London, Oct. 16.—The London *Times* today, in an article on the Chinese Mission, thinks that the fact that Mr Burlingame is not a native of China will be no obstacle to his success at the Courts to which he is accredited. They will forget it if he does. If he abstains from interference with political intrigues in which China can certainly have no healthy or natural interest; if he acts as though there could be no separate national interests in Europe and America, as indeed there is not so far as the relations with China are concerned; and if he accepts it as the primary function of his mission to discover and explain what are the best lines of trade both for China and the Western countries, he will have accomplished much for China and something for the rest of the world. No State can have so personal an interest in a success of this sort as Great Britain, and none could be more willing to contribute to it.

Madrid, Oct. 16.—A decree ordering elections for the Cortes in the different Spanish colonies will soon be issued. Slaves will not be permitted to vote. Colonial deputies will be allowed to propose a plan for the abolition of slavery. Free schools in Spain have been reopened. The estimates of the Bureau of Public Works are only half of last year's.

Liverpool, Oct. 16.—The American Chamber of Commerce in this city will present to Reverdy Johnson an address on the 22nd instant.

Paris, Oct. 16.—The weekly statement of the Bank of France shows a decrease of twenty-two millions francs.

His former flag officer, Captain Lato, has been appointed to the command of the Spanish squadron in the Pacific. The scarcity and consequent high prices of food and wine are abating.

London, October 16.—It is understood that the basis agreed to by Mr Johnson and Lord Stanley for the settlement of the Alabama question is that a mixed commission shall be formed, which will hold its session in London, and pass upon all claims preferred by English and American citizens.

Paris, October 16.—The Senate and Corps Legislatif are summoned to meet on the 11th of November next.

Madrid, October 16.—The Central Junta has issued a decree declaring all children born of slaves after the 17th shall be free. In the apportionment of deputies for the Constituent Cortes the Spanish colonies are entitled to send four representatives.

Paris, October 16.—The *Etendard* asserts that General Prim is intriguing to gain the supreme power, but that Espartero, who is daily expected in Madrid, disapproves of the influence of General Prim in the Government, and will do his utmost to thwart his designs. The *Gaulois* predicts that the European powers will recognize the Junta as the *de facto* Government of Spain.

London, Oct. 16.—The steamships Cuba and Westphalia, from New York, have arrived.

An extraordinary display of feeling took place on Monday night in the Rotunda, during the exhibition of a collection of waxworks, which has its "Chamber of Horrors," in which the principal attraction is an automatical representation of the execution of the "Manchester martyrs"—Allen, Larkin, and O'Brien. "Calcraft" had just affixed the fatal nooses round the necks of the effigies, and was about to draw the bolt of the drop, when several persons who wore the appearance of gentlemen disguised as "roughs," rushed forward at a signal given by one man near the platform, and with heavy sticks in a few minutes demolished the effigies and the whole apparatus. The attack was so sudden and energetic that their object was accomplished almost before the bystanders or attendants knew of their intention. Of course the audience were greatly excited, but no arrests were made.

Irishmen cannot well complain of being neglected when the distribution of good appointments is going on. As one of their own journals points out, the new Governor-General in both India and Canada is an Irishman, "Irishmen occupy the Government houses at Sydney and Wellington, and others are to be found at the head of lesser dependencies." This list might be indefinitely increased if it were extended to all high offices under the Crown, but as confined only to colonial governors, it makes a very respectable show. When American writers compare Ireland with Poland, do they ever consider such facts as these? Do they find that Poles are singled out by the Russian Government for the most distinguished posts in the Empire?—*English paper.*

To the Electors of the County of Frontenac—

GENTLEMEN: The death of your late member, Sir Henry Smith, having rendered vacant the representation of the County of Frontenac in the Legislative Assembly of Ontario, I am induced to think that the offer of my services might be acceptable to the Electors. Long identified with the County interests, and having as an old member of the County Council, and as Warden, become thoroughly conversant with your local affairs, I am, I think, in a position to be of service to you in the Legislature. Many of you too have had knowledge of me in my business transactions, and you can thus in both respects form an opinion of my fitness for the honour which I seek at your hands.

Agriculture will have in me a warm and active friend, and I shall always be ready to lend my aid to all measures having its advancement in view.

The promotion of the settlement of the country I shall endeavour to further by seeking to have the Back Roads completed, by endeavouring to secure the passage of a generous Homestead Law, and the adoption of a more liberal policy with respect to Free Grants of Public Lands.

Education has been greatly fostered in Canada for many years past by grants of public money. I believe that most good can be done with such grants by adopting the channels which the various denominations of Christians among us have selected for the expenditure of their own means, and I will advocate the continuance of the grants to the several Colleges in Ontario which they have hitherto received.

The present Government of Ontario has met the just expectations of the people in the economical administration of public affairs, and is entitled to my cordial support.

I shall endeavour to see you as far as time will permit, between now and the Election, and will be ready to explain my views on all public questions.
