London, Nov. 28.—The press of the city ...nite in commending Mr Disraeli's refusal ...f the peerage, and its bestowal on his wife. ...he journals also eulogize the career of ...e Premier.

London, November 28.—Great preparations are being made at Birmingham for ...e reception of Reverdy Johnson on Wednesday next. John Bright and others will ...eak on the occasion. The dinner to Mr ...ohnson, which was contemplated by the ...orkshire Men's Society of this city, has ...en abandoned.

The Right Hon. Benj. Disraeli has declined the Peerage. His wife has been ...eated Viscountess of Beconville.

Madrid, Nov. 28.—The Government has ...clared that the popular sense of the country is antagonistic to the establishment of a ...public, and that the Cortes soon to meet ...ill soon propose a form of monarchy.

Bucharest, Nov. 28.—Prince Charles of ...umania, in opening the Chambers, said: "Maintenance of neutrality was a duty ...hich his government had always observed. ...e foreign relations of the country were ...n an excellent footing, and he had reason ...believe that the pending negotiations ...uld result in satisfactory conventions with ...ustria and Prussia."

London, Nov. 29.—The Conservatives ...ve carried the South-east division of the ...est Riding of Yorkshire; also the Western ...vision of Surrey, thus reducing the Liberal ...ajority four members. The results of the ...ajority of the later elections have been in ...vour of Conservatives, who have always ...d a disproportionate strength in the counties. Their gains in the present instances ...e also undoubtedly attributable to the interference of the Liberals, who were rendered ...eless by the heavy majority they had secured during the first week of the elections. In the manufacturing districts the bitter spirit of the Orange organization was enlisted against candidates who favoured disestablishment. The entrance of this element into the strife did not fail in some quarters to lead to mob law and the intimidation of voters. The Tories are charged with the responsibility of those excesses, and the Liberals have suffered so severely from them, that it has become almost a unit in favour of voting by ballot.

Much indignation has been caused among British shipowners by the rumour that the Alabama treaty does not allow the claims of Englishmen, based on the decisions of the American Prize Courts, to be re-opened before the Commission.

The *Shipping Gazette* says such a prohibition is contrary to precedents established by the Americans themselves, and excludes claims undoubtedly well founded; and the *Gazette* declares that if the report be true, the Convention is a capitulation, and Parliament will never sanction it. A writer in the *Observer* takes the same view.

The London *Times* and Paris correspondents of other London papers have lately given currency to rumours that the health of Napoleon is failing, and public confidence has in consequence been somewhat disturbed. These rumours have been officially contradicted from Paris, yet it is well understood that without positive illness the Emperor declines to take his usual active exercise, and shows signs of decaying strength and mental apathy. The policy of his government seems just now to be to make a demonstration of vigour against the opposition, to render the latter unpopular, and to preserve the *morale* of the department officials.

London, Nov. 30.—Apprehensions of bloodshed in Spain are increasing. It is thought that a collision between the Monarchists and Republicans will be the inevitable result of the excited political contest now in progress. In the meantime the patriotic fervour of the nation is animated.

A despatch from Madrid states that the subscriptions by the people to the national loan now amounts to 319 million reals.

Vienna, Nov. 29.—The Austrian Government has despatched from Trieste an expedition which will sail round the world. It is under the command of Karl Shurzer. The objects of the enterprize are to introduce the products of Austrian industry into distant markets, and extend the commerce of the Empire. The expedition is under special instructions to visit the principal ports of China, and Japan, and to proceed thence to California and cruise along the South American coast.

Paris, Nov. 29.—M. Pierre Antoine Berryer, the celebrated advocate, died yesterday, aged 78 years.

Senor Olozaga has arrived here as the ambassador of Spain.

Madrid, Nov. 29.—A great republican demonstration was made here at the close of last week. The young men of the city held a meeting and amid indescribable enthusiasm passed resolutions protesting against the rule excluding all persons under 25 years of age from the franchise. People to the number of 15,000 crowded the square where the meeting was held, and every allusion made by speakers to the Republic was received with tremendous applause.

Lisbon, Nov. 29.—South American news states that the Brazilians have sent a column of 12,000 men across the Gran Chaco, first to attack the position of Lopez at Velletta in the flank. The Marquis de Caxias was awaiting the development of this flank movement to attack the river batteries with his fleet of ironclads and force a communication with the army in the Gran Chaco.

EFFECT OF ADVERTISING.—It is amusing at times to observe the stores of the merchants who don't advertise; to see the anxious proprietors looking into the streets and see the people go by, wondering why they don't come in, while the stores of their neighbours who do advertise are thronged with customers. Some people will learn by observation, others will not.—*Daily Palladium.*

GENTLEMEN—I am happy in receiving the flattering Requisition you have presented me with, and I would be ungrateful were I not at once to accept the same. Should I be elected I will at all times endeavour to do my duty faithfully to the City, and St. Lawrence Ward in particular, wherein I have done business for the last twenty years.
I am, Gentlemen,
