 75th Battalion Officers' Association.
The Originals' Club. 83rd Battalion Association.

These great Organizations of men who were the first to answer the call in the fight for liberty are endorsing the platform of the Citizens' Liberty League because they know, with the League, that the Ontario Temperance Act unduly restricts the liberties of the citizens of the Province.

These men ask,—and what men in the Province have such a right to ask?—that you vote "YES" on questions two and three on the Referendum Ballot—and so assure to the citizens a beer containing 2.51 per cent. alcohol by weight, absolutely non-intoxicating—the Beer of the Ballot.

Vote "YES" on all Four Questions

Remember, every voter must vote on every question or his ballot will be spoiled.

Booze Costs Years of Life

Insurance Records Prove Moderate Drinking Increases Death-rate 35%

LIFE Insurance figures prove that the excess of deaths among moderate drinkers over abstainers runs from 11% to 74%. It is the business of Life Insurance Companies to know the risks a man takes when he uses liquor. These Insurance men have no theories to prove and no doctrine to preach. Their figures are as cold as ice, and they make you pay for the risks you run. To them it is simply business—a matter of dollars and cents. But to you it is a matter of life and death.

Actuarial Comparison of Death Records

Ages	Total Abstainers	Moderate Drinkers	Excess Deaths Among Moderate Drinkers
20-30	4,221	4,617	11%
30-40	4,201	7,041	68%
40-50	6,246	10,861	74%
50-60	13,056	18,524	42%
60-70	29,078	34,568	19%

From tables prepared by R. H. Moore, Actuary of the United Kingdom Temperance and General Insurance Company, based on Records of over 60 years' experience.

Are You Willing to Die Before Your Time for Sake of Booze?

THE number of deaths among moderate drinkers averages 35% higher than among abstainers.

If you have habitually taken two glasses of whiskey per day or the alcoholic equivalent in beer, your chances of dying before your time are double those of total abstainers.

It has been costing total abstainers yearly millions of dollars in premiums to help to pay for excessive deaths among drinkers! Can we afford such waste of life and money in the face of the war losses of money and men?

Vote "No" to repealing the Ontario Temperance Act, and "No" to rendering it practically worthless by the proposed amendments.

"No!"—Four Times—"No!"

Answer every question on the Referendum Ballot with an X under the heading "No," and herein fail not, or your vote is lost to Temperance Progress.
