Another Living Witness of the Hydropathic and Botanic Medicines from CAPTAIN McMASTER.

I WISH to inform the Public, for the good of the afflicted, that I was very troubled with a cough and inflammation of my lungs and chest, which brought on my pleurisy tendency. I spared no pains or trouble to get rid of it, but I got no relief until I made a trial of Dr. LANKTREE's, of Kingston, whose Hydropathic Medicines. It took but a short time, and little cost, and I could really rejoice at the return of my perfect health—thank God.

FRANCIS McMASTER.

Amherst Island, 23rd Aug., 1851. 212

SEEING and hearing of so many testimonials for Dr. Lanktree's Medicine, induces me to recollect my duty both to him and the public; for I was some time ago, to the knowledge of many in this city, given over as incurable case, with Enlargement of the Heart and Liver Complaint, and was effectually cured by him; also, lately, I was in despair with the worst Kidney complaint, and immediate relief, so that I am now able to do my business well, thank God.

FRANCIS JERVIS.

Kingston, 30th August, 1851. 212

I FIND that I am in duty bound in style to the public far and near, that I was very ill since 1843 with the effects of a hurt, which disabled my chest and spine, in such a way that I became debilitated all over my person and unfit for any business, but losing away all the time; and hearing of so many persons cured of different complaints by D. Lanktree of Kingston, I went to him and by the use of his medicine, and advice as to what food I should use, I can now certify to all that I am fully restored, thank God, to my family and perfect health again.

These Reprints have now been in successful operation in this country for Twenty Years, and their circulation is constantly on the increase notwithstanding the competition they encounter from American periodicals of a similar class and from numerous Eclectic and Magazines made up of selections from foreign periodicals. This fact shows clearly the high estimation in which they are held by the intelligent reading public, and affords a guarantee that they are established on a firm basis, and will be continued without interruption.

Although these works are distinctively the political organs of their respective parties, yet but a small portion of their contents is devoted to political subjects. It is their literary character which gives them their chief value, and in that they stand confessedly far above all other journals of their class. Blackwood, still under the masterly guidance of Christopher North, maintains its ancient celebrity, and is, at this time, unusually attractive, from the serial works of Bulwer and other literary notables, written for that magazine, and first appearing in its pages, from some of which numerous great editions are issued by the leading publishers in this country, have to be reprinted by these publishers from the pages of Blackwood, after it has been issued by Messrs. BRITANNIA LIFE ASSURANCE COMPANY,
No. 1 Princes Street, Bank, London.
CAPITAL ONE MILLION.
EMPOWERED BY SPECIAL ACT OF PARLIAMENT 4 Vic. Cap. 9.

THE great success of this Institution in Europe and the numerous Policies issued by the Offices in Canada, evidently show that the advantages of Life Assurance are daily becoming more and more appreciated by those who feel the necessity of making some provision for their families, or securing the amount of debts due by or to them in case of premature death. The rates of the *Britannia* are the lowest which can be offered consistently with security to the assured, and the subscribers beg respectfully to invite the attention of the inhabitants of Kingston to the numerous Tables of Rates, specimens of which may be seen at their office.

The income of the Company, independently of the large subscribed Capital, is between Eighty and Ninety Thousand Pounds Sterling for Annum, and of this the greater part is continually accumulating for the payment of losses.

A party effecting an Assurance with this Company, may do so for a fixed sum, payable at his or her death, without participating in the profits, and thereby secure *an immediate Bonus* by not assuming more than is absolutely required to provide for the risk—but if participation in profits is preferred by any party, there are "Mutual Tables" adapted by the Company, which offer an annual division of the Profits, and which being supported by the other Branch of the Institution, add with very safe and profitable inducement to the person wishing to Assure.

All claims payable within three months after proof of death. No proof of death is required in the claim claim is made; the age of the Assured being in every case admitted in the Policy, and, under any circumstances be afterwards called in question. Policies effected by parties in their own lives are not forfeited in case of death by duelling or the hands of justice. In the event of suicide, if the Policy be assigned to a *bona fide* Creditor, the sum assured will be paid, without deduction; if the Policy be not assigned, the full amount of Premiums received thereon will be returned to the family of the Assured.

The necessary forms, and every requisite information, as to the mode of effecting Assurance may be obtained either by letter or personal application to

GENERAL ADVERTISEMENTS

☞ *One out of the numerous Testimonials in favor of the Hydropathic and Botanic Medicines.*

I wish to state for the good of all who may be suffering any illness that my wife was dangerously ill last June, with a Sore Breast, to such a extent that it was considered by Medical Men to be a hopeless case, and I was advised to get her to help, as it was all that could save her life. I accordingly applied to Dr. LANKTREE, who told me there was no danger, and in a few days from the commencement of the treatment she had a good night's rest. And at the end of three weeks, I was assured by Dr. Lanktree that she was out of danger, and, in fact, I believe that I owe my wife's life to Dr. LANKTREE's treatment. I feel it my duty to make this public, as a proof of the efficacy of Dr. LANKTREE's Hydropathic Medicines, and I hope that the public will not neglect to avail themselves of the benefits of his treatment, as I believe that my wife would indeed not survive in having been the means of so greatly alleviating the sufferings of a fellow creature.

HOLLOWAY'S OINTMENT.

A MOST MIRACULOUS CURE OF BAD LEGS AFTER 43 YEARS' SUFFERING.

Extract of a letter from Mr. William Calpin, 20, St. Mary's street, Weymouth, dated May 15th 1851:—

To Professor Holloway,

Sir,—My wife (who is now 61) caught a violent cold, which settled in her legs, and for 43 years she had been a sufferer from ulcerated legs, and greatly afflicted. She was so distressed, and so obstinate, that she could not be persuaded to try your Ointment, which I had long recommended, and which I knew from experience, would be the means of her cure. At last, I prevailed upon her to try it, and, to her astonishment, in a few days she was quite well. She had not a pain, and the sores were healed over. I cannot express the gratitude I feel for your invaluable Ointment, which I shall always recommend to my friends, and I hope this will induce others to try it.

I remain, Sir, your obedient servant,
WILLIAM CALPIN.

To Professor Holloway.

Sir,—My child, 15 years of age, was so lame that he was obliged to be carried about on a pillow. He was so bad that he was obliged to be carried about on a pillow. He was so bad that he was obliged to be carried about on a pillow. He was so bad
