The staff of this paper neglected last week to thank Mrs. W. Wilcock for a generous donation of luscious plums. Miss Ethel Trimble, daughter of Mr. W. Trimble, received quite a fright on Monday. How the animal got in is a mystery as the windows had screens and no hole could be found.

Rev. Ivison Wilson, pastor of the Methodist church, met with a painful and serious accident on Saturday last. While climbing into an attic from the woodshed a piece of board upon which he was holding gave way and he was thrown across a scantling, the fall breaking several of his ribs. The injury will confine Mr. Wilson to the house for a couple of weeks.

East Grey fall fair, which takes place here on Thursday and Friday of next week, ought to be bigger and better than ever this year. The directors have gone to heavy expense in improving their premises this year and the people should turn out loyally in a body in order to keep the show on a good foundation. With proper encouragement the society may build a grand stand next year. When this is done no better equipped show ground will be found in western Ontario. Give the affair a boost next week by attending the exhibition. Become a member if you are not one already and bring out your exhibits.

A jolly party of Dundalk picnickers drove up to Eugenia for a last picnic of the season on Thursday last. The day was not all pleasure to them, however, heavy rains in the afternoon knocked the fun endways, and to make matters worse, when half way between Eugenia and Flesherton an axle of their wagon bent, the wheel dished and the whole party was spilled out in the mud. Some of the gentlemen came to town, got another rig and went back after the girls. The damaged vehicle was brought to Mr. D. McTavish's blacksmith shop for repairs. After these were made, about 9 p. m., the party re-embarked for home, where we trust they arrived without further mishap.

A threshing machine man in a neighboring township worked a scheme this season which did not pan out as he had hoped for. The alleged facts are as follows: The thresher went around among the farmers and got some fifty of them to accept his services for threshing. He then entered into an agreement with proprietors of other machines to raise the price of threshing from $1 to $1 50 per hour. When the scheme leaked out every one of the fifty farmers refused to have anything to do with the man who developed this little combine and he was forced to move his machine completely out of the district. We believe the gentleman is now routing his outfit not many miles from Flesherton at the ordinary price.

For sale—Good heavy work team, (2700 lbs.), a snap if taken at once, as we have no use for them just now. R. P. Legate, Ceylon.

A Disgraceful Act

To The Editor of The Advance

DEAR SIR,—Will you please allow me space in your paper to make mention of a very disgraceful transaction which happened in our burg one day last week. A very respectable widowed lady and gentleman were married publicly in the presence of a number of their friends at the home of the lady in Vandeleur. Now just think of what followed. A number of youths and citizens of our anti-religious settlement, turned out in a manner that would be considered disgraceful, even for the heathen of China or Japan, let alone the pharisees of our self-sacrificing burg. They charivareed and carroused around and disturbed the neighbors for miles. Now, Sir, as for the couple that were married, I would defy this howling mob to name one disgraceful action that either of them have committed. Is this the case with the mob? No sir. We will end up by inviting some of them to simply go home, quietly sit down and read over their own family record before going to the synagogue to pray.
