The managers of East Grey Agricultural Society's show fair, to be held in Flesherton 24th and 25th inst, have determined to keep all fakers, gamblers and swindlers off the grounds and to have a good, clean, instructive and entertaining fair, where all the boys and girls, as well as their parents can spend a pleasant and instructive day without coming in contact with any injurious influence.

Oh, Ghosh! No!

Six months ago or less a bashful old bachelor of 45, living not more than fourteen and a half miles from Flesherton, became smitten with the charms of a gushing young maiden of eighteen—or was it the young lady who became smitten with the bachelor and his broad acres which lay within half a mile of her home? Anyway a wedding took place. On the night of the wedding a supper was given at the bride's home. After supper the bridegroom appeared very "fidgety" for a time, and finally said: "Well, it's gitten late; guess I'll go home," and he started for the door. The bride not to be outwitted in this manner, and catching the blushing groom by the arm, simpered: "Hold on, Joseph, you know I'm going with you." A look of abject terror overspread the groom's face as he fairly yelled, "Oh, gosh! no! I've no commodation for wimmen. Only g-g got one bed!" Just how matters were settled is nobody's business. Suffice, from latest accounts the accommodation appears to have been made satisfactory all round, and Cupid can be seen any day now with his feet dangling over the dashboard as the happy couple drive to town to do their shopping. May the little god never desert them.

George Richey of Peepabun, East Luther, is possessed of an animal that is half man and half calf. Elisha Hanbury of Chatsworth, is the possessor of another combination, half bear and half calf. The Meaford High School

The management of the Meaford High School, in making their annual announcement, wish to state that the school has been again very successful in its year's work. EIGHTY-SEVEN PER CENT. of all recommended passed the various examinations.

The excellent reputation of this up-to-date school for teacher's certificate work has more than been sustained. In 1902, 22 out of 28 obtained Part II Junior Leaving certificates; this year the per centage was even better, viz., 16 out of 19. As a further illustration of the work done by its experienced staff, we may state that four out of the sixteen successful candidates obtained their certificates on one years attendance at the school, and one Senior Leaving candidate passed both Parts on seven months attendance.

There is no form of examination work done by the large t Coll. Iust. that this four-master High School is not successfully doing.

All parents, teachers and students who would like a copy of the handsomely-illustrated prospectus for 1903-1904, which in addition to being a beautiful souvenir of Meaford high school and its work, is also a compendium of useful information to all the various courses of study for 1904 and of the latest educational changes of vital interest to every teacher, this year and the years to come, can have one by sending name and address either to the Principal, J. L. Cornwell B. A., or to A. McK. Cameron, Sec'y-treas., Meaford, Ont.
