Godey's Lady's Book FOR 1852.

INCREASE OF ORIGINAL MATTER!!

THE LADY'S BOOK for the ensuing year will be found more novel and exciting to the reading portion of the public than ever it has been during the period of its existence.

TO TAKE THE LEAD

among the popular Magazines of the country is the object of the proprietor, who has been constantly following, "month after month, year after year," to suit the taste of the public. Liberal expenditure of money, and the employment of the best talent in the country, have been the means by which every new idea that has originated in England or elsewhere, has been promptly adopted by us, and, by being very explicit and exact in the procurement of what we set forth to procure, we do not wish to be our place for others to follow. It is sufficient, however, to say that all the existing popular features of the Lady's Book will be retained, and many new ones, particularly attractive to the Lady's Book, and Family Magazine, will be introduced. The useful and the elegant will always be kept in view.

To the Magazine alone we must look for the effusions of the music minds of literature. It is useless to publish a list of names, suffice it to say, that we have published articles, and have them to publish, from

ALL THE BEST AMERICAN WRITERS

The Engravings for the Lady's Book for 1852 will contain in addition to the most beautiful and numerous Engravings—three of which are colored—an additional quantity of reading, by American authors. There is no question about the fact and the hundreds of notices that we have from the contemporary press will establish it, that it is

THE MOST MAGNIFICENT PERIODICAL IN THE WORLD!

The publisher will give 12 Nos. for 1852, than the London Art Union would be proud of, and their price is $10 a year.

It must be obvious that the Lady's Book caters to the taste of the American Ladies. It furnishes them with everything that can interest a Lady—containing, there is the following—

GODEY'S RELIABLE FASHION PLATE MONTHLY!

with full descriptions—being the chart upon the Fashions every month—giving full explanations of everything new in the Fashionable World.

CUT MODEL COTTAGES.

This is a department peculiarly our own, and the beauty and utility of our models has everywhere been acknowledged.

FOR THE LADIES!!

We have on display Receipts, Model Cottages, Furniture, Patterns for Window Curtains, Crochet Work, Knitting, Netting, Patterns for Crochet Flower Work, Hair Braiding, Ribbon Work, Chenille Work, Lace Collar Work, Children's and Infants' Clothes, Capes, Cloaks, Chemisettes, in fine, everything that can interest a Lady will find at a glance place in Godey's Book.

PURE COD LIVER OIL.

To the Medical Profession, and the Public in general, who heretofore have been in many instances imposed upon, by a spurious imitation of a valuable MEDICINE.

IN consequence of the want of a ready Chemical test, to ascertain the PURITY OF COD LIVER OIL, much to an adulterated and inferior description has been introduced into the Market, and sold as Genuine. Under these circumstances, and as the public are altogether dependent upon the character of the MANUFACTURER for the

PURITY OF THE ARTICLE.

I respectfully announce that I have appointed Mr. CHARLES BRENT, Apothecary & Chemist, Kingston, C. W. Sole Agent for the Sale of my

Another Living Witness of the Homœopathic and Botanic Medicines from CAPTAIN McMASTER.

I WISH to inform the Public, for the good of the afflicted, that I was very unwell with a cough and inflammation of my lungs and chest, which threatened my whole constitution. I spared no cost or trouble to get rid of it, but I got no relief until I was advised to go to DR LANKTREE, of Kingston, when I got his Medicine. It took but a short time, and little cost, until I could again rejoice in the return of my perfect health—thank God.

FRANCIS McMASTER.

Amherst Island, 23rd Aug., 1851. 212

SEEING and hearing of so many testimonials for Dr. Lanktree's Medicine, bring me to recollect my duty both to him and the public; for I was some time ago, to the knowledge of many in this city, given over as an incurable case, with Enlargement of the Heart and Liver Complaint, and was effectually cured by him; also, lately, I was in despair with a Dropsical Swelling, and obtained immediate relief, so that I am now able to do my business well, thank God.

FRANCIS JERVIS.

Kingston, 30th August, 1851. 212

I FIND that I am in duty bound to state to the public far and near, that I was very ill since 1843 with the effects of a hurt, which disabled my chest and spine, in such a way that I became debilitated all over my person, and unfit for my business, but paying away all the time; and hearing of so many persons cured of different complaints by Dr. Lanktree of Kingston, I went to him and by the use of his medicine, and advice as to what food I should use, I can now certify to all that I am fully restored thank God, to my family and perfect health again.

Blackwood's Edinburgh Magazine (Tory.)

These Reprints have now been in successful operation in this country for Twenty Years, and their circulation is constantly on the increase notwithstanding the competition they encounter from American periodicals of a similar class and from numerous Eclectic and Magazines made up of selections from foreign periodicals. This fact shows clearly the high estimation in which they are held by the intelligent reading public, and affords a guarantee that they are established on a firm basis, and will be continued without interruption.

Although these works are distinguished by the political shades above indicated, yet but a small portion of their contents is devoted to political subjects. It is their literary character which gives them their chief value, and in that they stand entirely far above all other journals of their class. Blackwood, still under the masterly guidance of Christopher North, maintains its ancient celebrity, and is, at this time, unusually attractive, from the serial works of Bulwer and other literary notables, written for that magazine, and his appearing in its columns both in Great Britain and in the United States. Such works as "The Caxtons" and "My New Novel," (both by Bulwer), "My Peninsular Medal," "The Green Hand," and other serials, of which numerous rival editions are issued by the leading publishers in this country, have to be republished by these publishers from the pages of Blackwood, and it has been issued by Messrs. Scott & Co., so that Subscribers to the Reprint of that Magazine may always rely on having the earliest reading of these fascinating tales.

BRITANNIA LIFE ASSURANCE COMPANY.

No. 1 Princes Street, Bank, London.

CAPITAL ONE MILLION.

EMPOWERED BY SPECIAL ACT OF PARLIAMENT 4 Vic. Cap. 9.

THE great success of this Institution in Europe and the numerous Policies, issued by the different Agencies in Canada, evidently show that the advantages of Life Assurance are daily becoming more and more appreciated by those who feel the necessity of making some provision for their families, or securing the amount of debts due by or to them in case of premature death. The rates of the *Britannia* are the lowest which can be offered consistently, with security to the Assured, and the subscriber begs respectfully to invite the attention of the inhabitants of Kingston to the numerous Tables of Rates, specimens of which may be seen at his office.

The income of the Company, independently of the large subscribed Capital, is between Eighty and Ninety Thousand Pounds Sterling per Annum, and of this the greatest part is continually accumulating for the payment of losses.

A party effecting an Assurance with this Company, may do so for a fixed sum, payable at his or her death, without participating in the profits, and thereby secure an *immediate Bonus* by not paying more than is absolutely required to provide for the risk—but if participation in profits is preferred by any party, there are 4 Mutual Tables adopted by the Company, which offer an annual division of the Profits, and which being supported by the other Branch of the Institution, hold out very safe and indisputable inducement to the person wishing to Assure.

All claims payable within three months after proof of death. No proof of birth is required at the time a claim is made; the age of the Assured being, in every case, admitted in the Policy, unless, under any circumstances, it be afterwards called in question. Policies effected by parties in their own lives are not to be void in case of death by duelling or the hands of justice. In the event of suicide, if the Policy be assigned to a *bona fide* Creditor, the sum assured will be paid without deduction; if the Policy be not assigned, the full amount of Premiums received thereon will be returned to the family of the Assured.

The necessary forms and every requisite information, as to the mode of effecting Assurances may be obtained either by letter or personal application to

THE CANADA LIFE ASSURANCE COMPANY.

Incorporated by Act of Parliament.

THIS COMPANY is prepared to grant *Assurances on Lives*, whether single or joint, to sell *Annuities*, to purchase *Reversions* and to transact all business in which the risk of Life is concerned.

Tables have been expressly calculated from the most accurate data, and the Company is enabled, from its small expenditure, and the high rate of interest that money commands in Canada, to offer terms of Assurance much more reasonable than the low rate of interest attainable on investments by British Companies and their generally large expenditure can with any regard to safety admit of.

An *exact statement of its receipts and expenditure* is annually published by the Company and forwarded to all who may be interested.

Of no other Life Assurance Company can it be said that *it invests all its funds in Canada*, and that it does not consequently contribute to the immense sum of money which is yearly sent out of the Province to pay British or Foreign Companies for that, by which (and this is nearly a solitary instance) neither Great Britain nor the neighboring States can fairly offer competition.

To parties who may at any time feel disinclined or unable to continue the payment of their premiums, this Company will grant Policies, payable at death, fairly representative of the value of such payments as they may have been made, & is further engaged to purchase policies for an equitable consideration after five or more full premiums have been paid thereon.

Three-fourths of the profits realized in the Mutual Branch are yearly divided amongst the policy holders thus assured.

A peculiar feature of the Company is, that it is not desirous to make profits by lapsed Policies.

Tables of Rates, forms of proposal, and all other information may be obtained at the Head Office and Agencies.
