### CABLE NEWS.

Havre, Oct. 27.—The closing exercises of the great Marine Exposition are taking place here to-day. For this reason the day is regarded as a holiday, and the markets are not open for business.

Dublin, Oct. 27.—The house of a Mr Wigmore, near Cork, was entered last night by a body of men and a quantity of arms and ammunition carried away. The culprits are supposed to be Fenians.

Madrid, Oct. 27.—The Provisional Government has issued a manifesto concerning the administration of the kingdom. After passing in review the various reforms decreed by the late Central Junta, they proceed to argue in favour of the decentralization of the administrative power, and conclude by promising to render a faithful account of their doings to the Constituent Cortes. Some Spaniards of advanced liberal views advise the sale of Cuba to the United States, as the most direct and speedy method of solving the question of the abolition of slavery.

Liverpool, Oct. 27.—Mr Reverdy Johnson was last night entertained at a banquet given in his honour by Mayor Whitley at the Town Hall. In the course of his speech on the occasion, Mr Johnson remarked that he did not know how the people of the United States would regard his conduct since he had been in England. He was sanguine of their approval, but he would accept censure with a Christian resignation.

Birmingham, Oct. 27.—Mr John Bright opened the Parliamentary canvass here last evening by addressing an immense meeting of citizens.

The Birmingham Chamber of Commerce have invited Mr Johnson, the American Minister, to visit this city and partake of their hospitality.

Vienna, Oct. 27.—The Ministerial bill fixing the basis as to numbers and equipment for the Army and Navy, after much opposition, has been passed by the Reichsrath. It is said that Baron Von Beust gave the members a secret reason for the passage of the bill, which carried it through, and this rumour creates some uneasinese. It is asserted that in a speech in secret session urging the adoption of the measure, the Prime Minister alluded to the good relations which existed between Austria and the other great Powers, but intimated that in the event of a rupture between Prussia and France, Austria must be ready to guard her own neutrality.

New York, Oct. 28.—The *Sun's* special says General Rousseau is severely criticised for his want of courage and capacity to deal summarily with the excited mobs which surround him.

The *Intelligencer* to-day backed down completely from its opposition to Seymour, by publishing his Chicago speech with approving comments and advocating his election.

A Mr Corbett, of Glasgow, has set in operation a number of cleap dining-places, in that city, which have not only fulfilled the most sanguine expectations of their benevolent projector, but have apparently been productive of a happy effect in a direction not originally contemplated. The cooks and attendants are all women, and their habits of neatness and culinary skill are so highly prized by the clerks and artizans of Glasgow, that Mr Corbett finds he can seldom keep any of his girls beyond a short period.

Upwards of one hundred fishing vessels sailed into Georgetown, P. E. I., the other day, and left next day. The great bulk of the fleet had done literally nothing.

Nova Scotia papers say there will be a falling off of one half the mackerel catch from last year, and unless there is an unusual streak of luck this month, the season's work will prove a very slim one to the majority of our fishermen.

Mr George W. Brizee, late editor and proprietor of the Whitehall *Times*, started on Monday noon from Troy on a pedestrian trip to New York city. George says he acquired his pedestrian qualifications while running after his debtors in the newspaper business.—*Vermont Transcript.*

Three young men, two of them named Helmuth and the other Yack, were out coon shooting by the light of a lantern, near Tavistock. A coon was treed, and one of the Helmuths cut the tree down, Yack going forward with the lantern a little beyond the spot which he supposed would be reached by the top. Unfortunately in falling, the tree brought down another, underneath which Yack was almost buried, nothing being visible when his companions ran to his assistance but his feet and head. Death appeared to have been instantaneous. Deceased was about 20 years of age.

Japan seems to be having trouble with its currency. The government has made a large issue of greenbacks, which the people don't like and are not inclined to take. But they are not left free to do as they like about it, for we read that several merchants have been "decapitated" for speaking disrespectfully of this paper money. The remedy seems a little severe, but it is probably effectual so far as the offenders themselves are concerned. We should think that, after being "decapitated" once a man would scarcely speak disrespectfully of an kind of money again.

## NOTICE.

All persons are requested to take notice.
M. FLANAGAN, City Clerk.
Kingston, June 16, 1868.

EFFECT OF ADVERTISING.—It is amusing at times to observe the stores of the merchants who don't advertise; to see the anxious proprietors looking into the streets and see the people go by, wondering why they don't come in, while the stores of their neighbours who do advertise are thronged with customers. Some people will learn by observation, others will not.—*Daily Palladium.*

ART OF ADVERTISING.—Horace Greeley, of New York, says:—The most successful business men in this city are those who have advertised liberally and constantly. A small advertisement constantly appearing is better than a display column occasionally.

THE CIRCULATION of the DAILY NEWS is fully one-half larger than that of any other daily journal published in Kingston. The circulation of the old established weekly CHRONICLE AND NEWS is also greater than any other weekly published in the county. Advertisers will perceive that these journals are the best media for attracting public attention in this loeality.
