GENERAL ADVERTISEMENTS

Godey's Lady's Book
FOR 1852.

INCREASE OF ORIGINAL MATTER!!!

THE LADY'S BOOK for the ensuing year will present many novel features calculated to the diversified wants of the public taste. It has been a leading object of

TO TAKE THE LEAD

among the popular Magazines of the country, and the list of contributors, who have been constantly following—trolling after him in vain—are sufficient to attest his brilliant success. The promptness with which every new idea that he suggests is adopted by others, is a sufficient reason for his not being very explicit and exact in his promises of what is yet to come. He does not wish to lay out plans for others to follow. It is sufficient, however, to say that all the existing popular features of the Lady's Book will be retained, and many new ones, particularly attractive in a Lady's Book and Family Magazine, will be introduced. The useful and the elegant will always be kept in view.

To the Magazines alone we must look for the effusions of the master-minds of Literature. It is useless to publish a list of names—suffice it to say, that we have published articles, and have others to publish, from

ALL THE BEST AMERICAN WRITERS

VERNON.

COPE for January, 1852 will contain in addition to the most beautiful and numerous Engravings—three of which are colored—an additional quantity of reading, by American authors. There is no question about the fact and the sense of thousands of notices that we have from the contemporary press will establish it, that it is

THE MOST MAGNIFICENT PERIODICAL IN THE WORLD!

The publisher will give 12 Nos. for 1852, that the London Arts Union would be proud of, and their price is $10 a-year.

It must be observed that the Lady's Book caters to the taste of the American Ladies. It furnishes them with everything that can interest a Lady—and among others is the following—

GODEY'S RELIABLE FASHION PLATES MONTHLY!

with full descriptions—besides chit chat upon the Fashions every month—giving full explanations of everything new in the Fashionable World.

OUR MODEL COTTAGES.

Another Living Witness of the Hydropathic and Botanic Medicines from CAPTAIN McMASTER.

I WISH to inform the Public, for the good of the afflicted, that I was very unwell with a cough and inflammation of my lungs and chest, which threatened my whole constitution. I spared no cost or trouble to get rid of it, but I got no relief until I was advised to go to DR LANKTREE, of Kingston, when I got his Medicine. It took but a short time, and little cost, until I could again rejoice in the return of my perfect health—thank God.

FRANCIS McMASTER.
Amherst Island, 23d Aug., 1851. 212

SEEING and hearing of so many testimonials for Dr. Lanktree's Medicine, bring me to recollect my duty both to him and the public; for I was some time ago, to the acknowledge of many in this city, given over as an incurable case, with Enlargement of the Heart and Liver Complaint, and was effectually cured by him; also, lately, I was in despair with a Dropsical Swelling, and obtained immediate relief, so that I am now able to do my business well, thank God.

FRANCIS JERVIS.
Kingston, 30th August, 1851. 212

I FIND that I am in duty bound to state to the public far and near, that I was very ill since 1843 with the effects of a hurt, which disabled my chest and spine, in such a way that I became debilitated all over my person, and unfit for any business, but pining away all the time; and hearing of so many persons cured of different complaints by Dr. Lanktree of Kingston, I went to him and by the use of his medicine, and advice as to what food I should use, I can now certify to all that I am fully restored thank God, to my family and perfect health again.

LEONARD SCOTT & CO.

Continue to publish the following British Periodicals, viz:

The London Quarterly Review (Conservative.)
The Edinburgh Review (Whig.)
The North British Review (Free Church.)
The Westminster Review (Liberal.)

AND

Blackwood's Edinburgh Magazine (Tory.)

These Reprints have now been in successful operation in this country for Twenty Years, and their circulation is constantly on the increase notwithstanding the competition they encounter from American periodicals of a similar class and from numerous Eclectic and Magazines made up of selections from foreign periodicals. This fact shows clearly the high estimation in which they are held by the intelligent reading public, and affords a guarantee that they are established on a firm basis, and will be continued without interruption.

Although these works are distinguished by the political shades above indicated, yet but a small portion of their contents is devoted to political subjects. It is their literary character which gives them their chief value, and it is that they stand confessedly far above all other journals of their class. Blackwood, still under the masterly guidance of Christopher North, maintains its ancient celebrity, and is, at this time, unusually attractive, from the serial works of Bulwer and other literary notables, written for that magazine, and first appearing in its columns both in Great Britain and in the United States. Such works as "The Caxtons," and "My New Novel," (both by Bulwer), "My Peninsular Medal," "The Green Hand," and other serials, of which numerous rival editions are issued by the leading publishers in this country, have to be reprinted by these publishers from the pages of Blackwood, after it has been issued by Messrs. Scott & Co., so that Subscribers to the Reprint of that Magazine may always rely on having the earliest reading of these fascinating tales.

BRITANNIA LIFE ASSURANCE
COMPANY.
No. 1 Princes Street, Bank, London.
CAPITAL ONE MILLION.
EMPOWERED BY SPECIAL ACT OF PARLIAMENT
4 Vic. Cap. 9.

THE great success of this Institution in Europe and the numerous Policies, issued by the different Agencies in Canada, evidently show that the advantages of Life Assurance are daily becoming more and more appreciated by those who feel the necessity of making some provision for their families, or securing the amount of debts due by or to them in case of premature death. The rates of the *Britannia* are the lowest which can be offered consistently, with security to the Assured, and the subscriber begs respectfully to invite the attention of the inhabitants of Kingston to the numerous Tables of Rates, specimens of which may be seen at his office.

The income of the Company, independently of the large subscribed Capital, is between Eighty and Ninety Thousand Pounds, Sterling, per Annum, and of this the greatest part is continually accumulating for the payment of losses.

A party effecting an Assurance with this Company, may do so for a fixed sum, payable at his or her death, without participating in the profits, and thereby secure *an immediate Bonus* by not paying more than is absolutely required to provide for the risk—but if participation in profits is preferred by any party, there are "Mutual Tables" adopted by the Company, which offer an annual division of the Profits, and which being supported by the other Branch of the Institution, hold out a very safe and profitable inducement to the person wishing to Assure.

All claims payable within three months after proof of death. No proof of birth is required at the time a claim is made; the age of the Assured being, in every case, admitted in the Policy, cannot, under any circumstances be afterwards called in question. Policies effected by parties on their own lives are not rendered void in case of death by duelling or the hands of justice. In the event of suicide, if the Policy be assigned to a *bona fide* Creditor, the sum assured will be paid without deduction; if the Policy be not assigned the full amount of Premiums received thereon will be returned to the family of the Assured.

The necessary forms and every requisite information, as to the mode of effecting Assurances, may be obtained either by letter or personal application to

GENERAL ADVERTISEMENTS

A few more of the numerous Testimonials for the Hydropathic and Botanic Medicines

I wish to state for the good of all who may be suffering any illness that my wife was dangerously ill last June, with a Sore Breast, which caused her much pain and loss of rest to an alarming extent, so that it appeared there was no help, after getting all the aid I could for her; but on being advised to apply to DR LANKTREE, the first two days for his charge of her, he reduced all the dangerous swelling from her, and removed the Fever she had on that occasion. And a few weeks since, I was affected in my Chest and Head, and I slightly. I let it run on until I was seriously ill with a cough and fever; when upon I was forced to apply to DR. LANKTREE, and by this time she completely recovered in a severe Brain Fever; but I thank God that now, after a few weeks' treatment through his care and unremitting attention, I am new restored.

HOLLOWAY'S OINTMENT.

ALMOST MIRACULOUS CURE OF BAD LEGS, AFTER 43 YEARS' SUFFERING.

Extract of a letter from M. Williams, Cooper, at 70, St Mary's street, Weymouth, dated May 5th 1851:

To Prof. Holloway.

Sir,—At the age of 18 my wife (who is now 61) caught a violent cold, which settled in her legs, and ever since that time they have been in more less sore, and greatly inflamed. Her ankles were quite stiff, and she could hardly move from one place to another. Every remedy that medical men advised was tried, but with no effect; her legs continued severely in the state of their legs was terrible. I had read your Advertisement, and determined to try your Pills and Ointment, and as a last resource after every other remedy had proved useless, she commenced the use of them. In a few weeks she began to mend, and strange to tell, in good health. Her legs are perfectly well, and for years she has not enjoyed such good health. She sleeps sound and undisturbed. Could you have seen her suffering, and my wife curing the last 43 years, and continue them with her previous complaint, to the death, you would indeed be delighted in having been the means of so greatly alleviating the sufferings of a fellow creature. Signed

WILLIAM GALPIN.
